A Great Gift for Citizens of Global States of Peace

Global PEACE Edition:

01 – JUL – 2024

مَنْ أَجَلَ ذَٰلِكَ كَتَبْنَا عَلَىٰ بَنِي إِسْرَٰءِيلَ أَنَّهُ مَن قَتَلَ نَفْسًا بِغَيْرِ نَفْسٍ أَوْ فَسَادٍ فِي
الْأَرْضِ فَكَأَنَّمَا قَتَلَ النَّاسَ جَمِيعًا وَمَنْ أَحْيَاهَا فَكَأَنَّمَا أَحْيَا النَّاسَ جَمِيعًا وَلَقَدْ
جَاءَتْهُمْ رُسُلُنَا بِالْبَيِّنَاتِ ثُمَّ إِنَّ كَثِيرًا مِّنْهُمْ بَعْدَ ذَٰلِكَ فِي الْأَرْضِ لَمُسْرِفُونَ

That is why We ordained for the Children of Israel that whoever takes a life, unless as a punishment for murder or mischief in the land, it will be as if they killed all of humanity; and **whoever saves a life, it will be as if they saved all of humanity**. Although Our messengers already came to them with clear proofs, many of them still transgressed afterwards through the land, (Al_Quraan_005.032).

We are living in the fast moving information age and facing many **CHALLENGES** from all around the Globe including **Man Made Disasters**. Keeping in mind the cultural and religious backgrounds of the people, exclusive kinds of Global literature to **Reform Global Family** along with friendly dialogue and availability on internet for **FREE**, are required to fulfill the main objectives to build **Global States of Peace** to save Global Family and please Allah.

This book “**Globalization for Humanity**” is a brief guide to prepare Global Citizens to face all the modern challenges. It consists of articles **published on some Islaamic Groups** (**Google Groups & Yahoo Groups**)

And withhold yourself with those who call on their Lord morning and evening desiring His goodwill, and let not your eyes pass from them (always yes sir, till they follow the **Quraan**), desiring the beauties of this world's life; and do not follow him whose heart We have made unmindful to Our remembrance, and he follows his low desires and his case is one in which due bounds are exceeded. About Irshad Mahmood Unseen Image

Tariq Khan, Director, Christian-Muslim Forum of Canada
Ex-Group Manager, Nawaiwaqt, Karachi, Pakistan

Liya Jaiay Tujh Say Kaam Insanoun Ki Imamat Ka: There is an invisible image but visible to those who read his articles with a deep understanding. This invisible fellow has written hundreds of articles. Apparently, he is running a DAWAH MISSION. But his mission is not for MUSLIMS but for GLOBAL COMMUNITY of MANKIND. He has named it as GLOBAL RIGHT PATH [not MUSLIMS RIGHT PATH]. Therefore his articles should be read with a global perspective. If done so IRSHAD MAHMOOD true image will become visible. Nowhere in his, articles he has ever claimed anything for his own self but for the selves of the others or collective betterment. My observation is that the participants of the GLOBAL RIGHT PATH do not read the articles of IRSHAD MAHMOOD thinking that therein is nothing but QURAN, ISLAM and MUSALMAN.

Being requested that the friends and fellows kindly revisit the IRSHAD MAHMOOD articles with good eyes and good minds. These articles are like the EDITORIAL for the Group. Due attention is requested. Honest or critical opinions also requested. This special appeal is being submitted on the basis of certain hidden deep requirements. Please understand IRSHAD MAHMOOD. Please discover IRSHAD MAHMOOD. Please recognize IRSHAD MAHMOOD. Looks a shadow is summarizing into a bright image. Please recognize him.

Very Special Thanks to brother Tariq Khan, on always encouraging me (Irshad Mahmood) on promoting GLOBAL COMMUNITY of MANKIND and calling me **Religious Journalist**, far more important person than **Allama Sir Muhammad Iqbal of present time**, also in **2012** he said about me that **thousand times better than** Dr. Israr Ahmed, Dr. Zakir Naik, many Mullahs, mainly due to presenting articles on Globalization issues. Working sincerely for Global Humanity since **1988**, which people may understand in around **20** years or more. Tariq Khan is Director of Christian-Muslim Forum of Canada, Ex-Group Manager, Nawaiwaqt, Karachi, Pakistan, and received many national/international awards including **Government of Japan Journalist of Asia Award**. Many thanks to **Ghulam Yusuf** on appreciation on **24-MAR-2018** after a Nikah Ceremony at Nugget Masjid as “**International Scholar of Islam of 21st Century**”, etc. and above email as well on **17-JUL-2018**.

Many thanks to all for encouraging me personally and giving me nice titles including “**You are an Asset to Ummah**”, “**You have God Gifted Talent**”, etc.

I (Irshad Mahmood) look at the world differently. When I see no major changes are happening around the world to save humanity, no matter what Global Leaders of present time are doing, I feel like they are running highly expensive cars like Ferrari on Super High Way where there is no speed limit, BUT with full hand break on or they are driving in reverse gear, which might ignite fire in the car, that is happening around the globe and humanity is burning ever than before in the beginning of **21st** century. I don't understand why waiting for thousands of years for Jesus, Imaam Mahdi, Avatar etc., when humanity is dying now. When hiring robots and firing people is going on, but robots and machines don't eat apples or oranges etc. So apples farms and oranges farms and their businesses will be bankrupt. A single machine may replace thousands of human but I haven't ever seen any human replacing any of robots or machines.

Global World is going through a Great Turbulence of Global Recession, and Global Poverty and Global Famine is on the rise. Rich are becoming **EXTREMELY** rich and poor are becoming **SEVERELY** poor and are about to die. Perhaps what we have seen so far could be like the tip of an iceberg and the rest would come later.

We must need to be open minded and join together to bring ideas from anywhere i.e. Bible (Old Testament {Torah} + New Testament {Gospel}), Vedas, Bhagavad Gita, Quraan, Sutras, Science, etc. and present it to people to fix Global System to save humanity (to build **Whole New World/Heavenly Earth**).

Think of old time ten organizations in which one thousands of employees working in each organization. Then came industrialization and heavy machinery and robots took places of human. Naturally many of the workers got Layoff and are off the jobs. Initially these Businesses thought that they will save lots of money by Laying off those workers, but did not realize that those were also customers of other industries as well. BUT due to Layoff, they don't have enough money now to buy, so in reality those businesses lost their customers as well by Laying off their employees. This is just a simple example to start understanding the consequences which could be much better if we think about saving the humanity. Yes, industrialization and robotics are very good but if we need to start thinking **DIFFERENTLY** to save the humanity to build Whole New World (Heavenly Earth). There could be many projects we can collectively initiate at Global Level to provide those jobs to these lay off workers. **Remember: Layoff means more Poverty and more Crime, unless Employer must have been provided to lay off people guaranteed alternate options for their survivals. Services cut down at Hospitals means danger to our health, Services cut down at Fire Station or Police means our life/security is in more danger etc.**

People do not have any plant/tree which grows money, since Money does not grow in any plant/tree.

Money (Unlimited Virtual Gold) is not a concern for the Global Recovery, but it is Global System, which needs to be fixed.

It is not the Wealth (Gold or Silver) or Power which could save the Global World from Global Recession. Allah seized Qaroon, Pharaoh, and Hamaan and many more, for their crime against humanity and nothing could save them including their wealth, power or people etc. (Ref: Al_Quraan_029:039). World didn't end there, but even without their wealth and power, it had re-developed.

Thinking locally while living in Global World will not save our Global World.

Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation or Global World. Do not even think to try to re-appoint those who were failed to protect the corruptions in the land.

Locally I am Sorry Globally YES we can Recover Global World with 100% Guaranteed upon FULL support from Global People, Inshaa Allah (by God willing).

I invite you all to join this Great Noble Mission and invite others to join it to save the humanity without any discrimination of religion, race, color, gender, language or nationality etc. If you have better option please share with others. It will be a Great Global Charity to save Global Humanity and Allah will give Great Reward, Inshaa Allah.

I have pointed out many of these issues in many of my Global Articles and provided possible solutions. There is only one solution which is Global, since the world we are living in now has become Global Village. You cannot solve global Issues while still thinking locally. Repeatedly Relying on Same Corrupt or Incompetent Person will NOT Change the Fortune of Global Nation. Do not even think to re-appoint those who were failed to protect corruptions in the land. An Introduction to Globalization

We are living in an era far more dangerous than ever before. A single mistake may ignite world war and wipe out whole humanity in a blink of an eye. Global World is going through a Great Turbulence of Global Recession, Poverty and Famine. What if a buyer country stops buying or a seller country stops selling goods to a buyer and demands to payback full loans first, both country will hit hard by worst economy disasters.

Since last few centuries world is trying to save businesses BUT still failing to protect them, since they are dialing wrong number. They cannot run their businesses without any single customer and forgot that customers are people. Saving a life is like save whole world. A single machine may replace thousands of human BUT not a single human may replace a single machine. Remember: Hiring Robots and Firing People, BUT Robots and Machines don't eat apples or oranges, so apples or oranges farms and their businesses will be bankrupt. Keep in mind: What a Mother will do, if her infant / toddler is crying for milk and she don't have enough money to buy milk for her.

Now on top of Global Poverty and Global Famine we are facing Global Lock-down due Global Pandemic (Corona Virus / COVID19) which has started in December 2019 from Wuhan, China, spread around the Globe and put whole world on stand still. Perhaps what we have seen yet could be like the tip of an iceberg and the rest may come later in different form of Global Pandemic from other parts of the world like Spanish Flu, etc. War is not an option in which economy dies again and again, BUT Love is, which starts from forgiveness.

Thinking locally while living in Global World will not save our Global World. Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change Fortune of Global World. Do not even think to re-appoint those who were failed to protect corruptions in the land. Do not break laws of your regions/states/countries and do not take laws into your own hands. NO CLOSE DOOR MEETINGS & NO HIDDEN SECRET AGENDA to Fix Global World. WORLD HAS ENOUGH TO FEED BUT NOT GREED. Hate Hate NOT Human Love all Human unconditionally.

No human is perfect and NO one alone, nor any country alone can fix Global Poverty and Famine. People do not have any plants/trees which produces money in their backyards. Why Waiting for Saviors for Thousands of Years When Humanity is Dying Now. We are children of Adam and Eve and we are cousin brothers and cousin sisters. Let us join together to Protect our World and build Heavenly Earth without any discrimination of Religion, Race or Ethnic, Caste, Nationality, Language, Gender, Disability, Age etc.

We must need to open our hearts and minds and join together to bring ideas from anywhere, Religious as well as Non-Religious i.e. Modern Scientific Researches, Bible (Old Testament {Torah} + New Testament {Gospel}), Bhagavad Gita, Quraan, Sutras, Vedas, etc. and present/ share it to people on social media for FREE to fix Global System to save humanity and build Whole New World (Heavenly Earth). Keep in mind how our Great Grand Parents Adam & Eve would like to see us in this World and what they would like to give us from whatever is available in this planet in a balance way where everyone has different DNA. How can we join together to build Heavenly Earth?

Please present your articles/lectures on Social Media for FREE, or if you have articles/lectures (NO COPYRIGHT MATERIALS) from scholars, share those on Social Media

for FREE. Keep in Mind: Courtesy and Mutual Respect MUST be Pre-Requisite. Please invite others to join this Great mission to build Heavenly Earth without any discrimination. It will be a Great Global Charity to save Humanity, our children will pray for us and Allah (God) will give Great Reward, Inshaa Allah (by God willing).

Locally I am Sorry BUT Globally YES we can Recover Global World with 100% Guaranteed upon FULL support from all Global People and all Governments around the Globe, Inshaa Allah (by God willing). My Strong Recommendations will be to do more research on these in all Universities around the Globe.

Defensive Driving Tips

<http://dmv.dot.gov.nt.ca/drivers-and-vehicles/driver-training/defensive-driving-tips>

1. **Before you drive, survey your vehicle.** Are your tires at the correct pressure? Are external mirrors set properly? Are there any hazards, such as objects or small children, near your vehicle? Are your windows all clear? Do you have fluid for your windshield washer, and are the wiper blades clean and smooth?
2. **When you drive, pay attention to what is ahead, behind, and beside you.** Be aware of what is **15** to **20** seconds ahead of you, both directly ahead and to the sides, so that you can anticipate everything that may force you to react.
3. **Move your eyes.** When you focus on what is immediately ahead, your peripheral vision is affected, and you start to develop tunnel vision. Instead, regularly move your eyes, and occasionally look toward what is in your peripheral vision, particularly when you are approaching cross streets.
4. **Use your mirrors regularly.** Check your **mirrors** every **five** to **eight** seconds, and know where vehicles behind and beside you are in relation to your vehicle, particularly those that are approaching your blind spot.
5. **Shoulder check every time.** Even if you are sure you know the location of every vehicle beside and behind you, practice shoulder checking before you move to the right or left. The driver beside you may have a different view of how much room there is beside you.
6. **Make connections.** That ball rolling across the road may be followed by a young child. Traffic ahead of you moving into the other lane may mean a lane closure or hazard ahead. A siren may mean an emergency vehicle is coming up behind you. The speeding car on the side street may not stop before crossing your path. The earlier you make a connection between what you see and a potential hazard, the earlier you can safely respond to it.
7. **Wear a seat belt, and secure children and objects in your vehicle.** In the first moments after a collision, you need to focus on keeping control of your vehicle. That's difficult to do if an object behind you has just struck the back of your head. It's impossible when you've been thrown out of the vehicle or through the windshield.
8. **Avoid distractions.** Talking on your cell phone, text messaging, getting into an argument, or even changing the channel on your radio can all take your attention away from what is around you.
9. **Leave plenty of room between you and the vehicle ahead of you.** You should be no closer than **four** seconds behind a **car** or **light truck**, and at least **six** seconds behind a **large commercial vehicle**. Leave even **more time** when the road or weather conditions are poor.
10. **Don't drive in someone else's blind spot.** If they don't see you, they can't avoid you.

Dollar a Day for Humanity

Global World is facing a Global Economic Disaster and needs a Global Revolution. We don't know exact date when Global Poverty and Global Famine started, either hundred years, or five hundred years or thousand years, but for sure we have the solutions in the Quraan, which teaches us to come to the common point without any discrimination of Religion, Race, Sect, Gender, Color, Nationality, Rich, Poor, Young or Old, etc., (Ref: Al_Quraan_002.256, 002.286, 003.064, 005.005, 005.035, 006.132, 013.011, 017.019, 018.029, 020.015, 028.084, 030.022, 042.030, 046.019, 049.013, 053.031, 053.039, 076.003, 091.007-010). It is 100% guaranteed to save the world and to help build our Heavenly Earth. If we truly apply the guidance given by the Quraan, we can re-develop the world through our own Great Global Revolution. In simple terms "NO CHANGES WITHOUT ACTIONS"! It is time now to open our eyes and correct ourselves to serve the humanity in a revolutionized way in the light of Quraan, in which all including Rich & Poor can live safe and sound, since the Quraan gives the true revolutionized guidance to fix the Global System to save Humanity in a balanced way (Ref: Al_Quraan_002:002).

Avoid loans, avoid waste and stop greediness as much as possible by keeping in mind how much is too much to help stabilized the our Heavenly Earth, (Ref: Al_Quraan_009.060, 025.063-067).

Only True Love with Humanity in the light of the Quraan can save Global World with 100% Guaranteed. We must join together to fight against Global Poverty and Global Famine. Plant Fruits and Vegetables etc. in your backyards, on the side of the streets, and parks etc. where ever it is possible and permissible by your governments. If you get more fruits and vegetables etc. than what you need, then share it with your neighbors, Friends and relatives and support following programs from the depth of your heart to fix Global system which is hurting all.

I have not seen a single business person doing very good business without any single customer (customers are human).

A single machine may replace thousands of humans BUT not a single human can ever replace a single machine.

We invite you all for Dollar A Day for Humanity and wherever crisis comes, help them immediately, till we join together to start a New Global System to save humanity, which needs full approval from all around the world, without any donation. Guidelines are in the following link

Education Free Now Protest at Ryerson University TMU

Toronto, ON, Canada on 02-NOV-2016

Locally making Education Free is impossible. Even USA world only Biggest Super Power is having trouble with deficit around 35 trillion dollars in 2024. U.K. has increased their tuition fees enormously and many other countries started raising tuition fees for their local students. There is only one solution which is Global and Globally Education, Health Care and many other things can be made free.

If all the People and all the Government around the Globe join together to make it happen. If not then, appoint others who can make it happen. More Global Students must come forward peacefully. My trust is on them, since new hot blood can build Heavenly Earth for everybody.

Note: All Professional Institutions (Colleges and Universities) must have one Global Standards without any discrimination. All Seats must be balanced (e.g. **10%** International, **10%** National, **10%** Provincial and rest **70%** for local/regional students from each council/electoral region). In case of fewer applicants from International, National or Provincial all available seats must be assigned to Local Students.

If Students have to buy Education, Jobs/Works and Health, THEN once they get in power they will sell whole country.

Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation. Do not think to try to re-appoint those who were failed to protect the corruptions in the land.

Free Speech - Pope Francis

Josephine McKenna in <http://www.religionnews.com>

Pope Francis on free speech: '**You cannot insult the faith of others**'

Josephine McKenna | January 15, 2015

VATICAN CITY (RNS) Pope Francis on Thursday (Jan. 15) condemned last week's terrorist attack on the French satirical weekly Charlie Hebdo but warned **there were limits on freedom of expression**.

Speaking to journalists as he flew from Sri Lanka to the Philippines on a weeklong visit to Asia, the pope said freedom of expression was a "fundamental human right" and stressed that killing in the name of God was an unacceptable "aberration."

"You don't kill in God's name," Francis said.

However the pope, who has made a point of reaching out to Muslims, Jews and other faiths, said **there were limits to self-expression when it involved insulting or ridiculing people's faith**.

"You cannot provoke, you cannot insult the faith of others," he said. **"You cannot make fun of the faith of others."**

By way of example, the pope referred to Alberto Gasparri, who organizes the papal trips and was beside him on the plane.

He said if Gasparri cursed his mother, he could "expect a punch," and at that point he gestured with a fake punch towards him, saying: "It's normal. You cannot provoke. You cannot insult the faith of others. You cannot make fun of the faith of others."

Freedom of expression has remained a hotly contested issue since Islamist terrorists stormed the office of the weekly known for mocking Islam, Judaism and Christianity.

Several cartoonists were killed in the first of three days of terror attacks that rocked France and claimed the lives of 17 victims and three terrorists.

On January 8, 2015 four French imams on a visit to the Vatican issued a statement denouncing the violence and appealing to people whatever their faith to do more to promote a "culture of peace and hope."

MY COMMENTS:

We Muslims highly appreciate this Great Statement by Pope Francis on free speech on January 15, 2015, 'You cannot insult the faith of others', 'You cannot provoke, you cannot insult the faith of others', and 'You cannot make fun of the faith of others'. Freedom of Speech does not mean hurting the feelings of others and NO one should be allowed on bullying or insulting others including others faiths. **There must be an**

International Laws to punish those who insult others faiths which ignites Global Terrorism.

Muslims are First Victims of Global Terrorism, Fanaticism, Fundamentalism, Intolerance, Discrimination and Racism. When others are victims, you hear on the main stream media round the clock **7** days a week, but when Muslims are victims they are hardly presented on the main stream media. When around **40** million Muslims were victims on false accusation of Weapons of Mass Destruction, main stream media hardly covered them except for only few times instead of **400** years, which is totally unjust with Muslim Community and it has become breeding grounds for Criminal Minds. No one is there to wipe off tears of **40** million Muslims and help them re-build. **For few centuries Muslims are being Holocaust, Genocide, Massacre & Ethnic Cleanse till the beginning of 21st century and no one know how long will it continue against them.**

No Muslim is a Muslim if he/she doesn't feel pain/hurt due to Blasphemy of any of the Prophets/Messengers of Allah including Ibrahim (Abraham), Musa (Moses), Isa (Jesus), Dawood (David) and Muhammad (Peace-Be-Upon-Them). **The Quraan suspends the punishment till the Day-of-Judgment by allowing time to repent before his/her deathbed.**

Global Charity

Differences between Rich and Poor, Healthy and Sick, and Donor and Acceptor will always be there for our test. Charities at Individual/Local, National as well as Global level must work as a team to save this planet from Global Poverty, fulfill the commandments of Allah and at the same time get great reward from Allah. Make sure that those who are working for the distribution of Charity must have true love with the humanity and must be a role model for the society (not for high income or any luxury), as an example at present time is Abdul Sitar Edhi (the LEGEND of Pakistan at present time) is one of many, who is sincerely working for the charity without any greediness and is a role model in Pakistan.

<http://www.edhifoundation.com>

It is Global Government's duty to organize, and get from the Rich and feed to Needy in a balance way, in addition to fixing all related issues which are disturbing Global Stability and also it is individuals duty to pay the charity to the poor (Ref: AI_Quraan_009.058-060). Remember! **World has enough to feed but not greed**, but few of major issues which had disturbed the Global Stability are interest based system, alcohol, gambling, supply and demand system and raise in salary by small percentage, on which special deep study is needed (Ref: AI_Quraan_002.278-279, 002.219).

If Allah has given you wealth, help the Needy from your wealth.

If Allah has given you good health, sincerely help those who need assistance.

If Allah has given you the strength, sincerely help those who are week.

If Allah has given you good knowledge, sincerely educate others.

Similarly, if one region is rich in minerals, then others could be rich in oil or gas or foods or even manpower etc. Global System must be balanced by sharing all these resources in a balanced way, otherwise more and more disasters may come in the shape of poverty, and innocent people may not have any choice than come to street violently, since they cannot see their infants crying for milks, foods and other basic needs.

Avoid loans, avoid wastes and stop greediness as much as possible keeping in mind "**HOW MUCH IS TOO MUCH**", to help stabilized the Global World (Ref: AI_Quraan_009.060, 025.063-067).

It is time now to open our eyes and correct ourselves to serve the humanity in the light of Quraan, since the Quraan gives the true guidance to fix the system to save the Humanity in a balanced way (AI_Quraan_002:002).

Allah Never Destroys any Good Nation (Ref: AI_Quraan_011.116-117). Do not turn out people from their homes (Ref: AI_Quraan_002:084). Saving a Life is like Saving the Whole World. (Ref: AI_Quraan_005.032). There is NO Compulsion in Religion. (Ref: AI_Quraan_002:256)

We all need to help as much as we can to build the Global World for the better future for our kids, only then we can hope that our kids will have good fruits of it and will pray for us. Educate yourself including your kids and keep your knowledge up to date according to time, as much as possible without wasting a minute. If you have good knowledge, you must teach others or share with others for free if possible (Ref: AI_Quraan_096.001-005).

If you lend unto Allah a goodly loan, He will multiply it for you and forgive you; and Allah is the Multiplier (of rewards), Forbearing, (Al_Quraan_064.017)

Charities are only for the poor and the needy, and the officials (appointed) over them, and those whose hearts are made to incline (to truth and including those who are confined in the way of Allah) and the (ransoming of) captives and those in debts (including students) and in the way of Allah and the wayfarer; an ordinance from Allah; and Allah is knowing, Wise. (Ref: Al_Quraan_009.060, 002.273).

Global Clock Synchronization

Daylight Saving Time is increasing challenges to science, engineering as well as our body and our life could be in danger.

Health Effects due to Daylight Saving Time:

DST can affect both your body clock and health. Studies show that there is an increase in both heart attacks and road accidents in the days after clocks are set forward one hour in spring.

Setting your clock forward one hour for Daylight Saving Time (DST) could mean losing an hour of sleep on the morning after the change.

Being tired can decrease productivity, concentration, and general well-being. Several studies also link DST to increased risk of heart attacks, road accidents, and sleep problems:

Challenges to Science & Engineering:

Clock synchronization is a problem from computer science and engineering which deals with the idea that internal clocks of several computers may differ. Even when initially set accurately, real clocks will differ after some amount of time due to clock drift, caused by clocks counting time at slightly different rates. There are several problems that occur as a repercussion of clock rate differences and several solutions, some being more appropriate than others in certain contexts.

Economic Impacts:

All of these impacts have economic costs too. An index from Chmura Economics & Analytics, released in 2013, suggests that the cost could be up to \$434 million in the U.S. alone. That's an estimated total of all of the health effects and lost productivity mentioned above.

Other calculations suggest this cost could be up to \$2 billion - just from the 10 minutes twice a year that it takes for every person in the U.S. to change their clocks. (If you calculate 10 minutes per household instead of per person this "opportunity cost" is only \$1 billion.).

Global Clock Synchronization (GPS Clock):

The "LONGITUDE" (abbreviation: Long., λ , or λ) of a point on the Earth's surface is the angle east or west from a reference meridian to another meridian that passes through that point.

The World started going back towards normal one Global Clock Synchronization. Majority of countries never observed Daylight Saving Times. In 2014, Russia left permanent DST and switched to permanent standard time.

Farmers never go with Daylight Saving Times rather they go with Sunrise and Sunset.

It is time now to switch back to one Global Clock Synchronization by leaving permanently Daylight Saving, since it is creating more problems and more unsynchronized world as well as bad for our economy as well as for our health.

Offset for time zones on lands from Coordinated Universal Time (UTC) MUST be set to 30 minutes if not 15 minutes apart instead of a whole number of hours, regardless of boundary of any provinces, states or countries, rather to follow lines of one Global Standard longitudes, keeping in mind that one time zone for a city or village, but provinces, states or countries can have different time zones. Australia, Brazil, Canada, Denmark, France, Indonesia, Kazakhstan, Mongolia, Mexico, New Zealand, Russia, South Africa, Spain, United Kingdom and USA etc. already have multiple time zones in their countries. Time zone in one region will have one standard time, regardless of north or south of equator. E.g. many cities falling in one region of North America (e.g. Canada & USA), Central America (e.g. Dominican Republic) or South America (e.g. Argentina, Bolivia, Brazil & Venezuela) will have one standard time.

Global Community Growth Challenges

For any community to grow, they need to provide right education for their children, but it looks like Global World is moving towards Zero Child Policy which is totally Against Humanity and it is Global Economic Terrorism to kill Humanity. Look at how food prices are skyrocketing as well as educational costs. One might need to take photos of foods as souvenir for future due to possible disappearance of foods.

Every sincere parent wants their children to be like a super star, which needs right education. Many professional studies are extremely expensive and some are super most expensive specially for studying overseas, which many parents cannot afford even for one child. What if someone have clear hope to get approval of loan for overseas study from a bank, since they can afford tuition fee for the first year plus all other expenses, but at the last moment after one year bank refuses since they don't have their own home to show them only jobs. If they could have got clear answer earlier from the bank refusal a year ago then for sure they might not have sent their children at the first place.

Above is just one case but there are many students who are in extreme deep trouble even in Toronto (GTA), Canada who needs lots of help, but what about rest of the world. Many parents cannot afford even for their one child, which looks like we are living in Global World which is moving towards Zero Child Policy which is totally Against Humanity.

Global World needs an immediate Global Revolution for all Students to Get Interest Free Loan for their studies at least if they cannot provide absolutely Free Education. It is time now to open our eyes and correct Global System, in which all including Rich & Poor can live safe and sound and can educate their children.

Only True Love with Humanity can save Global World. We must join together to fight against Global Poverty and Global Famine. Plant Fruits and Vegetables etc. in your backyards, on the side of the streets, and parks etc. where ever it is possible and permissible by your governments. If you get more fruits and vegetables etc. than what you need, then share it with your neighbors, Friends and relatives and support following programs from the depth of your heart to fix Global system which is hurting all.

I have not seen a single business person doing very good business without any single customer (customers are human).

A single machine may replace thousands of humans BUT not a single human can ever replace a single machine.

We invite you all for fixing Global System to save and serve humanity. Guidelines are in the following link

http://www.global-right-path.com/Globalization/G_Global_Downsizing_Shutdown_Lockdown.htm

Global Corrections ignites Global Economic Collapse

Global Corrections may ignite Global Economic Collapse IF not saving Humanity first. Automation is making thousands of human with ZERO income. Take an example of past time, when 1000 people were working in a farm land. Later they started using tractors and other machines, because of which layoff started happening and when comes super fast technology, more and more people were being off the jobs, perhaps they only need 10 people, then what those leftover 990 people will do and what education they need to get jobs. These 990 people were good customers to many businesses while on the job, and now they are not. Same way other businesses started using super fast technology and had laid off many employees, who were customers to many businesses as well, but not anymore. Although you are seeing other new technologies are coming into market, but later slowing down, since they calculated for total population and thinking that everyone has money tree in their backyards, but in reality they don't have, since they have lost their job. Later industries started shutting down followed by banks and Governments as well. With more and more inventions and more and more Super Sonic Fast Robotic Machines, Humans are becoming worthless and are being laid off.

Super fast Technology is exceptionally good for humanity IF those left over (laid off) employees are put onto new projects to support themselves and their families, which is only possible if we work Globally. Students must have debt free education. Extreme Poverty is a breeding ground for Terrorist and Criminal Master Minds can use them. Globally we can fix many things.

A single machine may replace thousands of humans BUT not a single human can ever replace a single machine.

Remember: We are children of Adam and Eve and we are Global Brothers and Global Sisters of a Global Family, (Ref: Al_Quraan_002.030-039, 007.011-025, 015.26-44, 017.61-65, 018.050-051, 020.115-124, 038.071-085).

Allah Never Destroys any Good Nation, (Ref: Al_Quraan_011.116-117). Do not turn out people from their homes, (Ref: Al_Quraan_002:084). Saving a Life is like Saving the Whole World, (Ref: Al_Quraan_005.032). There is NO Compulsion in Religion, (Ref: Al_Quraan_002:256).

Global World is facing a Global Economic Disaster and needs a Global Revolution:

It is not Wealth (Gold or Silver etc.) or Power which can save the Global World. Allah seized Qaroon, Pharaoh, and Hamaan and many more, for their crimes against humanity and nothing could save them, not even their wealth, power, or people, etc., (Ref: Al_Quraan_029:039). The World didn't end there, but it re-developed after a Great Revolution. Those who have never faced poverty may never understand its solution, unless they have really taken Guidance from the Quraan or have gone for intensive training. It is 100% guaranteed to save the world and to help build our Heavenly Earth. If we truly apply the guidance given by the Quraan, we can re-develop the world through our own Great Global Revolution. In simple terms "NO CHANGES WITHOUT ACTIONS"! It is time now to open our eyes and correct ourselves to serve the humanity in a revolutionized way in the light of Quraan, in which all including Rich & Poor can live safe and sound, since the Quraan gives

the true revolutionized guidance to fix the Global System to save Humanity in a balanced way
(Ref: Al_Quraan_002:002).

Global Corruption

Global Corruptions are increasing due to disturbance in the Global system caused by disobeying Allah (Ref: Al_Quraan_030:009-010, 007:096). References in the Quraan are a lot, but I have mentioned few just to let you know that there is real solution in the Quraan (the Book of Guidance for the humanity).

Here I would like to give you one example. See the dogs in the western country, how disciplined are they and not barking at one another compared to third world. Just as a test do one thing. Get 100 dogs and put them on full hunger and thrust for 48 hours and then just give one small piece of meat which is even not enough for a single dog. For sure you will see that they start barking and fighting each other. Same is true when Global people become greedy. Few people get some and rest get nothing, because of that corruption starts there. Now you have already started hearing corruption here and there all around the globe. There is only one solution to come towards Allah by fully practicing the Quraan to stabilize the Global World. Global System must needs to be changed in the light of the Quraan to serve the humanity. Now it is a real EMERGENCY to fix Global System.

Auliyaas and Global Auliyaas are already calling people to come towards Allah by following the Quraan, and now it is people's duty to listen and follow them and make sure to verify them from the Quraan as well.

Before the Global System gets stabilized, everyone needs to work as a team to help each other.

If Allah has given you wealth, help the Needy from your wealth.

If Allah has given you good health, sincerely help those who need assistance.

If Allah has given you the strength, sincerely help those who are weak.

If Allah has given you good knowledge, sincerely educate others.

Similarly, if one region is rich in minerals, then others could be rich in oil or gas or foods or even manpower etc. Global System must be balanced by sharing all these resources in a balanced way, otherwise more and more disasters may come in the shape of poverty, and innocent people may not have any choice than come to street violently, since they cannot see their infants crying for milks, foods and other basic needs.

Avoid loans, avoid wastes and stop greediness as much as possible keeping in mind "HOW MUCH IS TOO MUCH", to help stabilized the Global World (Ref: Al_Quraan_009.060, 025.063-067).

It is time now to open our eyes and correct ourselves to serve the humanity in the light of Quraan, since the Quraan gives the true guidance to fix the system to save the Humanity in a balanced way (Al_Quraan_002:002).

Allah Never Destroys any Good Nation (Ref: Al_Quraan_011.116-117). Do not turn out people from their homes (Ref: Al_Quraan_002:084). Saving a Life is like Saving the Whole World. (Ref: Al_Quraan_005.032). There is NO Compulsion in Religion. (Ref: Al_Quraan_002:256)

We all need to help as much as we can to build the Global World for the better future for our kids, only then we can hope that our kids will have good fruits of it and will pray for us. Educate yourself including your kids and keep your knowledge up to date according to time, as much as possible without wasting a minute. If you have good knowledge, you must teach others or share with others for free if possible (Ref: Al_Quraan_096.001-005).

If you lend unto Allah a goodly loan, He will multiply it for you and forgive you; and Allah is the Multiplier (of rewards), Forbearing, (Al_Quraan_064.017)

Charities are only for the poor and the needy, and the officials (appointed) over them, and those whose hearts are made to incline (to truth and including those who are confined in the way of Allah) and the (ransoming of) captives and those in debts (including students) and in the way of Allah and the wayfarer; an ordinance from Allah; and Allah is knowing, Wise. (Ref: Al_Quraan_009.060, 002.273)

Think of old time ten organizations in which one thousands of employees working in each organization. Then came industrialization and heavy machinery and robots took places of human. Naturally many of the workers got Layoff and are off the jobs. Initially these Businesses thought that they will save lots of money by Laying off those workers, but did not realize that those were also customers of other industries as well. BUT due to Layoff, they don't have enough money now to buy, so in reality those businesses lost their customers as well by Laying off their employees. This is just a simple example to start understanding the consequences which could be much better if we think about saving the humanity. Yes, industrialization and robotics are very good but we need to start thinking DIFFERENTLY to save the humanity to build Whole New World. There could be many projects we can collectively initiate at Global Level to provide those laid off workers. Remember: Layoff means more Poverty and more Crime, unless Employer must have been provided to lay off people guaranteed alternate options for their survivals. Services cut down at Hospitals means danger to our health, Services cut down at Fire Station or Police means our life/security is in more danger etc.

People do not have any plant/tree which grows money, since Money does not grow in any plant/tree.

Money is not a concern for the Global Recovery, but it is the Global System, which needs to be fixed.

It is not the Wealth (Gold or Silver) or Power which could save the Global World from Global Recession. Allah seized Qaroon, Pharaoh, and Hamaan and many more, for their crime against humanity and nothing could save them including their wealth, power or people etc. (Ref: Al_Quraan_029:039). World didn't end there, but even without their wealth and power, it had re-developed.

Locally I am Sorry Globally YES we can Recover Global World with 100% Guaranteed upon FULL support from Global People, Inshaa Allah (by God willing).

I invite you all to join this Noble Mission and invite others to join it to save the humanity without any discrimination of religion, race, color, gender, language or nationality etc.

It will be a Great Global Charity to save Global Humanity and Allah will give Great Reward, Inshaa Allah.

Thinking locally while living in Global World will not save our Global World.

Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation or Global World. Do not even think to try to re-appoint those who were failed to protect the corruptions in the land.

Neither I am a singer nor a poet	Rather an activist for the Whole New World
No one can fix the world alone	Together, we will achieve our Heavenly Goal
NO CLOSE DOOR MEETINGS & NO HIDDEN SECRET AGENDA	
WORLD HAS ENOUGH TO FEED BUT NOT GREED	

Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation. Do not even think to re-appoint those who were failed to protect the corruptions in the land.

Global Counseling

A Key to the success for the United Nations

Communication is getting faster than ever before and so the World is shrinking. Now we are joining together as a Global Family to build the United Nations. We all are coming to join this Global World from many different Backgrounds and Faiths, for which we need Global Counseling, which starts from Local Counseling. Media must Play a Key-Role on joining Global Village, without forcing anyone. Today if you think you are right and start applying forces, then perhaps this will lead to others if they get in power, then they start applying forces, that may make the Global Village like a Hell. For this reason we can take a lesson from the Quraan that there is no compulsion in religion:

"Let there be NO compulsion in Religion (Believe) : Truth stands out clear from error." (Al-Quraan_002:256).

Media MUST Play a KEY-ROLE on Focusing Global World Relationship

Because of Few Persons Crime, Religion or Faith should NOT face Trial

No Religion or Faith allows civilian humiliation

UN must play a special role on time to save the lives of civilian during any conflicts

Great Mistake (I am right):

Generally people learn from their parents and society or sect and he believes that, what he is doing is right. Because of these problems, he is so rigid and never ever thinks to change himself. We must all believe that after all I am a human and might do mistakes over mistakes. There could be three conditions:

- 1> Either I don't know but you know, so I must ask you then.
- 2> Or you don't know but I know, so you must ask me then.
- 3> Or we both don't know but someone else know, so we must ask others who know.

For every machine / program etc., we have manuals. Similarly God did not leave us without any manuals or guidance. Lets see what Allah says in Quraan about them.

Blind Faith:

We can take lessons from the Quraan, on not to be Blindly Believing on Faith:

When they are told to follow the (Revelation) that has sent down, they say: nay, we shall follow the ways that we found our fathers (following). What if it is Satan beckoning them to the Penalty of the (Blazing) Fire? [Al_Quraan_031.021]

Role of the United Nations:

A Policeman or an Audience watching Free Style Wrestling between an Elephant and an Ant.

The United Nations MUST declare what is his Role as the United Nations - A Policeman or An Audience watching Free Style Wrestling between an Elephant and an Ant.

First little analysis on an example: If two persons are fighting on a street, Policeman comes and STOPS the fighting and settles down the situation and both persons go for trial. Police never behaves like an audience watching the fighting. This is the basic rule in all the countries. Police never allows to keep the fighting going on and on till one person has lost his hands and legs and still being butchered.

If United Nations is failed to do so on resolving the conflicts ON-TIME and put the UN Forces between Israel and Lebanon then what is the point on having United Nations and allowing Israel to wipeout Lebanon. This could lead to the Powerful Countries wiping out Weak Countries. Only Talks does not resolve all the issues, for some cases Police goes on EMERGENCY (911) within no time.

Balance of Power:

United Nations must know the Balance of Power among the neighboring Countries. Also NO single country should ever allow to acquire tremendous power which will imbalance the Global World. United Nations must have some tools for the checks and balances.

United Nations Must Increase their Intelligence to Learn the Criminal Minds:

United Nations Must Analyze that "How Far a Criminal Mind Can Go", since the Media is so advanced now that it can create Fictions to prove that he is right, BUT in reality he could be the Main Culprit & Villain. The United Nations Must take full study before taking any actions. In case of wrong action, Once the Truth is known, all the actions on the base of Fictions must be stopped and help must be provided to the victims to re-build. Also strong action must be taken against the Real Criminals. Otherwise Victims may take it as Genocide, Holocaust and Murder against their Nation. United Nations Must take full study on 9-11 Conspiracy. I don't understand why still wrong actions based on false claim are going on against Afghanistan and Iraq and Millions of innocent people including women, children, old and sick people are suffering badly, even after knowing the Truth about 9-11.

Media in our United Nations:

Media can play a key-role on Focusing Global Village in many ways. They should be very careful about the words they use. Use of Wrong Words can Fuel negative Relationships between different Faiths and Cultures. Also they should never think to show Violent Cartoons or Violent Movies, since that may impact the Global World in negative ways.

Media should also Focus more on Building the Bridges between Peoples of Different Faiths, or Cultures. They should also invite them for table talks, this will help to learn from each other. Perhaps every week Media can take a topic and invite scholars of different faiths to talk about that. Every Community might have something good in it. So people can adopt on their own what they think could be the best for them and their societies. This way we can create one of the best society for the United Nations to lead the world and come closer together, like a Global Family and Global Citizen of United Nations.

Global Family of the United Nations: Forgiveness is the Key to the success:

The World is shrinking and becoming a Global Family. I found this as a KEY point in cooling down the mind of others, so always remember and keep reminding, that we are the children of Adam and Eve and we are Cousin Brothers and Cousin Sisters and we are a Global Family in our United Nations.

(All) people are a single nation; so Allah raised prophets as bearers of good news and as warners, and He revealed with them the Book with truth, that it might judge between people in that in which they differed; and none but the people of the book who were given it differed about it after clear arguments had come to them, revolting among themselves; so Allah has guided by His will those who believe to the truth about which they differed and Allah guides whom He pleases to the right path. (Al_Quraan_002.213)

Our Future is our Kids. Our Kids need special attention through hightech education to develop the Peaceful Global Village for our United Nations. In Brief we need an excellent Planning for the Development of Future for the United Nations.

Planning for the United Nations:

There is a Chinese saying:

If you Plan for one year, then Plant Corn.

If you Plan for 30 years, then Plant Trees.

If you Plan for one hundred years, then Plant Human.

Our Global Village needs a concrete plan to love together and live in harmony and dignity. Our Goal should be to save the Global World. The Quraan give guidance on how to save the Global Village.

Saving a Life is like Saving the Whole World. (Ref. Al_Quraan_005.032)

We cannot save Our Global Village if we apply force. Think, if today Capitalist apply force, then tomorrow Communist or Socialist etc. may apply force if they get in power and so our Global Village will become like Hell. Instead it should be with love and prayers for each other after transfer of information. Among any two persons or faith, there will obviously be some differences, so We must pray like, "O' God correct me, if I am wrong, O' God correct others, if others are wrong and O' God correct all of us, if all of us are wrong". AMEEN. Also we should have common laws which respects all faiths and cultures without hurting any of them at least. The Quraan gives guidance to avoid applying forces.

Let there be NO compulsion in Religion (Believe); Truth stands out clear from error (Al-Quraan_002:256)

Unto you your religion (Believe), and unto me my Religion (Believe). (Al_Quraan_109:006)

Politics for the United Nations:

Learning Politics is extremely important to defend all types of challenges. We must include Politics as compulsory subject in our high schools.

Comparative Religion for the United Nations:

Learning different faiths and cultures is the key to come closer. We must include Comparative Religion in the high schools as a compulsory subject. It is the key to the success for Multiculturalism for our United Nations. This way we will have better opportunity to learn from others.

Professional Election for the United Nations:

Globalization may be good BUT we need to PREPARE well before going for it, otherwise it could be another disaster, like Canada had already faced when there were NAFTA agreement and many of the big companies moved to Mexico and here in Canada many people faced jobs losses and it affected badly to Canadian Economy.

Democracy is Blind. BUT if we apply the Quraanic Solution to present Election, it will surely guide us to lead the Global World to build the United Nations.

Are those equal, those who know and those who do not know? (Al_Quraan_039.009)

How come the vote of Great Scholars including Ph.D. scholars are equal to those who don't know how to read and write their name??? Allah says NO.

We need to include Highly Professionalism in Election for the United Nations. A Group of Very Highly Professional and Highly Experienced should be allowed to elect a Candidate for each Ministry within the Group. In an Ideal case, we can have Retired Personnel under the age of 70 years from Top of the Ranks in each group. In an exceptional case we may include those above the age of 50 years. No Ministers will be above 75 years of age unless he is exceptionally fit for it.

Ministry of Defense at Federal Level:

Defense is extremely important, before establishment of any system. We should have up-to-date the techniques to Defend from Land, Air and Sea.

We need to include, All Retired Generals under the age of 70 years from Land Force to Elect 5 Retired Generals under the age of 70 years, similarly equivalent number from Air and Naval Force need to be elected. These 15 members will appoint a Minister among them; in such a way that there will be three periods and a person will be appointed for Minister from each group in turn.

Ministry of Law and Order:

We need to have a Complete System of Law and Order. We will not go for double standard. Instead, we need to go for only one system and no differences will be taken into considerations for a political or non-political prisoners, ruler (head of state) or their people etc.

Retired Judges under the age of 70 years, of the Courts will elect a member among them in each city. These members will finally appoint a Ministry of Law.

People of all Faiths and background will be allowed to practice their faith.

Every single law needs to be review under the light of science and technology which will not hurt the feeling of people of other faiths.

Ministry of Health:

Health of our people is very important. Retired Senior Specialist Doctors under the age of 70 years will elect a member in each city. These members will finally appoint Health Minister.

Ministry of Education:

We need to promote professional education. We also need to promote the use of computers in every field. Every professional course must include Economics as a subject.

Every Retired Dean (Head of University) under the age of 70 years will elect a member in each city. These members will finally appoint Minister of Education.

Other Ministries:

We will apply similar method to appoint Ministers for each possible area.

Future Developments:

We will always need for any future changes. Court will present in the assembly for approval by Prime Minister.

Prime Minister or President:

We will not go for double standard. We will only have Prime Minister. However, Court will have power to terminate the Prime Minister upon valid reason.

Who should be the Ideal Prime Minister of this United Nations?

One, who is Master of Science of Technology as well as Politics. Ideally Retired persons, Master of Politics and Science of Technology under the age of 70 will elect a member in each city. Finally these members will elect a Prime Minister.

Currency (vGold):

Our Currency must be unlimited Virtual Gold (**vGold**). 1 vGold is equivalent to 1 gram of gold similarly of 100 vGold is equivalent to 100 grams of gold. This is also an essential part in our success, since it will help in stabilizing the prices of goods and hence will reduce the rate of inflation.

Tolerance in Joining Nations together to Build the United Nations:

Media, Politics and Planning may cause anxiety or stress, and can sometimes cause Retaliation. Sometimes it is due to Dirty Politics or Dirty Planning or Negative Media coverage, so people retaliate wrongfully. BUT if it comes to religion, or God or his Prophets, it

may cause God's Anger and the World may face Record Breaking Disasters. Since generally people don't care what they are and how they were born BUT people talk wrongly about God, God's anger may cause record breaking disasters.

Does not man see that We have created him from the small drop of seed? Then he turns into an ardent enemy. (Al_Quraan_036.077)

Now the World is getting more and more dangerous - SO - The World May Face More and More Record Breaking Disasters :::>>>

After the Tsunami in South East Asia, Katrina in USA, the Earthquake in Pakistan, Record Breaking Snowfall in Japan, China, and Russia, the Warmest January in Canadian History, and the North East coast of US including New York faced record breaking SnowFall a Great Disaster during the weekend of 11&12-FEB-2006. Who is NEXT? For more information, please read my article on "Disasters: a Test – or – Punishment".

Since Insults to Humans are on the Rise, Insults to Religions are on the Rise and Insults to the beloved Prophets are on the Rise, SO be prepare to face more and more Record Breaking Disasters.

Don't take laws into your own hand, leave that to the State. No Violence. Violence is Hurting our Global Village very badly. It is unjust to hurt any innocents. In any situation the United Nations do not permit you to do unjust. Do not destroy property or burn flags etc. The Quraan gives guidance to be patient.

Remember: There is NO Compulsion in Religion..... (Al_Quraan_002:256)

Surely We revealed the Taurat in which was guidance and light; with it the prophets who submitted themselves (to Allah) judged (matters) for those who were Jews, and the masters of Divine knowledge and the doctors, because they were required to guard (part) of the Book of Allah, and they were witnesses thereof; therefore fear not the people and fear Me, and do not take a small price for My communications; and whoever did not judge by what Allah revealed, those are they that are the unbelievers. (Al_Quraan_005.044)

Always express good character and conduct to all according to the teaching of Islaam.

Making Mockery of Prophets is not new :::>>>

And when they see you, they do not take you for aught but a mockery: Is this he whom Allah has raised to be a messenger? He had well-nigh led us astray from our gods had we not adhered to them patiently! And they will know, when they see the punishment, who is straying farther off from the path. (Al_Quraan_025.041-042)

Thus there did not come to those before them a messenger but they said: A magician or a mad man. Have they charged each other with this? Nay! they are an inordinate people. Then turn your back upon them for you are not to blame; (Al_Quraan_051.052-054)

How to reduce our Anxiety regarding this :::>>>> Things to do :::>>>

And bear patiently what they say and avoid them in a nice manner. (Al_Quraan_073.010)

O you who believe! seek assistance through patience and prayer; surely Allah is with the patient. (Al_Quraan_002.153)

Unto you your religion, and unto me my religion. (Al_Quraan_109.006)

Interfaith-Network for the United Nations:

It is a need to develop Interfaith-Network to integrate into Global Society to build the United Nations and know each other in a better way. One way is to encourage Muslim men to marry women of the people of the book (Christian or Jewish etc. who have Book of God), since Allah already allowed Muslim men to marry to the people of the book, which includes Christens.

Marrying with the Christen Women (those who REGULARLY practice their religion): This is First Step towards Christen-Muslim-Network, similarly with others who have Book of God:

This day are (all) good things made lawful for you. The food of those who have received the Scripture is lawful for you, and your food is lawful for them. And so are the virtuous women of the believers and the virtuous women of those who received the Scripture before you (lawful for you) when ye give them their marriage portions and live with them in honor, not in fornication, nor taking them as secret concubines. Whoso denieth the faith, his work is vain and he will be among the losers in the Hereafter. (Al_Quraan_005.005)

True Christen Believer TEST according to the Quraan:

... You will certainly find the nearest in friendship to those who believe (to be) those who say: We are Christians; this is because there are Priests and Monks among them and because they do not behave proudly. And when they hear what has been revealed to the messenger you will see their eyes overflowing with tears on account of the truth that they recognize; they say: Our Lord! we believe, so write us down with the witnesses (of truth). (Al_Quraan_005.082-083)

Those Christens who take interest on knowing about Islaam could be True Christen Believers, and that could be the first step towards Christen-Muslim-Network as well, BUT Many of the Christens Today could be actually Disbelievers because of not practicing their Religion:

So be careful when marring with the women of the People of the Book, she might be Disbeliever. ONLY Muslim Men are allowed to marry with the women of the people of the book. Every Muslim fully respects all the prophets BUT others do not. A person's feeling gets hurts badly, when someone talks wrong about their parents, BUT it becomes worst, if that is about their Role Model Prophets and God. That could be one of the many reason why Allah did not allowed the other way.

Points to Remember Before Marrying Women of the people of the book:

1> Both must have practically positive attitudes and dedicated to develop peace in the whole world.

2> Both must be allowed to fully practice their religion everywhere including their home without interfering each other and there will be no compulsion on Religion.

3> Foods or Drinks etc. will be allowed inside home on mutual concern ONLY and MUST be discuss before the marriage.

4> Both will be allowed to teach their religion to their kids.

5> Kids will never be forced to adopt any particular religion, rather it will be Kids own choice to adopt any Religion.

Global Crisis & Global Black Hole Solution

One of the Greatest Inventions of all times is Wheel. With more and more inventions and more and more Super Sonic Fast Robotic Machines, Humans are becoming worthless and are being laid off. A single machine may replace thousands of humans BUT not a single human can ever replace a single machine. Robotic World is Killing Humanity and Global Crisis & Global Black Hole are on the rise, since not taking guidance from the Quraan.

Example of Global Crisis & Global Black Hole: Take an example of past time, when 1000 people were working in a farm land. Later they started using tractors and other machines, because of which layoff started happening and when comes super fast technology, more and more people were being off the jobs, perhaps they only need 10 people, then what those leftover 990 people will do and what education they need to get jobs. These 990 people were good customers to many businesses while on the job, and now they are not. Same way other businesses started using super fast technology and had laid off many employees, who were customers to many businesses as well, but not anymore. Although you are seeing other new technologies are coming into market, but later slowing down, since they calculated for total population and thinking that everyone has money tree in their backyards, but in reality they don't have, since they have lost their job. Later industries started shutting down followed by banks and Governments as well and causing Global Crisis & Global Black Hole on the rise.

Super fast Technology is exceptionally good for humanity IF those left over (laid off) employees are put onto new projects to support themselves and their families, which is only possible if we work Globally. Students must have debt free education. Extreme Poverty is a breeding ground for Terrorist and Criminal Master Minds can use them. Globally we can fix many things.

Remember: We are children of Adam and Eve and we are Global Brothers and Global Sisters of a Global Family, (Ref: Al_Quraan_002.030-039, 007.011-025, 015.26-44, 017.61-65, 018.050-051, 020.115-124, 038.071-085).

Allah Never Destroys any Good Nation, (Ref: Al_Quraan_011.116-117). Do not turn out people from their homes, (Ref: Al_Quraan_002:084). Saving a Life is like Saving the Whole World, (Ref: Al_Quraan_005.032). There is NO Compulsion in Religion, (Ref: Al_Quraan_002:256).

Global World is facing a Global Economic Disaster and needs a Global Revolution:

It is not Wealth (Gold or Silver etc.) or Power which can save the Global World. Allah seized Qaroon, Pharaoh, and Hamaan and many more, for their crimes against humanity and nothing could save them, not even their wealth, power, or people, etc., (Ref: Al_Quraan_029:039). The World didn't end there, but it re-developed after a Great Revolution. Those who have never faced poverty may never understand its solution, unless they have really taken Guidance from the Quraan or have gone for intensive training. It is 100% guaranteed to save the world and to help build our Heavenly Earth. If we truly apply the guidance given by the Quraan, we can re-develop the world through our own Great Global Revolution. In simple terms "NO CHANGES WITHOUT ACTIONS"! It is time now to open our eyes and correct ourselves to serve the humanity in a revolutionized way in the light of Quraan, in which all including Rich & Poor can live safe and sound, since the Quraan gives

the true revolutionized guidance to fix the Global System to save Humanity in a balanced way
(Ref: Al_Quraan_002:002).

Global Debt/Loan - A Curse on Humanity

Day by day More & More People are getting into Debt/Loan, which is a Curse on Humanity and there is no cure other than take lessons from the Quraan and make Global People Debt FREE. It is time now to ponder on the Quraan and help the Dying Humanity. Students are suffering very badly from the Worst Global Economic Disasters around the Globe.

At present time many of Global Students are on huge debts, instead of Debt Free like a new born baby, at the beginning of their practical life after completing their education. All governments need to re-analyze their system to make their students Debt Free as much as possible. All Professional Institutions (Schools, Colleges and Universities) must have one Global Standards without any discrimination so that people will be worry free about their kids from getting a low standard education and will not plan to move to new locations which will sure help save their big huge burden otherwise it will be clear discrimination against students of different regions. All Seats must be balanced (**10%** International, **10%** National, **10%** Provincial and rest **70%** for local/regional students). In case of less applications from International, National or Provincial all available seats must be assigned to Local Students.

To take Global World in a right direction to help humanity, we need to be well organized, dedicated and must have clear direction in a Balanced Way and Debt FREE (Ref: Al_Quraan_009.060, 025.063-067), which may not be achieved without taking guidance from the Quraan (the Book of Guidance for the mankind).

Global System must be fixed in a balanced way to overcome Global Instability in the light of the Quraan. It must follow the basic rule to TAX the GREEDY not the NEEDY and TAX on SAVING NOT SPENDING without wasting or over spending. It must ensure that people are not thrown out from their home. Education must be provided to all with internationally recognized high standards for free, which must have good parent-teacher relation. Burden of debt should not be put on students for their studies including professional studies, so that they can concentrate more on study to acquire more knowledge to help the humanity than worrying on how to pay debt. Earnings must be balanced for each skill sets people may have, so that they don't rush to only few skill sets. Special encouragements must be given to those who sincerely and devotedly work hard to help the Global System in a balanced way. Many times top management neglect those who are the foundations of their team and who are working at lower ranks and due to ignorance their morals are down, which might affect productivity. A few from each group must learn Deen to teach others in their society, (Ref: Al_Quraan_009:122).

Global Downsizing-Shutdown-Lockdown Solution

Tsunami of Extremely Bad Global Economy is hurting Humanity and they are FED-UP with present day Global Economy and have lost all hopes, since they are not taking lessons from the Quraan (True Book of Guidance for Whole Mankind). The Quraan has clear guidance to save all humanity (Ref: Al_Quraan, 005:032) and it is up to Human to take lessons from it. When Allah has mentioned in the Quraan about expending Universe (Ref: Al_Quraan, 051:047), you cannot have good economics with fixed budget. When Allah has mentioned in the Quraan that His Wealth is Unlimited (Ref: Al_Quraan_112:001-004), which gives us signs to build Whole New World in Whole New Way and it is absolutely 100% possible if we take guidance from the Quraan and join together without any discrimination of Religion, Race, Sect, Gender, Color, Nationality, Rich, Poor, Young or Old, etc. (Ref: Al_Quraan_010:057, 030:022, 049:013). Together we will Change Our World, not alone (Ref: Al_Quraan_003:064).

Example of Global Downsizing-Shutdown-Lockdown: Take an example of past time, when **1000** people were working in a farm land. Later they started using tractors and other machines, because of which layoff started happening and when comes super fast technology, more and more people were being off the jobs, perhaps they only need **10** people, then what those leftover **990** people will do and what education they need to get jobs. These **990** people were good customers to many businesses while on the job, and now they are not. Same way other businesses started using super fast technology and had laid off many employees, who were customers to many businesses as well, but not anymore. Although you are seeing other new technologies are coming into market, but later slowing down, since they calculated for total population and thinking that everyone has money tree in their backyards, but in reality they don't have, since they have lost their job. Later industries started shutting down followed by banks and Governments as well.

Super fast Technology is exceptionally good for humanity IF those left over (laid off) employees are put onto new projects to support themselves and their families, which is only possible if we work Globally. Students must have debt free education. Extreme Poverty is a breeding ground for Terrorist and Criminal Master Minds can use them. Globally we can fix many things.

Remember: We are children of Adam and Eve and we are Global Brothers and Global Sisters of a Global Family, (Ref: Al_Quraan_002.030-039, 007.011-025, 015.26-44, 017.61-65, 018.050-051, 020.115-124, 038.071-085).

To Protect World from Criminals/Terrorists which is causing Global Poverty and Artificial Global Famine as well, we must understand Criminal Master Minds, and we must need to find the roots of all Crimes, starting from Mother Womb till the Grave. Keep in mind what a NON patience Mother might do, if her child is crying for milk and she don't have enough money to buy milk for her. Remember: When there was a Women Driver with one year child in the back seat killed after car chase from White House to Capitol on 04-OCT-2013 at 2:15 PM:

http://www.washingtonpost.com/politics/police-lock-down-capitol-after-shots-fired/2013/10/03/48459e0e-2c5a-11e3-8ade-a1f23cda135e_story.html

One of the possible reasons could be United States federal government shutdown of 2013 ran from October 1 to October 16, 2013 which had surely affected low income families and small businesses:

http://en.wikipedia.org/wiki/Government_shutdown_in_the_United_States

Breeding grounds for all kinds of Global Terrorism and Global Crimes are Global Poverty and Global Famine, where people are widely available to do anything for little money for their survivals. Master minds can easily find them, twist them including their beliefs/faiths and forcefully use them according to their own desire. Master minds may also create some scenarios by all means including science fictions to fool people to rob the wealth of the world. Master minds may plan for hundreds of years if not thousands of years to rob the wealth of the whole world in stages. Master minds may also fool their citizens, and create scenario to prove that war is inevitable and must have to go for war, but in reality to run their war related businesses and become richer than ever before and again and again, or rob the wealth of others. Many wars in the past were based on lies and fooled their own citizens, e.g. Vietnam War, Gulf War on the issue of Weapons of Mass Destruction in Iraq etc. EBOLA, SARS, AIDS & Chicken Pox etc. could be Biological weapons to wipe out people in other parts of the world as well as creating artificial famine. War is not an option in which economy dies again and again, BUT Love is, which starts from forgiveness as mentioned in the Quraan, (Ref: Al_Quraan_041:035).

If two countries are in conflict/war, it might last a few years/decades including preparation time but other supporting countries economy might boost, since these two might be buying tools etc. from them and later all collapses, while LOVE last much longer as long as they keep loving each other. e.g. if in India alone out of 1.3 billion people, 1 (one) billion people need cell phones right now, at present time all cell phone industries together might not be able to produce it right away. Another example is if situation in the middle-east gets stable, perhaps 1% of 1.5 billion Muslims may be interested every year to visit Baitul-Maqdis (Al-Aqsa) Masjid in Jerusalem, Israel. Think of how much never ending businesses will grow there and how much benefits their local people will get.

The Truth about Truth has three bitters/sours and painful stages:

- 1> Ignorant people make fun of it.
- 2> Ignorant people try to kill the truth. Truth dies when people wage war against each other.
- 3> People eventually accept the truth as being self-evident.

In reality the Truth stands out clear from error and makes you FREE according to the Quraan (Ref: Al_Quraan_002:256) and the Bible (Ref: Bible_John 8:32).

Global World is facing a Global Economic Disaster and needs a Global Revolution:

It is not Wealth (Gold or Silver etc.) or Power which can save the Global World. Allah seized Qaroon, Pharaoh, and Hamaan and many more, for their crimes against humanity and nothing could save them, not even their wealth, power, or people, etc., (Ref: Al_Quraan_029:039). The World didn't end there, but it re-developed after a Great Revolution. Those who have never faced poverty may never understand its solution, unless they have really taken Guidance from the Quraan or have gone for intensive training. It is 100% guaranteed to save the world and to help build our Heavenly Earth. If we truly apply the guidance given by the Quraan, we can re-develop the world through our own Great Global Revolution. In simple terms "NO CHANGES WITHOUT ACTIONS"! It is time now to open our

eyes and correct ourselves to serve the humanity in a revolutionized way in the light of Quraan, in which all including Rich & Poor can live safe and sound, since the Quraan gives the true revolutionized guidance to fix the Global System to save Humanity in a balanced way (Ref: AI_Quraan_002:002).

Below are just few things to keep in mind:

No Customer	-	No Businesses
More Customers	-	More Businesses
Good Customers	-	Good Businesses
Healthy Customers	-	Healthy Businesses

Customers are people and by saving the people we save the businesses, (Ref. AI_Quraan_005.032).

For better services to customers we need better/healthy employee, which means better benefits for employees not benefits cuts. By Laying Off employees means increase in poverty and also increase in crime.

We don't know exact date when Global Poverty and Global Famine started due to Global Terrorism, either hundred years, or five hundred years or thousand years, but for sure we have the solutions in the Quraan, which teaches us to come to the common point without any discrimination of Religion, Race, Sect, Gender, Color, Nationality, Rich, Poor, Young or Old, etc., with 100% Guaranteed and without any compulsion in religion (Ref: AI_Quraan_002.256, 002.286, 003.064, 005.005, 005.035, 006.132, 013.011, 017.019, 018.029, 020.015, 028.084, 030.022, 042.030, 046.019, 049.013, 053.031, 053.039, 076.003, 091.007-010).

Avoid loans, avoid waste and stop greediness as much as possible keeping in mind how much is too much to help stabilized the our Heavenly Earth (Ref: AI_Quraan_009.060, 025.063-067).

Only True Love with Humanity in the light of the Quraan can save Global World with 100% Guaranteed. We must join together to fight against Global Poverty and Global Famine. Plant Fruits and Vegetables etc. in your backyards, on the side of the streets, and parks etc. where ever it is possible and permissible by your governments. If you get more fruits and vegetables etc. than what you need, then share it with your neighbors, Friends and relatives and support following programs from the depth of your heart to fix Global system which is hurting all. Below is a Summary of a Great Unique Breakthrough Plan for Global Poverty and Global Famine:

Global World has to be fixed in phases since there is no magic wand as well as we don't have overnight solutions.

Phase 1> In this phase we together need to save all those people who are badly suffering from Global Poverty and Global Famine. We will Feed them, Shelter them, Educate them and put all of them on Research & Development and make them free from burden on rest of the world as much as possible. For this we must have to use Unlimited Virtual Gold as currency, only for basic survivals NOT for luxury, where a sip of wine or a single smoke will be treated as luxury but not the computer for educations/studies. All Global Students will get totally free educations along with stipends/allowances for their survivals, so that they can fully concentrate on their studies which will help to build Whole New World (Heavenly Earth).

Detail Project Guide Lines (Global Agendas) needs to be developed with full cooperation with all the People and all the government around the world.

Phase 2> Together we need to work on to build Whole New World and find solution to present Global System, so that people from Phase 1 can be re-employed/re-deployed. We will only give suggestions and recommendations from Phase 1, and pray for them, without any force. We will wait forever to fix Global World, even if takes hundreds of years or millions of years, as long as all the People around the world and all the Government around the World allow us to run Phase 1 Globally using Unlimited Virtual Gold as a new currency only for basic survivals including their studies and research and developments around the globe. All prototypes, solutions and suggestions etc. will be totally FREEWARE (no license needed) and will be fully allowed for everyone.

Phase 3> Once Phase 2 is fixed, we can move on for Cosmetics/Luxury etc. to build Heavenly Earth and Sky is the limit. We must make sure that pollution etc. are totally under control.

If you have better plan please share with people around the Globe, otherwise please join together and invite others to join this Great Noble Mission before it gets too late and who knows you could be next in line suffering badly from Global Terrorism. I don't ask any single penny for this in Donations (ZERO Donations) and it is a Unique Global Charity, without asking any donation rather FULL permission from all people and all governments. If Allah asks on the Day of Judgment, I and those who support this can clearly say we have done our best to invite people to support it, but it is on rest of the people and all governments.

I invite you all to join this Unique Great Noble Mission and invite others to join it, to save Humanity from Global Poverty and Global Famine, which will sure gradually reduce Global Crime as well, without any discrimination of religion, race, color, gender, language or nationality etc.

Road Blockers to Humanity are those who do not join it as well as those who do nothing to save Humanity.

Thinking locally while living in Global World will not save our Global World.

Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation or Global World.

Do not even think to try to re-appoint those who were failed to protect the corruptions in the land. Media Must Play an Active Role.

A single machine may replace thousands of humans BUT not a single human can ever replace a single machine.

Global Economic Concept

Global World is going through a Great Turbulence of Economic Downtime at present time.

For all time of past, present or future people need to deal with economics. Unless people get guidance from Allah (God), they may fail sooner or later. As we have seen, many ideologies coming and failing including Muslims who were not following the Quraan as it should be. It is time now to open our eyes and correct ourselves to serve the humanity in the light of Quraan. Since the Quraan is the book of guidance for the mankind from Allah (Al_Quraan_002:002), which is really free from any contradiction and error (Al_Quraan_004:082) at present time.

Allah Never Destroys any Good Nation (Ref: Al_Quraan_011.116-117).
Do not turn out people from their homes (Ref: Al_Quraan_002:084).
Saving a Life is like Saving the Whole World. (Ref: Al_Quraan_005.032)
There is NO Compulsion in Religion. (Ref: Al_Quraan_002:256)

Education:

First thing to teach people that we are all children of Adam and Eve and we are all cousin brothers and sisters, and let us work together and start from the common points. (Ref: Al_Quraan_004.001, 003:064)

Issues:

We need to note down all issues big or small and on case by case method need to analyze it in detail and first start with all those issues which are creating great turbulence in Global Economy, keeping in mind how much is too much.

Two of major issues which is disturbing Global Economy could be interest based system, alcohol, gambling and supply and demand system, on which special deep study is needed (Ref: Al_Quraan_002.278-279, 002.219).

Avoid loans and avoid waste as much as possible to help develop the Global World (Ref: Al_Quraan_009.060, 025.063-067).

We also need help as much as we can to build the Global World for the better future of our kids, only then we can hope that our kids will have the fruits of it and will pray for us. Educate yourself and keep your knowledge up to date according to time, as much as possible without wasting a minute. If you have good knowledge teach others or share with others for free if possible (Ref: Al_Quraan_096.001-005).

Global Governments (United Nations) Duties:

Government must be ready to abandon any laws which might hurt economy of general public, in such a way which helps to move forward by forgiving and forgetting the past BUT taking lessons from the past. They must help their citizens to have up to date education with internationally recognized good high standards on reduced rate if not for free, which must have good parent-teacher relation through homework along with regular meetings after each semesters to discuss the progress. It must follow the basic rule to TAX the GREEDY not the NEEDY.

Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation. Do not think to try to re-appoint those who were failed to protect the corruptions in the land.

Global Economic Solution Introduction

Urgent need to Stabilize the World Globally to Save Humanity from Global Crisis

Global Family Tree

We all are Cousin Brothers & Cousin Sisters
Single Global Currency
Balance the Production Cost

GOLD
GLOBALLY

... **Saving a Life is like Saving the Whole World.** (Ref. Al_Quraan_005.032)
Mission to save the whole world from Disasters

World has enough to feed but not greed: Tax the Greedy NOT the Needy

High Officials and Politicians must be true protector and knowledgeable persons

Also High Officials and Politicians need to have a mandatory one week vacation every year, deductible from their earned vacation, to live in true poverty in that area which they represent, so that they can feel the pain of poor people. They must record their experiences to share with others locally as well as globally. Also they need to have a mandatory one month fasting period, like Muslims do in the month of Ramadan, to feel the pain of hunger; they should only be excused from these practices if they have a valid reason for their excuses, e.g. medical issues.

Remember: In the Current Global Economic Slow Down (Global Recession) during **2007** and onward, cow did not have stopped giving milk, it is human who stopped taking Guidance from the Quraan causing people around the globe suffering very badly.

Educate yourself to face all the present and future challenges. Allah taught us through penmanship, which is not only the old style fountain pens, or pencils, BUT typewriters, printing machines, computers and internet and who knows what could be the future pens (ref: Al_Quraan_096.004).

With the advancement of technology the world has joined together. News from one side of the world quickly spreads to the rest of the world and sometimes it has a big impact on rest of the world as well. Some examples of such events are Global Warming and Global Dimming, natural disasters, and man-made disasters. Ultra Fast communication makes it easy to move

around as well as send goods around the world. This way the world has shrunk and joined as a Global Village and needs a Global Economic Solution to govern the global Society. Muslims already believe in a Global Family since we are all the children of Adam and Eve. Since Global Economics is a vast subject, thorough explanations are needed to fully understand it. In this article I would like to highlight the fundamental points.

Global Family:

The World is shrinking and becoming a Global Family. I found this a KEY point in cooling down the minds of others: so always remember and keep reminding people that we are the children of Adam and Eve and we are Cousin Brothers and Cousin Sisters and we are a Global Family.

And surely We have honored the children of Adam, and We carry them in the land and the sea, and We have given them of the good things, and We have made them to excel by an appropriate excellence over most of those whom We have created. (Al_Quraan_017.070)

(All) people are a single nation; so Allah raised prophets as bearers of good news and as warners, and He revealed with them the Book with truth, that it might judge between people in that in which they differed; and none but the people of the book who were given it differed about it after clear arguments had come to them, revolting among themselves; so Allah has guided by His will those who believe to the truth about which they differed and Allah guides whom He pleases to the right path. (Al_Quraan_002.213)

Natural Disasters making people's life miserable: Is it a Test or Punishment?

The world is fed up with Natural Disasters like Tsunamis, Tornadoes, Hurricanes, Cyclones, Floods, Earthquakes etc., so they need to take concrete steps to overcome and perhaps stop these Natural Disasters from happening again. To do this we need to find the root causes of these disasters, which could be due to three main reasons: either Allah (God) is angry with us or we have polluted the world or Allah is testing us. Allah did not leave human beings alone without help; instead He sent prophets/messengers regularly and again and again, until the last and final prophet/messenger Rasool Allah (Peace-Be-Upon-Him) came, carrying Allah's final message to the mankind. The Quraan is the only book of guidance which helps people understand why disasters occur.

And every nation had a messenger; so when their messenger came, the matter was decided between them with justice and they shall not be dealt with unjustly. (Al_Quraan_010.047)

Whenever We sent a Prophet (Informer / Warner) to a town, We took up its people in suffering and adversity, in order that they might learn humility. (Al_Quraan_007.094)

O you who believe! Obey Allah and His Messenger and do not turn back from Him while you hear. And be not like those who said, We hear, and they did not obey. Surely the worst of animals, in Allah's sight, are the deaf, the dumb, who do not understand. (Al_Quraan_008.020-022)

But why were there not among the generations before you those possessing understanding, who should have forbidden the making of mischief in the earth, except a few of those whom We delivered from among them? And those who were unjust went after what they are made

to enjoy of plenty, and they were guilty. Your Lord never annihilates any community unjustly, while its people are righteous. (Al_Quraan_011.116-117)

Corruption has appeared in the land and the sea on account of what the hands of men have wrought (done), that He may make them taste a part of that which they have done, so that they may return. (Al_Quraan_030.041)

Do men think that they will be left alone on saying, We believe, and not be tried? And certainly We tried those before them, so Allah will certainly know those who are true and He will certainly know the liars. (Al_Quraan_029.002-003)

And We will most certainly try you with somewhat of fear and hunger and loss of property and lives and fruits; and give good news to the patient, Who, when a misfortune befalls them, say: Surely we are Allah's and to Him we shall surely return. Those are they on whom are blessings and mercy from their Lord, and those are the followers of the right course. (Al_Quraan_002.155-157)

Say: I have no power to hurt or benefit myself, save that which Allah willeth. For every nation there is an appointed time. When their time cometh, then they cannot put it off an hour, nor hasten (it). (Al_Quraan_010.049)

And how many a community have We destroyed that was thankless for its means of livelihood! And yonder are their dwellings, which have not been inhabited after them save a little. And We, even We, were the inheritors. (Al_Quraan_028.058)

No nation can outstrip its term nor can they lag behind. (Al_Quraan_015.005)

Then after them We brought forth other generations. No nation can outstrip its term, nor yet postpone it. (Al_Quraan_023.042-043)

Have they not traveled in the land to see the nature of the consequence for those before them? They were more numerous than these, and mightier in power and (in the) traces (which they left behind them) in the earth. But all that they used to earn availed them not. And when their messengers brought them clear proofs (of Allah's Sovereignty) they exulted in the knowledge they (themselves) possessed. And that which they were wont to mock befell them. Then, when they saw Our doom, they said: We believe in Allah only and reject (all) that we used to associate (with Him). But their faith could not avail them when they saw Our doom. This is Allah's law, which hath ever taken course for His bondmen. And then the disbelievers will be ruined. (Al_Quraan_040.082-085)

Have they not traveled in the land and seen the nature of the consequence for those who were before them? They were stronger than these in power, and they dug the earth and built upon it more than these have built. Messengers of their own came unto them with clear proofs (of Allah's Sovereignty). Surely Allah wronged them not, but they did wrong themselves. (Al_Quraan_030.009)

And do not stretch your eyes after that with which We have provided different classes of them, (of) the splendor of this world's life that We may thereby try them; and the sustenance (given) by your Lord is better and more abiding. (Al_Quraan_020.131)

Also, after the Last Prophet/Messenger Rasool Allah (Peace-Be-Upon-Him), Allah put responsibility on the whole Ummah to spread the word of Quraan; some are responsible for Full Time Dawah and the rest for Part Time Dawah:

You are the best of peoples (doing Part Time Dawah), evolved for mankind, enjoining (ordering) what is right, forbidding what is wrong, and believing in Allah. If only the People of the Book had faith, it was best for them: among them are some who have faith, but most of them are perverted transgressors. (Al_Quraan_003.110)

And from among you there should be a party (doing Full Time Dawah like Scholars, Ulemaas, Auliyas) who invite to good and enjoin what is right and forbid the wrong, and these it is that shall be successful. (Al_Quraan_003.104)

Shaitans descend on Disbelievers by luring and tempting them, BUT the Angels are with the True Believers:

Shall I inform you (of him) upon whom the Shaitans descend? They descend on every sinful, false one. SHAKIR: They descend upon every lying, sinful one, They incline their ears, and most of them are liars. And as to the poets, those who go astray follow them. Do you not see that they wander about bewildered in every valley? (Al_Quraan_026.221-225)

(As for) those who say: Our Lord is Allah, then continues in the right way, the angels descend upon them (True Believers), saying: Fear not, nor be grieved, and receive good news of the garden which you were promised. We are your guardians in this world's life and in the hereafter, and you shall have therein what your souls desire and you shall have therein what you ask for: A provision from the Forgiving, the Merciful. (Al_Quraan_041.030-032)

Man-Made Disasters making peoples life miserable: State Terrorism MUST be banned:

The world is also fed up with Man-Made Disasters, including Terrorism which may cause Global Food Crises, Global Warming, Global Dimming, and may trigger more and more record breaking disasters like Cancer and other Miserable Diseases. We must take steps to prevent future man-made disasters and overcome the present ones. Again, to do this, we must find the root cause of these problems, which are due to three main reasons mentioned earlier; either Allah (God) is angry with us or we have polluted the world or Allah is testing us. Keep in mind that if one has treasure, robbers will always be behind him. Capitalism, Socialism, Communism and Religion etc. need to be analyzed in detail to serve humanity in a balanced way, without robbing people. The key point to remember should be to save the lives of people by all means. Food and Shelter are the most important things to sustain life, then comes health and finally security-protecting people from the space, land, and sea. Sometimes raising many little peaceful voices can help save innocent civilians, BUT unfortunately some religions have failed many times to raise their peaceful voice against the cruel sufferings of innocent civilians of other faiths. Many politicians advertise that voting for them will lead to a luxurious lifestyle for everyone BUT either they fail to serve the people due to lack of knowledge of Guidance from the Quraan or they merely fool innocent people. Here I will reiterate: Allah did not leave human beings alone without help; instead He sent prophets/messengers regularly and again and again, until the last and final prophet/messenger Mohammad (Peace-Be-Upon-Him) came, carrying Allah's final message to humans. The Quraan is the only book of guidance which exists to serve and protect people. After Rasool Allah (Peace-Be-Upon-Him), Allah put this responsibility on Muslims to do Dawah with wisdom.

The mutual rivalry for piling up (the good things of this world) diverts you (from the more serious things), Until you come to the graves. (Al_Quraan_102.001-002)

Corruption has appeared in the land and the sea on account of what the hands of men have wrought (done), that He may make them taste a part of that which they have done, so that they may return. (Al_Quraan_030.041)

Even if a Quraan caused mountains to move, or the earth to tear asunder, or the dead to speak (they will not believe). Allah controls all things. Is it not time for the believers to give up and realize that if Allah willed, He could have guided all the people? The disbelievers will continue to suffer disasters, as a consequence of their own works, or have disasters strike close to them, until Allah's promise is fulfilled. Allah will never change the predetermined destiny. (Al_Quraan_013.031)

And whoever turns away from My reminder (message), he will have a miserable life, and We will raise him on the Day of Resurrection, blind. (Al_Quraan_020.124)

And when We wish to destroy a town, We send Our commandment to the people of it who lead easy lives, but they transgress therein; thus the word proves true against it, so We destroy it with utter destruction. And how many of the generations did We destroy after Nuh! and your Lord is sufficient as Knowing and Seeing with regard to His servants' faults. (Al_Quraan_017.016-017)

But why were there not among the generations before you those possessing understanding, who should have forbidden the making of mischief in the earth, except a few of those whom We delivered from among them? And those who were unjust went after what they are made to enjoy of plenty, and they were guilty. Your Lord never annihilates any community unjustly, while its people are righteous. (Al_Quraan_011.116-117)

In the manner of the people of Pharaoh and those before them; they disbelieved in Allah's communications, therefore Allah destroyed them on account of their faults; surely Allah is strong, severe in requiting (evil). This is because Allah has never changed a favor which He has conferred upon a people until they change their own condition; and because Allah is Hearing, Knowing. (Al_Quraan_008.052-053)

Centralization Crisis:

Centralization may create huge chaos if not dealt intelligently. e.g. if all the banks' data are centralized and if there is huge data loss due to some mega disasters, the world may go into the stone age again. An intelligent choice would be to have backups in other places around the globe. Genetic engineering in foods may create problems in the future if not dealt properly and on time. e.g. eggs you can eat but cannot breed to have chicken. Similarly you can eat fruits and vegetables, BUT if you want to plant the seeds from a fruit or vegetable it may not work because it is from genetically modified food, and you have no other choice but to buy special seeds from those who are doing the genetic engineering. Once they get the upper hand, they might start playing with it by increasing the price and you are left with no other choices than buy from them. An intelligent choice would be to plant fruits and vegetable plants instead of other trees in the parks, on the side of streets, and backyards in such a way that they may not fall on houses or other buildings in the case of possible natural disasters to prevent huge financial losses.

Also in centralization in the form of super stores, there is possibility of closing down of small corner variety stores, which lead to create a big burden on general public, which need more transportation and hence increase the pollution. An intelligent choice will be to have price control on major items like rice, flour, sugar, salt and milk etc., so that general public will be able to buy at major items from there, which will reduce their trip to super stores and will help reduce pollution. This will also help general public to reduce their transportation bills. This can only happen if it is fully Government Controlled for the major items only in small Utility Stores / Variety Stores.

Food Crisis:

The world may face a Food Crisis for many reasons, including the greed of people, who refuse to help the needy. It will be a Crime against Humanity if people start using foods for different purposes, i.e. to fulfill their own selfish desires, instead of serving humanity. We can already see the start of the Global Food Crisis.

People should have in-house arrangements to stock in their home with food for maximum of up to seven weeks or one season worth of major foods, while businesses should be able to stock their stores with food for up to maximum of seven months or two seasons worth of these major foods, without burdening on government.

Also there is danger in genetically modified food, due to any possible outbreak which may wipe out certain kind of produce due to bacteria etc., or due to disaster the centralized producer of seeds may collapse.

Government must have major foods (grains like Wheat and Rice, Salt, Sugar, and Dried Chickpeas etc.) in stock for up to seven years at least, if possible for any possible crisis. Lessons can be taken from the story of prophet Yusuf (Peace-Be-Upon-Him) in the Quraan (Ref. Al_Quraan_012:043-050).

Health Crisis:

The world may face a Health Crisis for many reasons, also involving the greed of people. It will be a Crime against Humanity if people start playing with the health and safety of other people.

Japan: The atomic bombings on Hiroshima and Nagasaki were nuclear attacks at the end of World War II against the Empire of Japan by the United States at the order of U.S. President Harry S. Truman on August **6** and **9, 1945**. The bombs killed as many as **140,000** people in Hiroshima and **80,000** in Nagasaki by the end of **1945**. Since then, thousands more died from injuries or illness attributed to exposure to radiation released by the bombs. In both cities, the overwhelming majority of the dead were civilians. The United States were already well on the verge of victory, however, the president chose to involve the innocent civilians of Japan in a sort of human experiment, to test the newly invented nuclear bomb.

Iraq: UK radiation jump blamed on Iraq shells

<http://www.timesonline.co.uk/tol/news/uk/article732523.ece>

From The Sunday Times
February 19, 2006

RADIATION detectors in Britain recorded a fourfold sharp increase in uranium levels in the atmosphere after the “shock and awe” bombing campaign against Iraq, according to a report. Environmental scientists who uncovered the figures through freedom of information laws say it is evidence that depleted uranium from the shells was carried by wind currents to Britain.

Afghanistan: Depleted Uranium Radiation Threatens Canadian Troops in Afghanistan

<http://www.globalresearch.ca/index.php?context=viewArticle&code=20061105&articleId=3704>

Global Research, November 5, 2006
Toronto Star

OTTAWA, In addition to their flak jackets, rifles and helmets, Canada's troops in Afghanistan are carrying another little known piece of protective equipment: radiation meters.

Housing Crisis:

The world may face a Housing Crisis for many reasons, which once again include the greed of people. It will be a Crime against Humanity if people start playing with it for different purposes, instead of serving humanity. We can already see the Global Housing Crisis as more and more people are becoming homeless. The difference between the rich and the poor is increasing dramatically.

To have an Ideal Sweet Home, most of us don't realize the true facts, since we don't do the homework first. We mostly listen to the Media, where the speaker is paid by those who offer the loans. That is a GREAT TRAP. Those who fall into this TRAP, start facing many problems, which include more and more work to payoff debts sooner and more stress being put on their health, which could lead to a life miserable. Having an Ideal Sweet Home also depends on where you live, and many other factors, including your urgency for a home. Generally in the west, it is a GREATLY advised that when the Mortgage Rate is very high, the price of the house is usually very low, and that is the right time to purchase a house BUT make sure to pay a minimum 25% down payment at the time of purchase and pay all the debts as soon as possible. Also keep in mind when you are going to retire. If one is considering buying a house just a few years before his/her retirement, with a very small down payment, that will be GREAT FOOLISHNESS, because after few years he/she will be off the job and will have no extra income to pay off the debt. Also the Government should impose big taxes on people who have extra homes (more homes than the one they are living in) unless it is in a transition period of six months to move to a new home or if they are buying a home for their kids who are above 18 years of age. The Government should also impose a law that no mortgage should be more than 15 years, so that people can try to save some money for their kids' education. Remember those who tell you that there is a Real Islaamic Housing Scheme, which gives you a real interest-free loan, could actually charge you much more than what you might be paying on the interest based system. An intelligent choice could be to go for something which will make you pay your total mortgage, plus other expenses that is much less than the rent you are paying right now, even if the interest rate becomes higher at later stage. The best thing to do, if you can, is to avoid interest based loans. Always remember, no matter what interest based loan can never become Halaal. The Government should have a good policy to support those who don't have their own home to live in; this may help reduce

the production cost as well, since repair and maintenance cost is usually much less than mortgage or rent a home.

And remember We took your covenant (to this effect): Shed no blood amongst you, nor turn out your own people from your homes: and this you solemnly ratified, and to this you can bear witness. (Al_Quraan_002:084).

Energy Crisis:

Energy is the backbone for all nations to succeed. The world may face an Energy Crisis for many reasons, which again include the greed of humans. It will be a Crime against Humanity if people start playing with it for different purposes other than that of serving humanity. We can see that recently the Global Energy Crisis has begun. The government needs to search for Clean Energy Resources, like Dams, Wind Mills, Solar Energy, etc., which wastes very little energy and creates very little or no pollution. People need to support their Government for this good cause to build more Dams, Wind Mills, Solar Energy systems etc. The government must keep in mind the after effects of any step they take before tackling major projects and they must try to minimize human suffering and if necessary, help people relocate for the good of the nation.

The government must be prepared for any consequences due to moving to new direction, e.g. if one is extracting oil from the ground, the side effects could be a massive sinkhole in the ground like what happened in Texas, USA. Fox News Thursday, May 08, 2008.

<http://www.foxnews.com/story/0,2933,354501,00.html>

DAISETTA, Texas; The massive sinkhole, with the crumbling dirt around its edges resembling sharp teeth, had managed to swallow up oil tanks and barrels, tires, telephone poles and several vehicles.

Two Major Crises Creators: Interest Based and Supply & Demand System are the most conniving things for people:

Firstly, the Interest Based System is one of the major Crises Creators for people. Do your homework before falling into this TRAP. If you analyze in detail any interest based loan, including Mortgages, you may find that initially you might be paying around a **90%** interest on your loan. Remember, no loan should be forever. Mortgage should not be for more than **15** years at maximum for a personal home and Education Loans should not be for more than **5** years if it is not for FREE. Government should take special steps to provide reduced tuition fee if not for FREE education up to professional level with good standards to provide youngsters a debt free start to their life to build their country. Low income families must be able to afford condominiums (apartments) at least, and other higher income families should be able to buy houses. The government must take action to help people get interest free loans for their legal and extremely necessary desires, like owning home for their living purposes or education. This will also help reduce the production cost hence increasing job environments. Also if every person owns their fully paid home, then they will naturally go for renovation, that will sure create huge businesses which is good for economy, otherwise many might be on the mercy of landlords who might do unnecessary delay in fixing, mice, bedbugs issue or heating or other necessary issues which might be bad for economy since it slows down it, as well as for tenants suffering badly, which they should not. Also it is unjust for a landlord by charging rents in full and not providing facility on time or not at all. Allah already

warned unjust persons in the Quraan (ref: Al_Quraan_005.044-047). This is just an example, similarly there might be many other business if goes to individual hands instead of Government, then that might also slowdown economy. In simple any businesses which effect general public should be fully government owned to serve the public instead of robbing them. Remember, World has enough to feed but not greed.

O you who believe! Fear God, and give up what remains of your demand for usury (interest), if you are indeed believers. If you do it not, Take notice of war from God and His Apostle: But if you turn back, you shall have your capital sums: Deal not unjustly, and you shall not be dealt with unjustly. (Al_Quraan_002.278-279).

Secondly the Supply and Demand System is a Scam and hurts poor People very badly. The government must come up with a concrete system to balance the prices for all items, thereby helping people by stabilizing the Global Economy. The government must also take notice of HOW MUCH IS TOO MUCH on making profits. If there is one getting tremendous profits, the government must take the extra profits from them and help balance others or invest in other projects.

..... And they ask you as to what they should spend. Say: that which is superfluous (in excess). Thus does Allah make clear to you the communications that you may ponder. (Al_Quraan_002.219).

And others have confessed their faults, they have mingled a good deed and an evil one; may be Allah will turn to them (mercifully); surely Allah is Forgiving, Merciful. Take alms out of their property, you would cleanse them and purify them thereby, and pray for them; surely your prayer is a relief to them; and Allah is Hearing, Knowing. Do they not know that Allah accepts repentance from His servants and takes the alms, and that Allah is the Oft-returning (to mercy), the Merciful? (Al_Quraan_012:043-050).

Charities are only for the poor and the needy, and the officials (appointed) over them, and those whose hearts are made to incline (to truth) and the (ransoming of) captives and those in debts and in the way of Allah and the wayfarer; an ordinance from Allah; and Allah is knowing, Wise. (Al_Quraan_009.060).

Avoid Wasting including Time: Recycling is an intelligent way to save the world from pollution:

And the servants of the Beneficent Allah are they who walk on the earth in humbleness, and when the ignorant address them, they say: Peace. And they who pass the night prostrating themselves before their Lord and standing. And they who say: O our Lord! turn away from us the punishment of hell, surely the punishment thereof is a lasting. Surely it is an evil abode and (evil) place to stay. And they who when they spend, are neither extravagant nor parsimonious, and (keep) between these the just mean. (Al_Quraan_025.063-067)

And give to the near of kin his due and (to) the needy and the wayfarer, and do not squander wastefully. Surely the squanderers are the fellows of the Shaitans and the Shaitan is ever ungrateful to his Lord. (Al_Quraan_026-027)

Help Allah to get Help from Allah:

O you who believe! If you will Help Allah, He will Help you, and plant your feet firmly. (Al_Quraan_047.007)

Allah did not leave us without any guidance. The Quraan is our First Guide, because it is the word of Allah, and after that, those Hadeeths of Mohammad (Peace-Be-Upon-Him), which do not contradict the Quraan and finally Ijtihad in the light of the Quraan and Authentic Hadeeth, by Scholars (Ulema, Auliya), who spend their whole life keeping Islaam alive can be looked to for guidance. These scholars can be from past, present and future as well. We learn with time, similarly a nation learns according to time as well. Previously communication was not fast enough, BUT now we have thousands of books on our computer and in a matter of a few minute, we can access a lot of information through our computers. Allah knows how fast it will be in the future. The World is getting more challenging than ever before, and the effort to save the Ummah and the new coming scholars are huge. BUT Allah has sent Great, Intellectual Scholars (Ulemaas and Auliyas) to keep Islaam alive according to the time. We must respect all the previous, present, and future Scholars and we must be with them and help them establish DEEN, if they are sincerely and peacefully working to establish DEEN. Since Violence is Hurting Islaam very BADLY. And **Remember:** There is NO Compulsion in Religion..... (Al_Quraan_002:256)

And withhold yourself with those who call on their Lord morning and evening desiring His goodwill, and let not your eyes pass from them (always yes sir, till they follow the Quraan), desiring the beauties of this world's life; and do not follow him whose heart We have made unmindful to Our remembrance, and he follows his low desires and his case is one in which due bounds are exceeded. (Al_Quraan_018.028)

Those who, should We establish them in the land, will keep up prayer and pay the poor-rate and enjoin good and forbid evil; and Allah's is the end of affairs. (Al_Quraan_022.041)

O you who believe! obey Allah and obey the Messenger and those in authority (Leader) from among you; then if you quarrel about anything, refer it to Allah and the Messenger, if you believe in Allah and the last day; this is better and very good in the end. (Al_Quraan_004.059)

Allah has promised to those of you who believe and do good that He will most certainly make them rulers in the earth as He made rulers those before them, and that He will most certainly establish for them their religion which He has chosen for them, and that He will most certainly, after their fear, give them security in exchange; they shall serve Me, not associating aught with Me; and whoever is ungrateful after this, these it is who are the transgressors. (Al_Quraan_024.055)

Have you not seen those who assert that they believe in what has been revealed to you and what was revealed before you? They desire to summon one another to the judgment of the Shaitan, though they were commanded to deny him, and the Shaitan desires to lead them astray into a remote error. (Al_Quraan_004.060)

O you who believe! be maintainers of justice, bearers of witness of Allah's sake, though it may be against your own selves or (your) parents or near relatives; if he be rich or poor, Allah is nearer to them both in compassion; therefore do not follow (your) low desires, lest you deviate; and if you swerve or turn aside, then surely Allah is aware of what you do. (Al_Quraan_004.135)

O you who believe! If you help Allah, He will help you and will make your foothold firm. (AlQuraan_047.007)

We will, without doubt, Help our messengers and those who Believe, (both) in this world's life and on the Day when the Witnesses will stand forth, (Al_Quraan_040.051)

Public's Duty:

Avoid loans and avoid waste as much as possible to help develop the country. First we need help as much as we can to build the country for the better future of our kids, only then we can hope that our kids will have the fruits of it and pray for us. Educate yourself and keep your knowledge up to date according to time, as much as possible without wasting a minute. If you have good knowledge teach or share with others for free if possible.

And give to the near of kin his due and (to) the needy and the wayfarer, and do not squander wastefully. Surely the squanderers are the fellows of the Shaitans and the Shaitan is ever ungrateful to his Lord. (Al_Quraan_026-027)

Government's Duty:

Government must be ready to abandon any law which might hurt economy of general public, in such a way which helps to move forward by forgiving and forgetting the past BUT taking lessons from the past.

They must help their citizens to have up to date education on reduced rate if not for free in addition to helping them to have their own home to reduce the production cost.

Their currencies must be issued by Government only, which must be based on living valuables of real wealth, such as Gold and Silver, not the paper base, since anytime paper can be devalued at a rate of paper waste or recycling papers by time by those who control its value.

They must also have major foods (grains like Wheat and Rice, Salt, Sugar, and Dried Chickpeas etc) in stock for up to seven years at least, if possible for any possible crisis in addition to the above mentioned. Lessons can be taken from the story of prophet Yusuf (Peace-Be-Upon-Him) in the Quraan (Ref. Al_Quraan_012:043-050).

They need to provide full security to protect people and they need to take all necessary precautions, hidden or open, since they don't know who could be jealous of their good economy once developed and some robbers may be behind their wealth, including joint team of robbers.

You shall prepare for them all the power you can muster, and all the equipment you can mobilize, that you may frighten the enemies of GOD, your enemies, as well as others who are not known to you; GOD knows them. Whatever you spend in the cause of GOD will be repaid to you generously, without the least injustice. (Al_Quraan_008.060)

To run a Government which really serve and protect their people, it involves huge transactions and so need true security. To fulfill all of these, it needs huge funds, which they can get from balanced economy to get from the rich and feed the poor, i.e. Tax the Greedy NOT the Needy, and also from the produce of land e.g. Water, Fuel, Gas, Minerals, Treasures and all other things which involve public security and safety, including communication. Some of these services must be Essential if it hurts the general public.

United Nations must have enough power to control the Global Economy in the light of Quraan, which really shows clear guidance to serve and protect global people, in a same way Tax the rich country and feed the poor country.

Day light saving time may trigger some to cause anxiety which may trigger dangerous diseases like heart and stroke etc. World need to come together and take an average of winter and summer time to stabilize it permanently, which do not need any changing of time in a region.

None argue concerning the revelations (Ayaat) of Allah BUT those who Disbelieve... (Al_Quraan_040.004)

If Quraan cannot convince you nothing will; open your heart to Allah, because to him will you return and if you haven't gone through the manual (the Quraan) he has sent you and understood it properly, for sure Allah will not like it.

An Urgent Need to Do a Detailed Analysis on Global Economic Solution:

Thanks to Allah who gave me the opportunity to highlight the fundamentals of Global Economic Solution. For a detailed analysis on Global Economic Solutions, we need to work as a team. Institutions need to assign final year projects to graduating students and reports need to be submitted to the Central Institution to recommend to the Government. To work as a team we need Organizing Skills to learn the techniques to reach the audiences, which includes general people as well as rulers. We also need some basic knowledge of Comparative Religion and in depth knowledge of the Quraan, as I already mentioned in Siraat-al-Mustaqeem and Islamic Sharia Law which you can download these from the websites below:

Remember: Allah is watching you and will question you on the Day of Judgment for any single injustice including voting and supporting unjust person:

Repeatedly Relying on the Same Corrupted Person will NOT Change the Fortune of a Country. Do not think to try to re-appoint those who were failed to protect the corruptions in the land.

Please forward this to all including institutions if you can.

<http://www.techrepublic.com/article/chinese-factory-replaces-90-of-humans-with-robots-production-soars>

Global World is facing a Global Economic Disaster which is about to collapse all around the world and **so it needs Global Revolution in an emergency**. After inventing Supersonic Fast Machines and Robots, day by day many people started losing jobs. Before, these people were good customers, but now they don't have enough money and their pockets are torn off, which means many businesses started losing Good Customers. **Privatization without Global Savior System is Crime against Humanity**, and later it falls on Businesses as well and they start downsizing as well as shutting down. Neither can you save it by giving stimulus packages to businesses nor can you save it by giving donations or loans to the businesses. **A**

single machine may replace thousands of humans BUT not a single human can ever replace a single machine.

We don't know exact date when Global Poverty and Global Famine started, either hundred years, or five hundred years or thousand years, but for sure we have the solutions in the Quraan, which teaches us to **come to the common point** without any discrimination of Religion, Race, Sect, Gender, Color, Nationality, Rich, Poor, Young or Old, etc., (Ref: Al_Quraan_002.256, 002.286, 003.064, 005.005, 005.035, 006.132, 013.011, 017.019, 018.029, 020.015, 028.084, 030.022, 042.030, 046.019, 049.013, 053.031, 053.039, 076.003, 091.007-010). **It is 100% guaranteed to save the world and to help build our Heavenly Earth. If we truly apply the guidance given by the Quraan, we can re-develop the world through our own Great Global Revolution.** In simple terms **"NO CHANGES WITHOUT ACTIONS"**! It is time now to open our eyes and correct ourselves to serve the humanity in a revolutionized way in the light of Quraan, in which all including Rich & Poor can live safe and sound, since the Quraan gives the true revolutionized **guidance** to fix the Global System to save Humanity in a balanced way (Ref: Al_Quraan_002:002).

Only True Love with Humanity in the light of the Quraan can save Global World with **100% Guaranteed. We must join together to fight against Global Poverty and Global Famine. Plant Fruits and Vegetables etc. in your backyards, on the side of the streets, and parks etc. where ever it is possible and permissible by your governments.** If you get more fruits and vegetables etc. than what you need, then share it with your neighbors, Friends and relatives and support following programs from the depth of your heart to fix Global system which is hurting all.

We invite you all to start a New Global System to save humanity, which needs full approval from all around the world, without any donation. Guidelines are in the following link. Road Blockers are Those Who don't Support/Promote. Media Must Play an Active Role Regularly on Bringing Good Guys in their Programs for Free.

Global Education

World is changed and now even folk lifting or auto technicians are professionals and students need Professional Education for all disciplines to be successful in their lives around the globe.

To stabilize the Global World, it urgently needs right Education, which may not be without proper Organizing Skills. Presently cost of education is getting higher and higher and is going beyond the reach of students. Global Government needs to take lessons from the Quraan, the Book of Guidance to take out burden from the shoulder of students so that they can concentrate more on education. Only waiving off tuition fee may not help completely but living expenses must be available to the needy as well. Sweden still in **2010** has totally FREE Educations for their citizens and also has scholarships for those students who are regularly passing their exams on time to cover their living expenses. So Swedish are more dedicated to their education and they have many good inventions/contributions to the Global World as well, e.g. Ericson (Mobile), Saab (Vehicle), Volvo (Vehicle), Celsius 100-point thermometer, First Mechanical Calculator, Bicycle with brakes, Tetra Pack, Battery Powered Pace Maker, Artificial Intelligence, Robotics, Mecanum wheel capable to move in any direction and many more.

One of the Peak of Technology can be understand from the story of Prophet Sulayman/Solomon (Peace-Be-Upon-Him) in the Quraan, where a person was capable to bring a throne before the twinkling of an eye, (Ref: Al_Quraan_027.040).

To take the Global World in a right direction to help the humanity, we need to be well organized, dedicated and must have clear direction in a Balanced Way and Debt FREE, (Ref: Al_Quraan_009.060, 025.063-067), which may not be achieved without taking guidance from the Quraan (the Book of Guidance for the mankind).

Difference in Income of Lawyers, Doctors and Other Professionals must be balanced, so that student can choose any discipline of their own choice if available. Deep study is needed for the Global Government to have clear direction to let the students know where there are more requirements. All profession disciplines must have modern Hands-on-Training in addition to regular courses, to train all students to enter the workforce on time.

Global Government must have clear direction to help students to enter the workforce. No high professional student should be leftover at age **25** without any job, other low tech students should be able to enter the workforce at much earlier age. It must establish a system where seniors must be able to train new students.

Remember: It is not the Wealth (Gold or Silver) or Power which could save the people from Global Instability. Allah seized Qaroon, Pharaoh, and Hamaan and many others, for their crime against humanity and nothing could save them including their wealth, power or people etc., (Ref: Al_Quraan_029:039). However world didn't end there, but even without their wealth and power, it had re-developed. Those who never faced real poverty for years may never understand its solution, unless they have really took the Guidance from the Quraan. It is **100%** guaranteed to save the world globally, if we truly apply the guidance from the Quraan.

Global System must be fixed in a balanced way to overcome the Global Instability in the light of the Quraan. It must follow the basic rule to TAX the GREEDY not the NEEDY and TAX on SAVING NOT SPENDING without wasting or over spending. It must ensure that people are not thrown out from their home. Education must be provided to all with internationally recognized high standards for free, which must have good parent-teacher relation. Burdon of debt should not be put on students for their studies including professional studies, so that they can concentrate more on study to acquire more knowledge to help the humanity than worrying on how to pay debt. Earnings must be balanced for each skillsets people may have, so that they don't rush to only few skillsets. Special encouragements must be given to those who sincerely and devotedly work hard to help the Global System in a balanced way. Many times top management neglect those who are the foundations of their team and who are working at lower ranks and due to ignorance their morals are down, which might affect productivity. A few from each group must learn Deen to teach others in their society, (Ref: Al_Quraan_009:122).

Note: All Professional Institutions (Colleges and Universities) must have one Global Standards without any discrimination. All Seats must be balanced (e.g. **10%** International, **10%** National, **10%** Provincial and rest **70%** for local/regional students from each council/electoral region). In case of fewer applicants from International, National or Provincial all available seats must be assigned to Local Students.

Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation. Do not think to try to re-appoint those who were failed to protect the corruptions in the land.

انسانیت کے دشمن – Global Enemy of Humanity

Terrorist are Enemy of Humanity. They don't belong to any religion. They have adopted Terrorism instead of hardworking and they are Open Enemy of Humanity. Time has come today to unite all regardless of any discrimination.

The west have adopted the Truth, and hardworking and lead the world. Now China is leading the world. Now it will be absolutely true to say that "God has made all us and rests are made in China".

Adopt hardworking and simplicity, Allah will help you, Inshaa Allah. China also has adopted hardworking and simplicity. They adopted one cloth, living in one room, under one light and practically became one nation, then left rest of the world far behind and became world biggest country giving loans to others.

دہشتگر انسانیت کے دشمن ہیں - انکا کسی مذہب سے کوئی تعلق ہرگز نہیں ہے - انہوں نے محنت کے بجائے دہشتگری کو ترجیح دی ہے اور یہ انسانیت کے کھلے دشمن ہیں - آج وقت آگیا ہے کہ ساری انسانیت مذہب سے بالاتر ہو کر دہشتگروں کا - مقابلہ کرے

مغرب نے سچ اور شدید محنت کو اپنایا اور دنیا پر غالب آگئے - پھر اب چین دنیا پر چھا گیا - آج یہ کہنا بجا ہو گا کہ اللہ نے جو تخلیق کی اس کہ علاوہ - باقی سب چینوں نے بنایا

سخت محنت اور کیفیت شعاری کو اپنائے تو انشاء اللہ وہ آپ کی ضرور مدد کرے گا - چین نے بھی سخت محنت اور کیفیت شعاری کو اپنایا - ایک کپڑے میں ایک کمرے میں اور ایک چراغ تلے رہ کر اور عملی طور پر ایک قوم بن کر ساری دنیا کو پیچھے چھوڑ دیا اور دنیا کو قرض دینے والا سب سے بڑا - ملک بن گیا

Global Environment

Everybody dreams to have their Ideal Sweet Home, Ideal Sweet Street, Ideal Sweet Town, Ideal Sweet City/Village, Ideal Sweet Province/State, Ideal Sweet Country and Ideal Sweet Global World. It is totally upon the people how they want to decorate it (Ref: Al_Quraan_013:011), which needs big huge budgets. If a person individually tries his best to keep clean his house but the neighbor is having mountain of extremely dirty and stinky garbage, he will not be able to live happily. Same is true for Streets, Town, Cities/Villages, Provinces/States, and Countries. We live in a Global Village and we need to work together for Global Environment very clean by all means. Cancers and many dangerous diseases are spreading due of huge polluted environment around the globe. Global Climates are unbalanced and many parts of the world are having extreme weather, which is destroying their home, businesses etc.

We talk a lot about it but might miss many things. We need to make a list big or small, which is increasing living cost of people as well as increasing burden on government as well. As an example, if smoking is allowed in public places and meeting, not only the person might get sever sick but those who are second hand smoke (never smoked), are getting cancerous disease, which is increasing their cost of living on them, as well as on the government hospital bills. It is good that many developed countries already banned smoking in public places, office building etc., BUT it will be great, if they also ban smoking in all residential areas (buildings, apartments, houses) as well where any single non-smokers lives there specially kids under 18 or sick people who have cancerous, heart or other complex diseases. This will help reduce big hospital expenses, which could be saved.

Global environment gets polluted when people wage wars against others for nothing, as an example when US went on false allegation on Iraq on 19-March-2003 behind weapons of mass destruction, which they never found and destroyed many homes and businesses by bombing depleted uranium bomb in huge numbers which causes increase in radiations enormously causing many cancerous diseases around the middle east region.

Global People must get Hygienically Clean Basic Needs which includes from water, food, clothing and shelters etc.

Animal rights must be observed throughout the Global World, keeping in mind human life has highest priority and some animals are for foods to human.

Plants and Trees rights must be observed throughout the Global World, keeping in mind human life has highest priority and many plants and trees provide foods (fruits, vegetables, herbs etc.) to human.

Lands right must be observed throughout the Global World, keeping in mind human life has highest priority.

Ponds, Rivers and Oceans right must be observed throughout the Global World, keeping in mind human life has highest priority.

Sky/Space right must be observed throughout the Global World in a balanced way, keeping in mind human life has highest priority.

To avoid wars/clashes which pollute Global Environment most, there must be open and fair referendum under International Independent Election Commission. If group of people want separate city, province, state or country etc., they must get it with true love.

First step to do this is to educate people around the world. Media must play an active role on promoting those types of cartoons, movies, dramas, which educate Global People to do their part on environment clean to Heavenly Earth.

We cannot clean our Global Environment unless we forgive each other and work together by helping each other, with true love (Ref: Al_Quraan_041:034).

We must avoid loans, avoid waste and stop greediness as much as possible keeping in mind how much is too much to help stabilized the our Heavenly Earth (Ref: Al_Quraan_009.060, 025.063-067).

We all need to help as much as we can to build our Heavenly Earth for the better future for our kids, only then we can hope that our kids will have the fruits of it and will pray for us. Educate yourself including your kids and keep your knowledge up to date according to time, as much as possible without wasting a minute. If you have good knowledge then teach others or share with others for free if possible (Ref: Al_Quraan_096.001-005).

It is totally impossible to fix Global Environment, when Global Poverty is on the rise, more and more people are being laid off, and prices are sky rocketing. Rich are becoming EXTREMELY rich and poor are becoming SEVERELY poor and are about to die. Perhaps what we have seen so far could be like the tip of an iceberg and the rest would come later. We need to build Whole New World by changing Global System together.

We must need to be open minded and join together to bring ideas from anywhere i.e. Bible (Old Testament {Torah}) + New Testament {Gospel}), Vedas, Bhagavad Gita, Quraan, Sutras, Science etc. and present it to people to fix Global System to save humanity to build Whole New World like Heavenly Earth.

Think of old time ten organizations in which one thousands of employees working in each organization. Then came industrialization and heavy machinery and robots took places of human. Naturally many of the workers got Layoff and are off the jobs. Initially these Businesses thought that they will save lots of money by Laying off those workers, but did not realize that those were also customers of other industries as well. BUT due to Layoff, they don't have enough money now to buy, so in reality those businesses lost their customers as well by Laying off their employees. This is just a simple example to start understanding the consequences which could be much better if we think about saving the humanity. Yes, industrialization and robotics are very good but we need to start thinking DIFFERENTLY to save the humanity to build Whole New World. There could be many projects we can collectively initiate at Global Level to provide those laid off workers. Remember: Layoff means more Poverty and more Crime, unless Employer must have been provided to lay off people guaranteed alternate options for their survivals. Services cut down at Hospitals means danger to our health, Services cut down at Fire Station or Police means our life/security is in more danger etc.

People do not have any plant/tree which grows money, since Money does not grow in any plant/tree.

Money is not a concern for the Global Environment, but it is the Global System, which needs to be fixed.

It is not the Wealth (Gold or Silver) or Power which could save the Global World from Global Recession. Allah seized Qaroon, Pharaoh, and Hamaan and many more, for their crime against humanity and nothing could save them including their wealth, power or people etc. (Ref: Al_Quraan_029:039). World didn't end there, but even without their wealth and power, it had re-developed.

Locally I am Sorry Globally YES we can Recover Global World with 100% Guaranteed upon FULL support from Global People, Inshaa Allah (by God willing).

I invite you all to join this Noble Mission and invite others to joint it to save the humanity without any discrimination of religion, race, color, gender, language or nationality etc.

It will be a Great Global Charity to save Global Humanity.

Thinking locally while living in Global World will not save our Global World.

Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation or Global World. Do not even think to try to re-appoint those who were failed to protect the corruptions in the land.

Neither I am a singer nor a poet	Rather an activist for the Whole New World
No one can fix the world alone	Together, we will achieve our Heavenly Goal
NO CLOSE DOOR MEETINGS & NO HIDDEN SECRET AGENDA	
WORLD HAS ENOUGH TO FEED BUT NOT GREED	

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

Global Family

A Global Bridge for the Global Village

We ALL are children of Adam and Eve and we ALL are Cousin Brothers & Sisters

Think of what Adam & Eve how would like see their Great Grand Children living in Extrem Poverty & Femine or in Heavenly Earth without any discrimination then present/share your ideas

True Friends are not those who come to eat only but run away during your bad times. Rather, true friends are those who sincerely help you and accompany you, doing good deeds with and for you, for your eternal (infinite, future) life as well.

You will certainly find the nearest in love (friendship) to those who believe (to be) those who say: We are Christians; this is because there are priests and monks among them and because they do not behave proudly, (Ref: Al_Quraan_005.082).

The world has enough negativity and it is time to tell the truth to the world to unite as a Global Family and Pray for each other:

O people! be careful of (your duty to) your Lord, Who created you from a single being and created its mate of the same (kind) and spread from these two, many men and women; and be careful of (your duty to) Allah, by Whom you demand one of another (your rights), and (to) the ties of relationship; surely Allah ever watches over you, (Al_quraan_004:001).

Allah Sent Prophets and Messengers as his Love to Humanity all over the World:

(All) people are a single nation; so Allah raised prophets as bearers of good news and as warner, (Ref: Al_Quraan_002.213).

And every nation had a messenger, (Ref: Al_Quraan_010.047)

And We have not sent you (Muhammad) but as a mercy to the worlds, (Al_Quraan_021.107).

We should build a Bridge between different Beliefs:

There is NO Compulsion in Religion, (Ref: Al_Quraan_002:256).

Allah told us to come to the Common Points FIRST, (Ref: Al_Quraan_003:064).

Key to World Unity could be in Sharing Foods and Joining in Marital Relations:

This day (all) the good (Halaal) things are lawful unto you; and the (Halaal) food of the People of the Book is lawful unto you and your food is lawful unto them; and Lawful unto you in marriage are the chaste women from the believers and the chaste women among the People of the Book (including True Jews or Christens Believer Women); when you have given them their dowries (Mahr), taking (them) in marriage, not fornicating nor taking them for paramours in secret; and whoever denies faith, his work indeed is of no account, and in the hereafter he shall be one of the losers, (Al_Quraan_005.005).

In the above verse, Allah clearly allowed Muslim Men on marrying women of people of the book (True Jews or Christens Believer Women, etc.) who believe on one true God, which means we are one Global Family.

Hidden Secret Enemies Might Take Advantage of Our Differences:

What if those Hidden Secret Enemies who have found differences among us and exploited us and now watching our shows of being wiped out. What if after wiping out Muslims, Criminals will turn towards Christens and later Jews etc. as well? Allah allowed Muslim Men on marrying women of people of the book who believe on one true God, which means we are one Family.

Remember: Only Protected Book is the Quraan and all other Books including Hadeeth, Bible, Bhagavad Gita, Vedas, History, etc. are NOT protected by Allah and have many contradictions, errors and causing many deviations among people. The Quraan is the only Book on this Planet Earth, which is being read by many Muslims without understanding, so most of them are not getting true guidance from it.

Global Food Crisis

Global Food Crisis is on the rise due to unbalanced Global System for many reasons. To understand it, let us take an example of “an apple a day keeps doctor away”, but when price started soaring, how can poor afford it and this is happening for all foods, drinks, herbs and medicines etc. as well.

Reason of Soaring Food Prices:

Take an example of a farmer producing apples. To increase his income he need to sell more and more apples, for which he will need to increase its production no matter what. Also he will start using supersonic fast robotic machines and laying off humans, to increase his profitability. A single supersonic fast robotic machine may replace thousands of human, but not a single human can ever replace a single supersonic fact machine, and it is happening in every sector.

Since layoff is on the rise, people will gradually reduce buying apples, which means, apple farmer will have to reduce production at later stage, and increase it price, to have enough savings, so more people will reduce buying apples in return and more prices will increase. You may find little bubbles of reduces price, like in the ocean you see bubbles.

Eventually some farmers will have to shut down their apple industries, since they cannot manage any longer. You already have started seeing many businesses are shutting down.

Danger of Wiping Out Foods, Lifesaving Herbs & Medicines etc.:

There is a great danger that some foods might be wiped out from the world due to not able to make it cost effective and people savings are falling behind due to Bad Global System, or No Global System exists to save humanity at the moment.

Foods may be wiped out from the world due to Bad Global System.
Lifesaving Herbs may be wiped out from the world due to Bad Global System.
Lifesaving Medicines may be wiped out from the world due to Bad Global System.

Let us join together to save Humanity without any discrimination of Religion, Race, Sect, Gender, Color, Nationality, Rich, Poor, Young or Old, etc. (Ref: Al_Quraan_005:032).

Global Forgiveness

Although many have already realized to have one world and presented many documentaries regarding it, which are widely available on internet, however it has been observe that still there are alarming number of people advancing towards point of no return and everybody is pointing five fingers on others, due to lack of Global Tolerance and Global Friendship which cannot be achieved without Global Forgiveness with true repentance and true love.

To stabilize Global System, everyone needs to work as a team to help each other with true justice. It will be totally unfair if a person or a group or a nation forcefully grabs whatever he/she/they can, which might be labeled as Mr. 100 %. Recognizing each and every person/group/sect etc. at all levels is the key to save the global world. Many times those who deserve to be recognized due to their noble efforts are neglected by those who are in power.

It is ok if a person/group/sect/province/country wants separation to have freedom, he/she/they will still be part of global world, since there is no compulsion in religion/beliefs etc., (Ref: Al_Quraan_002:256). Allah has made tribes/nations and no one has right to force others, (Ref: Al_Quraan_007.160, 049.013).

Similarly, it is ok if two or more persons/groups/sects/provinces/countries want to join together and reconcile their thoughts, since there in no compulsion in religion/beliefs etc., (Ref: Al_Quraan_002:256).

For an expanding universe it is necessary to rethink and redevelop our global world. Below are golden advises for better service to the Global Citizens:

If a city's population increases over **7,000,000**, it must be divided into two cities.

If a province's/state's population increases over **30,000,000**, it must be divided into two provinces/states.

If there are large group of people above **7,000,000**, of different faith/believe/sect/language etc. in a province/state, it must be divided into two provinces/states without breaking countries. Cross marriages among different sects is the key to keep them unite.

Governments must support all friendly interfaith dialogues on a regular basis to build Heavenly Earth.

There must be true reflection of presence of all minorities at each level in public and private sectors as well as in defense and in law and order enforcing authorities in a balanced way. Western countries have already started doing justice with their minorities and you will sure find reflections at many levels and Canada is leading the world on this issue to recognize all minorities and their citizens are proud to be called themselves as Canadian.

Avoid loans, avoid wastes and stop greediness as much as possible keeping in mind "HOW MUCH IS TOO MUCH", to help stabilized the Global World (Ref: Al_Quraan_009.060, 025.063-067).

Now it is time to open our eyes and correct ourselves to serve the humanity in the light of Quraan, since the Quraan gives the true guidance to fix the system to serve the Humanity in a balanced way (Al_Quraan_002:002).

Allah Never Destroys any Good Nation (Ref: Al_Quraan_011.116-117). Do not turn out people from their homes (Ref: Al_Quraan_002:084). Saving a Life is like Saving the Whole World. (Ref: Al_Quraan_005.032). There is NO Compulsion in Religion. (Ref: Al_Quraan_002:256)

We all need to help as much as we can to build the Global World for the better future for our kids, only then we can hope that our kids will have good fruits of it and will pray for us. Educate yourself including your kids and keep your knowledge up to date according to time, as much as possible without wasting a minute. If you have good knowledge, you must teach others or share with others for free if possible (Ref: Al_Quraan_096.001-005).

If you lend unto Allah a goodly loan, He will multiply it for you and forgive you; and Allah is the Multiplier (of rewards), Forbearing, (Al_Quraan_064.017).

Forgiveness without Repentance has no Meaning and is like a joke/fun with Allah (God).

Respect all Humans, without any kind of Discrimination of Religion, Race, Sect, Gender, Color, Nationality, Rich, Poor, Young or Old.

Global Ghost Towns on the Rise

Global Ghost Towns are on the Rise & people are losing patience. **One of the Greatest Inventions of all times is Wheel**. With more and more inventions & more and more Super Sonic Fast Robotic Machines, Humans are becoming worthless and are being laid off. Many Towns, Cities, States, Provinces, Countries are becoming Ghost Towns including Super Rich and Super Power Countries.

Type on Google “**List of ghost towns by country**”, you will sure find many.
https://en.wikipedia.org/wiki/List_of_ghost_towns_by_country

For **USA** type “**List of ghost towns in the United States**”
https://en.wikipedia.org/wiki/List_of_ghost_towns_in_the_United_States

For **Canada** type “**Lists of ghost towns in Canada**”
https://en.wikipedia.org/wiki/Lists_of_ghost_towns_in_Canada

For **England** type “**Category:Ghost towns in England**”
https://en.wikipedia.org/wiki/Category:Ghost_towns_in_England

Example of Global Ghost Towns on the Rise: Take an example of past time, when **1000** people were working in a farm land. Later they started using tractors and other machines, because of which layoff started happening and when comes superfast technology, more and more people were being off the jobs, perhaps they only need **10** people, then what those leftover **990** people will do and what education they need to get jobs. These **990** people were good customers to many businesses while on the job, and now they are not. Same way other businesses started using superfast technology and had laid off many employees, who were customers to many businesses as well, but not anymore. Although you are seeing other new technologies are coming into market, but later slowing down, since they calculated for total population and thinking that everyone has money tree in their backyards, but in reality they don't have, since they have lost their job. **Later industries started shutting down followed by banks and Governments as well.**

Superfast Technology is exceptionally good for humanity **IF** those left over (laid off) employees are put onto new projects to support themselves and their families, which is only possible if we work Globally. Students must have debt free education. **Extreme Poverty is a breeding ground for Terrorist and Criminal Master Minds can use them. Globally we can fix many things.**

I have **NOT** seen a single business person doing very good business without any single customer (customers are human).

A single machine may replace thousands of humans BUT not a single human can ever replace a single machine.

We invite you all for fixing Global System to save and serve humanity. **Guidelines are in the following link**

Global Gridlocks Solution

One of the Greatest Inventions of all times is Wheel. With more and more inventions and more and more Super Sonic Fast Robotic Machines, Humans are becoming worthless and are being laid off. A single machine may replace thousands of humans BUT not a single human can ever replace a single machine. Robotic World is Killing Humanity and Global Gridlocks are on the rise, since not taking guidance from the Quraan.

Example of Global Gridlocks: Take an example of past time, when **1000** people were working in a farm land. Later they started using tractors and other machines, because of which layoff started happening and when comes super fast technology, more and more people were being off the jobs, perhaps they only need 10 people, then what those leftover 990 people will do and what education they need to get jobs. These 990 people were good customers to many businesses while on the job, and now they are not. Same way other businesses started using super fast technology and had laid off many employees, who were customers to many businesses as well, but not anymore. Although you are seeing other new technologies are coming into market, but later slowing down, since they calculated for total population and thinking that everyone has money tree in their backyards, but in reality they don't have, since they have lost their job. Later industries started shutting down followed by banks and Governments as well and causing Global Gridlocks on the rise. When world is dependent on those who don't have money to pay their tuition fee, we need to change our world.

Super fast Technology is exceptionally good for humanity IF those left over (laid off) employees are put onto new projects to support themselves and their families, which is only possible if we work Globally. Students must have debt free education. Extreme Poverty is a breeding ground for Terrorist and Criminal Master Minds can use them.

Another example of Global Gridlocks due to Soaring Food Prices:

Take an example of a farmer producing apples. To increase his income he need to sell more and more apples, for which he will need to increase its production no matter what. Also he will start using supersonic fast robotic machines and laying off humans, to increase his profitability. A single supersonic fast robotic machine may replace thousands of human, but not a single human can ever replace a single supersonic fact machine, and it is happening in every sector. Since layoff is on the rise, people will gradually reduce buying apples, which means, apple farmer will have to reduce production at later stage, and increase it price, to have enough savings, so more people will reduce buying apples in return and more prices will increase. You already have started seeing many businesses are shutting down.

Danger of Wiping Out Foods, Lifesaving Herbs & Medicines etc., Due to Global Gridlocks:

There is a great danger that some foods might be wiped out from the world due to not able to make it cost effective and people savings are falling behind due to Bad Global System, or No Global System exists to save humanity at the moment. Foods may be wiped out from the world due to Bad Global System and also Lifesaving Herbs & Lifesaving Medicines may be wiped out from the world due to Bad Global System.

Global World is facing Global Gridlocks and needs a Global Revolution:

It is not Wealth (Gold or Silver etc.) or Power which can save the Global World. Allah seized Qaroon, Pharaoh, and Hamaan and many more, for their crimes against humanity and nothing could save them, not even their wealth, power, or people, etc., (Ref: Al_Quraan_029:039). The World didn't end there, but it re-developed after a Great Revolution. Those who have never faced poverty may never understand its solution, unless they have really taken Guidance from the Quraan or have gone for intensive training. It is 100% guaranteed to save the world and to help build our Heavenly Earth. If we truly apply the guidance given by the Quraan, we can re-develop the world through our own Great Global Revolution. In simple terms "NO CHANGES WITHOUT ACTIONS"! It is time now to open our eyes and correct ourselves to serve the humanity in a revolutionized way in the light of Quraan, in which all including Rich & Poor can live safe and sound, since the Quraan gives the true revolutionized guidance to fix the Global System to save Humanity in a balanced way, (Ref: Al_Quraan_002:002). Globally we can fix many things as mentioned in the following article.

http://www.global-right-path.com/Globalization/G_Global_Downsizing_Shutdown_Lockdown.htm

Let us join together to save Humanity without any discrimination of Religion, Race, Sect, Gender, Color, Nationality, Rich, Poor, Young or Old, etc., (Ref: Al_Quraan_005:032).

Remember: We are children of Adam and Eve and we are Global Brothers and Global Sisters of a Global Family, (Ref: Al_Quraan_002.030-039, 007.011-025, 015.26-44, 017.61-65, 018.050-051, 020.115-124, 038.071-085).

Allah Never Destroys any Good Nation, (Ref: Al_Quraan_011.116-117). Do not turn out people from their homes, (Ref: Al_Quraan_002:084). Saving a Life is like Saving the Whole World, (Ref: Al_Quraan_005.032). There is NO Compulsion in Religion, (Ref: Al_Quraan_002:256).

Why Waiting for Saviors for Thousands of Years When Humanity is Dying Now

Join Us Now to Save Humanity before it Gets Too Late

Global Housing Bubble Killing Industries

Global housing bubble is the economy's biggest Global Risk and its biggest driver for killing many other Industries. All the savings of people are stuck into housing because of which many people are not able to pay their bills or cannot go for home renovation. Many people because of rising values of their homes are now owners of million dollar homes BUT cannot afford to pay their bills or cannot educate their children, etc. Also gradually many people are becoming homeless as well. If one has his/her own home and have enough money, time to time they go for repair/maintenance or renovations, which boosts economy and many industries run because of that but if someone is on rent, he/she requests the landlord who then decides to go for change or wait further, while waiting in turn slows down economy and because of which many industries are dying as well. Global Housing Bubble is a Curse on Humanity. Global System must be fixed to save humanity and no one should have without their own home & no one should be homeless.

Global Hypocrisy Expose Plan

Hypocrites are the Biggest Enemy of Humanity. They hide themselves under shadows of religions. They don't belong to any religions. They have adopted Terrorism under the shadow of religion, and they are the Greatest Enemy of Humanity. Time has come today to unite all regardless of any discriminations and expose all Hypocrites to build Heavenly Earth because their hiding will be disaster for humanity.

منافق انسانیت کے سب سے بڑے دشمن ہیں۔ وہ خد کو مذہب کے سائے میں چھپاتے ہیں۔ انکا کسی مذہب سے کوئی تعلق نہیں ہوتا ہے۔ وہ دہشتگردی کو مذہب کے سائے تلے پروان چڑھاتے ہیں اور وہ انسانیت کے سب سے بڑے دشمن ہیں۔ اب وقت آگیا ہے کہ کسی بھی امتیازی سلوک سے بالاتر ہو کر اور سب ملکر جنت نما زمین بنانے کے لیے منافقوں راز فاش کریں کیونکہ انکا چھپا رہنا انسانیت کے لئے تباہی ہے۔

Global Institutions

To build Whole New World of Heavenly Earth, Institutions must play exceptionally important key role. All Governments must help all Institutions to be transformed into Global Institutions of International Standard.

Presently due to Global Economic downturn which is effecting many of us. All students need special help. To ease their burden, local students need to be given first preferences to get admissions in professional institutions and universities in a balanced way. All Professional Institutions (Colleges and Universities) must have one Global Standard without any discrimination. All Seats must be balanced (e.g. 10% International, 10% National, 10% Provincial and 70% for local/regional students from each council/electoral region). In case of fewer applicants from International, National or Provincial sectors, all available seats must be assigned to Local Students. This will help students to ease their expenses by living with their parents and hence save some their time and money to concentrate more on their education.

Backbone of all Nations:

Backbone of all Nations are Good Mothers. The world is advancing very fast and in this crucial situation, present and future Biological Mothers need to be trained enough to support their own kids, since who can be better than the mothers who help their kids, from their wombs until they grow enough and are trained enough to support themselves and their future families. Future need is always changing and at the present time it is necessary for a mother to be trained in not only feeding babies and changing their diapers but also driving, computers, medicines, and other herbal and home remedies etc. A special Ph.D. degree needs to be developed in all universities to train present and future Biological Mothers, since Good Mothers are Backbone of all Nations. Also after completing this degree, all those mothers who hold this degree need to be given title as Doctor Mother and not just mother.

To take the Global World in a right direction to help humanity, we need to be well organized, dedicated and must have clear direction in a Balanced Way and Debt FREE (Ref: Al_Quraan_009.060, 025.063-067), which may not be achieved without taking guidance from the Quraan (the Book of Guidance for the mankind).

Global Government must have clear direction to help students to enter the workforce. No high professional students should be leftover at age 25 without any job, other low tech students should be able to enter the workforce at much earlier age. It must establish a system where seniors must be able to train new students.

Remember: It is not the Wealth (Gold or Silver) or Power which could save the people from Global Instability. Allah seized Qaroon, Pharaoh, and Hamaan and many others, for their crime against humanity and nothing could save them including their wealth, power or people etc. (Ref: Al_Quraan_029:039). However world didn't end there, but even without their wealth and power, it had re-developed. Those who never faced real poverty for years may never understand its solution, unless they have really took the Guidance from the Quraan. It is 100% guaranteed to save the world globally, if we truly apply the guidance from the Quraan.

Any nation who don't provide their women right education under the boundary limit of the Quraan, true book of guidance may be left far behind in this world and probably on the day of judgment as well.

Those who will support and promote educating women will Inshaa Allah get Great Reward from Allah.

Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation. Do not think to try to re-appoint those who were failed to protect the corruptions in the land.

Global Jihaad/Struggle

People have already heard in **2001** the historic word “Time Is Running Out”, and **2001** was the time when really the time was running out, BUT now in **2010**, “Time Has Already Ran Out”. During the time of prophecy prophets or messengers (Peace Be Upon Them) used to come and tell people to turn towards Allah and follow His commandments, BUT now it is the situation which helps us to understand these, since we already have the Quraan and Authentic Sunnah and Auliyaas and Global Auliyaas are sincerely, devotedly and very humbly preaching to follow the commandments of Allah as mentioned in the Quraan to get success in this life and the hereafter.

Now after **2001** till **2010**, you have already seen more and more record breaking Natural as well as Man made Disasters. They are coming all over the world and one after another. Regardless of Muslims or Christian or others, everyone is suffering badly. Unfortunately non-practicing Muslims are hitting hard and perhaps due to not practicing the Quraan and behaving like, “Reciting the Quraan BUT Practicing Something Else”. It is time to Re-think, Repent and Enter into Islaam Whole-Heartedly.

Disaster gets more and more Killer, after an Informer (Warner {Before Prophets and Messengers (Peace Be Upon Them) and now Auliyaas and Global Auliyaas}) arrives in a town (city / country / Globally). (Ref: Al_Quraan_007.094)

Global World is facing Great instability and everyone is trying to blame others instead of following the Quraan. Even many non-practicing Muslims breaking the boundary limits what Allah has mentioned in the Quraan.

Brief Guideline for Muslim Ummah: Be Careful, Respect All and Be Ready to Forgive Globally.

- 1>** Don't even think to say any bad words to other's God, otherwise it may be disaster for you.
- 2>** Don't even think to break other's Idols, otherwise it may be disaster for you.
- 3>** Don't even think to burn other's Sacred (Holy) Scriptures, otherwise it may be disaster for you.
- 4>** Don't even think to demolish or hurt other's worshiping place, otherwise it may be disaster for you. Instead if they are happily willing to sell then buy them and convert those to Masjids.
- 5>** Don't even think to hurt innocent civilians, women, children, old and sick people, otherwise it may be disaster for you.
- 6>** Peaceful and Non-Violent Rally / Agitation is necessary when any situation arrives, keeping in mind Violence Is Hurting Islaam Very Badly.
- 7>** Prepare Muslim Ummah to forgive all globally, since forgiveness is the Sunnah of Rasool Allah (Peace Be Upon Him), who put a Great Historic Example by forgiving people of Makkah on the Great Historic Day of Forgiveness on the Entry to Makkah. Forgiveness is the key to save the Global World.
- 8>** Muslim women must learn Technologies/Computers to keep the tools/computers ready to help their kids (boys and girls) to learn new technologies to face all the modern challenges.
- 9>** Global Struggle has been imposed on Muslim Ummah to learn and teach Quraanic Arabic for the better understanding of the Quraan to apply the commandments of Allah on them. Every Masjid must arrange to teach Quraanic Arabic for FREE. Every Institution in Muslim Countries must include Quraanic Arabic as a major subject.

Global Struggle has been imposed on Auliyaas and Global Auliyaas to preach the Quraan with true love with the humanity to save the Global World from all kind of Disasters including Global Economic Downturn and Global Recession. Think of if your neighbor gets **30** or **100** feet flood water, you will not be safe as well unless you are truly preaching the Quraan and then there is real hope that Allah may save you although you may get some initial losses and later Allah may reward you back again.

World is crying and Auliyaas and Global Aulayaas must come forward and help us to save this Global World from Global Recession as well to fix the Global Economy in the light of the Quraan and Really Authentic Sunnah, since the whole humanity is suffering badly and saving a life is like save the whole world.

Auliyaas don't foretell, since only Allah alone know the future. (Ref: Al_Quraan_006.050, 007.188). So be with the present time Auliyaas and Global Auliyaas who don't ask any reward (money) for their preaching.

Global Struggle has also been imposed on Muslim Ummah to be with Auliyaas and Global Auliyaas.

And withhold yourself with those who call on their Lord morning and evening desiring His goodwill, and let not your eyes pass from them (always yes sir, till Auliyaas and Global Auliyaas (Mujaddids) follow the Quraan and Really Authentic Sunnah), desiring the beauties of this world's life; and do not follow him whose heart We have made unmindful to Our remembrance (Quraanic Directive), and he follows his low desires and his case is one in which due bounds are exceeded. (Al_Quraan_018.028)

Remember: World has enough to feed but not greed. United Nations must balance the production cost globally. You cannot buy the Whole World from Gold, since Gold is a little tiny part of the Whole World.

If one region is rich in minerals, then other could be rich in oil or gas or foods or even manpower etc. UN must come forward to balance the Global World by sharing all the resources in a balanced way, otherwise more and more disasters may come in the shape of poverty, and innocent people may not have any choice than come to street violently, since they cannot see their infants crying for milk, food and other basic needs.

It is not the Wealth (Gold or Silver) or Power which could save the Global World. Allah seized Qaroon, Pharaoh, and Hamaan and many more, for their crime against humanity and nothing could save them including their wealth, power or people etc. (Ref: Al_Quraan_029:039). World didn't end there, but even without their wealth and power, it had re-developed. Those who never faced real poverty for years may never understand its solution, unless they have really took the Guidance from the Quraan. It is 100% guaranteed to save the world globally, if we truly apply the guidance from the Quraan.

It is time now to open our eyes and correct ourselves to serve the humanity in the light of Quraan, since the Quraan gives the true guidance to fix the system to save the Humanity in a balanced way (Al_Quraan_002:002).

Allah Never Destroys any Good Nation (Ref: Al_Quraan_011.116-117). **Do not turn out people from their homes** (Ref: Al_Quraan_002:084). **Saving a Life is like Saving the**

Whole World. (Ref. Al_Quraan_005.032). **There is NO Compulsion in Religion.** (Ref: Al_Quraan_002:256)

UN needs to note down all issues big or small and needs to analyze it in detail on case by case method and first start with all those issues which had triggered the Great Turbulence of Global Instability.

Few of major issues which had caused the Global Instability are interest based system, alcohol, gambling and supply and demand system, on which special deep study is needed (Ref: Al_Quraan_002.278-279, 002.219).

Avoid loans, avoid waste and stop greediness as much as possible keeping in mind how much is too much to help stabilized the Global World (Ref: Al_Quraan_009.060, 025.063-067).

We all need to help as much as we can to build the Global World for the better future for our kids, only then we can hope that our kids will have the fruits of it and will pray for us. Educate yourself including your kids and keep your knowledge up to date according to time, as much as possible without wasting a minute. If you have good knowledge teach others or share with others for free if possible (Ref: Al_Quraan_096.001-005).

UN must be ready to abandon any laws which might hurt economy of general public, in such a way which helps to move forward by forgiving and forgetting the past BUT taking lessons from the past. It must follow the basic rule to TAX the GREEDY not the NEEDY. Education must be provided to all with internationally recognized good high standards on reduced rate if not for free, which must have good parent-teacher relation.

Muhammad (Peace Be Upon Him) is a Role Model for the whole World (Ref: Al_Quraan_033.021)

And We have not sent you (Muhammad {Peace Be Upon Him}) but as a MERCY (and LOVE) to the whole worlds. (Al_Quraan_021.107)

Repeatedly Relying on the Same Corrupt and Incompetent Person will NOT Change the Fortune of a Nation. Do not even think to re-appoint those who were failed to protect the corruptions in the land.

Global Kids Reform

Our Kids are Not Ours, rather **Hijacked** by current bad world economics. Every Kid's right to have someone look after him/her since the day he/she is conceived. There is none but Mother who performs this duty 24/7, which Allah put on her heart and fully prepare her to do so. To fulfill her duty, she needs full support from child's father (financial as well as moral), who is like sun which is hot, but in his absence life is very dark. Allah asks us to respect our parents, who always thinks goods about us, dreams about us, prays for us and fully devoted their lives for us to succeed, (Ref: Al_Quraan_004:036, 017:023, 017:024, 019:012-014, 019:030-032, 031:014-015).

But because of present day Man made Bad Global Economy, **Mothers are taken away from their children**, and **Kids are suffering the most**, I don't have words to explain it, as tears are in my eyes inside my heart for our Global Kids.

Because of man made soaring prices, single income is not enough to raise family and Mothers are taken away from their children.

If a Female is well educated, she can take care her kids in a better way, and help them do their homework and if she knows driving as well, she can pickup and drop-off her kids. Females are after all Human beings and they may get sick, so some of them must be Good Doctors and Nurses. To teach Female Doctors and Nurses, some Females must be Good Teachers as well. **In Brief you cannot have a well decent and educated society without educated Females**. If Females are left behind then it will lead the society poor and backwards. If Women are left uneducated the whole race may be left uneducated. Female is the principal part in a family's success.

To educate **Future Mothers** to turn their **Future Kids** into **Super Kids**, we need a Great Global Team Work, this way we will be able to save Humanity as well and change our world into Heavenly Earth.

Let us join together to save Humanity without any discrimination of Religion, Race, Sect, Gender, Color, Nationality, Rich, Poor, Young or Old, etc. (Ref: Al_Quraan_005:032).

Global Labour Day (01-MAY)

Labour Day is being observed on different days around the world. Around **90%** of people observe on **01-May** while the rest observed it on different days. In USA and Canada, it is observed on first Monday of September.

Global World is moving very fast and many things need to be organized, synchronized, reorganize, fix and also start new projects for the better future of Global World. It is time now to synchronize all to have one unified Global Labour Day on **01-MAY** each year.

01-May was chosen to be International Workers' Day in order to commemorate the **04-May-1886** Haymarket affair in Chicago. The police were trying to disperse a public assembly during a general strike for the eight-hour workday, when an unidentified person threw a bomb at the police. The police responded by firing on the workers, killing four demonstrators.

Ref: https://en.wikipedia.org/wiki/International_Workers%27_Day

In **1889**, a meeting in Paris was held by the first congress of the Second International, following a proposal by Raymond Lavigne which called for international demonstrations on the **1890** anniversary of the Chicago protests. May Day was formally recognized as an annual event at the International's second congress in **1891**. [citation needed] Subsequently, the May Day Riots of **1894** occurred. The **1904** International Socialist Conference in Amsterdam called on "all Social Democratic Party organizations and trade unions of all countries to demonstrate energetically on the First of May for the legal establishment of the 8-hour day, for the class demands of the proletariat, and for universal peace." The congress made it "mandatory upon the proletarian organizations of all countries to stop work on **1 May**, wherever it is possible without injury to the workers."

Global Economy is hitting hard on each and every person on this planet. We must joint together with True Love with Humanity to save Global World. I have not seen a single business person doing very good business without any single customer (customers are human). Always remember, **if there is No Customer then there is No Businesses**.

A single machine may replace thousands of humans BUT not a single human can ever replace a single machine.

We invite you all for fixing Global System to save and serve humanity. Guidelines are in the following link

Global Lives Matter

Killing of Humanity is going on, sometimes and somewhere in slow motion while other time and other places in fast motion. Aboriginal Lives Matters, Atheist Lives Matters, Black Lives Matters, Buddhist Lives Matters, Chinese Lives Matters, Christians Lives Matters, Hindus Lives Matters, Jewish Lives Matter, Muslims Lives Matters, White Lives Matters and in simple term Globally Lives Matter without any discrimination of Religion, Race, Color, Gender, Language, Nationality, etc.

Global Agenda on Holocausts and Genocide:

Let us join together and stand firmly without any discrimination of Religion, Race, Color, Gender, Language, Nationality, etc. on No More Holocausts & No More Genocide, Nether in Fast Motion like Jewish had faced during Second World War in the past & Nor in Slow Motion like Aboriginal, Atheist, Black, Buddhist, Chinese, Christians, Hindus, Jewish, Muslims, White, etc. are facing now.

Islaam never permits to hurt or hate anyone regardless of any discrimination.

No Muslim is Muslim if he/she hurts Innocent Civilians, Hospitals, Worshiping Places and Institutions etc. regardless of any discrimination. Islaam never permits to capture others land or wiping out others either in Slow Motion in steps like Palestinians are being wiped out or at once in Fast Motion like Holocaust or Genocides of Jewish at one time during Second World War, NO fighting for land.

Forgiving is the key to start with, BUT it must be true forgiving, not like forgiving now then wiping out next and then again forgiving and wiping out again. In this case it will be hidden secret agenda to wipeout minority or weak and oppressed.

In current situation, independent & unbiased true human loving UN forces must help to ease the tensions around, otherwise there is no use of UN and it must be dissolved then.

We cannot accept any more Massacre/Genocide/Holocaust etc., of **99.9%** of Innocent Human Suffering because of **0.1%** Terrorists around the Globe. **We condemn all kinds of individual & State Terrorism.**

We have seen when people of Papua New Guinea raised voices, within few years UN went there and made an independent state for them from Indonesia, while there are many Muslims around the world are badly suffering for several decades and are being wiped out due to their hidden secret agenda, in which Palestine and Kashmiris and many others are the worst and no such help to bring peace in the region and still they don't have internationally recognized independent state.

The United Nations must be ready to abandon any laws which might hurt economy of general public, in such a way which helps to move forward by forgiving and forgetting the past BUT also taking lessons from the past. It must follow the basic rule to TAX the GREEDY not the NEEDY. Free Education must be provided to all with internationally recognized good/high standards, which must encourage good parent-teacher relations.

World has enough to feed but not for greed. The United Nations must balance the production costs globally in relation to Gold (currency). You cannot buy the Whole World with Gold, since Gold is a little tiny part of the Whole World.

Save Global People regardless of any discrimination of Religion, Race, Color, Gender, Language, Nationality, etc. It will sure help Saving Businesses with **100%** Guaranteed.

Let us join together to build Whole New World with True Love and Mercy for all Humanity without of any discrimination of Religion, Race, Color, Gender, Language, Nationality, etc.

There will be No Close Door Meetings and No Hidden Secret Agenda, and where Global Lives Matter.

Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation. Do not even think to re-appoint those who were failed to protect the corruptions in the land.

Global Moon Sighting

Celebration of Eid and starting of Ramadaan has become a BIG Joke in the Global Muslim World, who are widely divided and celebrating their Eid, or starting their Fasting on **2 to 3** different days. Don't forget that there is only one Sun, one Earth and its one Moon. Thanks to Allah, Fridays are not decided by moon sightings otherwise it could be real mess.

This is a Critical Issue. We need to remember that on the Day of Eid, Fasting is prohibited (Haraam). So we need to understand it with True and Sincere Love for Allah and with a broad mind.

Also keep in mind that the very First Global Lailatul Qadr was according to one Global Islaamic Calendar from Maghrib till Fajir in Makkah for the whole world, who are sharing same night with Makkah and the Day of Arafah 9th Dhil Hajj who are sharing same day with Makkah, at the time of Hajj is to unite the Muslim Ummah on one Global Islaamic Day, for only one thing: the Love for Allah alone on one Global Day of Arafah, i.e. 9th Dhil-Hajj Globally by sharing same day like sharing Friday globally.

Those who are Sharing Same Night with Kabah, Makkah must celebrate their Eid and Ramadaan same together, (Ref: Al_Quraan_097.005). Global Moon sighting must be observed around Makkah. At the time of Magrib (Sunset) in Makkah then people in the far east, who have not yet started their Fajir time, are sharing the same night. Also before time of Fajir at Makkah people on the far west, who have started their Maghrib (Sunset) time, are sharing the same night. Remember: Kabah in Makkah is Center of the Earth.

We may never Unite Muslim Ummaah, if we celebrate Eid/Ramadaan etc. on different days and also have different Worshipping Methods in this modern age with advanced technology. We must acknowledge all Muslims around the Globe.

We have seen, I am Right, you are right, we all are right. BUT it didn't work and Ummaah is being butchered for centuries. The Great Mistake of a human is that "I am Right" (**100%** correct). If he is right, it is very good, BUT if he is wrong then it is WORST and he will never ever correct himself and might go to hell forever.

One must keep in his mind is that he could be wrong at some point and so he always needs to keep getting good knowledge by Listening to all BUT following the truth.

Allah already mentioned the solution of moon sighting in the Quraan very CLEARLY that it MUST be according to Makkah Islaamic Calendar globally depending upon Very First Visible Birth of the Moon near the House of Allah (Kabah) for the whole world, NOT according to any other specific region/area/house/ or backyard, and we must take guidance from the Quraan to perform Hajj for all Muslims around the Globe and not very specific to one region, do fasting in the month of Ramadaan and celebrate Eid, GLOBALLY and follow one Makkah Islaamic Calendar globally in the light of Quraan (book of guidance), (Ref: Al_Quraan_002.189, 003.096, 006.096, 010.005).

They ask you (Muhammad {Peace be Upon Him}) about the (visible) phases of the moon! Say, They provide a timing device for the Global People, and Determine the Time of HAJJ (in Makkah for the whole world Globally), and it is not righteousness that you should enter the houses by back doors, but righteousness is this that one should guard (against evil); and go

into the houses by their (main) doors and be careful (of your duty) to Allah, that you may be successful, (Al_Quraan, { Surah Al-baqara} 002.189).

In the above verses Allah is clearly mentioning that the Phase of the Moon is to Determine the Time of HAJJ and Do Not create your personal calendar, rather build one unified Global Islaamic Calendar which must follow Makkah Islaamic Calendar.

Remember: Before the advancement of modern technological when communication was very slow even in Saudi Arabia different cities could have been celebrating Eid and Ramadan at different days like in Pakistan Muslims observing Eid and Ramadan on three different days still at the beginning of 21st Century. Universe is expending as per the Quraan (Ref: Al_Quraan.051:047) and thanks to Allah by the advancement of modern communication we can use modern tools like telescope for more accuracy and we already have very accurate data for moon sightings in Makkah, we can inform rest of the world in advance and celebrate Eid, Ramadaan etc., Globally according to Makkah Islaamic Calendar, regardless of whether in the far east in India, Pakistan, Bangladesh, Japan, China, Malaysia, Indonesia or Australia or New Zealand etc., people have not seen the crescent moon or in the far west in North America (USA, Canada or Mexico etc.) and South America (Brazil, Argentina, Peru, Chile etc.), **WE MUST FOLLOW MAKKAH AND OBSERVE MAKKAH ISLAAMIC CALEDER** for Global Muslims Unity. Yes we must use modern technology to observe Moon Sighting in around Kabaah in Makkah the first Qibla and the first House of Allah, since any modern technology which benefits humanity is Halaal, and we must announce it using modern technology as well.

Also keep in mind it will be hard to see the crescent moon in cities due to lights and pollutions etc. We should listen and observe to those in far remote areas near Kabah, Makkah, where there is less pollution, or even better, take advantage of modern astronomy. Not only Global Warming BUT Global Dimming and other unknown factors may be causing difficulty in sighting the Crescent Moon. Global Dimming was discovered just after **11-SEP-2001**, when all the US flights were grounded for three days:

<http://www.informationclearinghouse.info/article15809.htm>

With the availability of Modern Technology, we must calculate crescent moon sightings and also physically verify moon sighting with the naked eye around Kabah in Makkah, and inform Global Muslim World and no one should look for the Moon Sighting in their backyard individually in the far north or south or east or west, instead Follow Makkah. It is not for your region in the far north or south or east or west, instead it is to perform HAJJ globally according to Makkah Islaamic Calendar. Every Month must start with the NEW Crescent MOON (Very First Visible Birth of the Moon) in around Kabah in Makkah and announce it Globally. Invisibility of moon before New Crescent is like it is in mother's womb and is not yet born.

Years, Months and Days are GLOBAL while Salaat Time is Local. Also the day JUMA is GLOABL while its prayer time is Local, and is similar to New Year on 1st January, but its breakfast, lunch and dinner etc. times are local.

Allah told to face Makkah means follow Makkah and get guidance from Makkah for Hajj, Umrah, Salaat, Ramadaan and Eid etc., and do not divide Religion Islaam, since those who Divide their Religion and break up into Sects, thou hast NO part in them in the least: their

affair is with Allah, (Ref: Al_Quraan_002.125-129, 002.130-138, 002.142-144, 002.149-150, 002.189, 003.095-097, 003.103, 003.106, 006.096, 006.159, 010.005).

As an example to understand, if suppose Prophet Muhammad (sav) is alive today, and he has to start Ramadaan or celebrate Eid today, then which day will you do start fasting or celebrate Eid?

If in Kabah, Makkah (First House of Allah) and in Masjid-e-Nabvi in Madinah Munawwarah people start Ramadaan or celebrate Eid today, then which day will you do start fasting or celebrate Eid?

We must unite on ONE method of worship of Prophet Ibraheem (Peace-Be-Upon-Him), and we must take guidance from the Quraan (True Book of Guidance), Kabah in Makkah and must not divide ourselves on all religious issues including Salaat, Zakaat, Hajj, Umrah, etc., (Ref: Al_Quraan_002.001-005, 003.095-097).

If you are not following Makkah to Establish Salaat, Celebrate Ramadaan, Eid, Hajj etc., then you are dividing Religion Islaam and your matter is with Allah, (Ref: Al_Quraan_002.125-129, 002.130-138, 002.142-144, 002.149-150, 002.189, 003.095-097, 003.103, 003.106, 006.096, 006.159, 010.005).

IF QURAAAN CANNOT CONVINCE YOU NOTHING WILL

Global Multiculturalism Benefits

Due to Multiculturalism, Business has grown tremendously in those countries, which has promoted it in spirits. It has open new doors to grow.

With the fusion of several cultures, the citizens now have better ideas and they also benefit from them. For instance, there are several kinds of foods available due to multiculturalism like Chinese, Italian, Mediterranean and South Asian foods etc. Moreover, there are different sports that other cultures brought from their countries. Soccer originated from Europe, with Ice hockey coming from Canada etc.

Multiculturalism strengthens a country, especially if there are programs that work towards promoting cultural understanding and eliminating racism. It also encourages all people to take part in the economic, political and social life of the society. Having a diverse mixture of cultures and people inspires people to think differently and thus enhance their creativity.

Business Development and Economic Growth:

Skilled immigrants are a key source of information for organizations in the new Global Economy. Immigrants can open doors to investment opportunities overseas and help attract foreign investments. Newcomers bring new education and work experience and an understanding of a global business context.

Businesses can be opened seven days a week, so it can grow even further, since **Muslims** will take day-off on **Friday**, **Jewish** will take day-off on **Saturday**, **Christians** will take day-off on **Sunday**, and **others** will take day-off one day between **Monday to Thursday**. This way Businesses will be kept open **seven days a week** including Hospitals and specially Emergency Departments in Hospitals as well as Fire Departments.

Allah Sent Prophets and Messengers as his Love to Humanity all over the World:

(All) people are a single nation; so Allah raised prophets as bearers of good news and as warner, (Ref: Al_Quraan_002.213).

And every nation had a messenger, (Ref: Al_Quraan_010.047).

And We have not sent you (Muhammad) but as a mercy to the worlds, (Al_Quraan_021.107).

There is NO Compulsion in Religion, (Ref: Al_Quraan_002:256).

The Quraan encourages Multiculturalism, commands to come to common points first (Ref: Al_Quraan_003:064), as well as **permits in Sharing Foods and Joining in Marital Relations**, (Al_Quraan_005.005).

Save Global People regardless of any discrimination of Religion, Race, Color, Gender, Language, Nationality, etc. It will sure help Saving Businesses with 100% Guaranteed.

Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation. Do not even think to re-appoint those who were failed to protect the corruptions in the land.

Islam is a complete system of life and Politics is one of its key parts. Leaving a Glass empty, air will be filled automatically or someone else will fill it with junk drinks. Always keep it filled with clean water. Same concept applies for Politics, by leaving it empty others will grab it and do unjust in the land, while **Quraan directs to do true justice and declares all those who do unjust as disbelievers**, (Ref: Al_Quraan_005.044-047).

The Islamic Political System is based on the following main principles:

1. Sovereignty of Allah:

In Islaam, Allah is the sovereignty/source of all powers and laws (Ref: Al_Quraan_003:154, 012:040, 025:002, 067:001).

2. Appointing Leaders:

People must appoint their leader through election/selection/shura etc. who they think will do true justice in the land otherwise they will be questioned on the day of judgments.

Leader must make sure that each and every sects/minorities must get their shares in a balance way without any discrimination of religion, race, sects, color, gender, rich, poor etc. including defense, public sector which includes government and semi-government organizations. This is also a test for leaders (Prime Minister, President, Khalifa and King etc.), and failing the test may put them in the category of disbelievers (Ref: Al_Quraan_005.044-047). Leaders (Prime Minister, President, Khalifa and King etc.) should not get big huge salary/allowances rather they should get for their basic needs to fulfill their duties to serve their citizens on non-profit basis.

The moment government will reduce the income/benefits for leaders (members of parliament, Ministers, Prime Minister and President etc.) and take away any unnecessary powers from them other than to serve the humanity, you will sure see greedy people will run away from the political race and good pious people will come forward.

Election/selection system must be categorized professionally. For detail please read my article Professional Election an Islaamic Election:

http://www.global-right-path.com/Siraat-al-Mustaqeem/073-Professional_Election_Islaamic_Election.htm

Remember: A ruler is a servant, not a king in Islaam. He establishes Allah's laws according to the Quraan, (Ref: Al_Quraan_024.055, 022.041)

People may label those who are unjust as Mr. **10%** for taking bribe money or Mr. **100%** due to their unjust existence in defense, law and order enforcement authorities, other public sectors which includes government and semi-government organizations etc., which is a crime against humanity. And on the Day of Judgment, Allah may label them as a disbeliever/unjust/cruel/fasiq etc., and put them in the hell fire forever, (Ref: Al_Quraan_005.044-047). Youngers must learn brief history from their elders as well as Elders must teach brief history to their Youngers like many Muslims teach their kid about Hasan (RA) & Hussain (RA),

otherwise they become history. As you have noticed, if a single Muslim does a crime, whole Muslim Nations/Communities are being blamed for. Similarly if a single crime is done by a minority, the whole minority people are being blamed for, while there is no check and balances for majority or those in power, which is true unjust.

Those minorities who are being abused by majority or by those who are in power must report to United Nations, Human Rights Commission and International Monetary Fund etc.

United Nations and International Monetary Fund must put economic sanctions on such unjust countries till they fix their system by doing true justice among their own citizens so that there is no more second class citizen left over. However for individuals they must provide some sort of basic help which includes Food, Shelter, Education and Health etc., for their survival.

3. Legislation:

Islam teaches us to run a government, to make legislation and decisions which do not cross the boundary limits ordained by Allah, (Ref: Al_Quraan_003:159, 042:038). Commandments are from Allah (Ref: Al_Quraan_006:057) and leaders are representative of Allah for the implementation of Quranic Laws, (Ref: 002:030, 006:165).

4. Accountability of Government:

The Islamic political system makes the ruler and the government responsible to Allah alone, make sure to do true justice among people and must work for the welfare of the people according to the Quran and Authentic Sunnah.

Any ordinary citizen of an Islamic state has the right to ask any question on any matter to the ruler and the government.

5. Independence of Judiciary:

Judiciary must be independent and fully capable of doing justice without any discrimination of religion, race, sects, color, gender, rich, poor, executives, non-executives etc., including defense, public sector which includes government and semi-government organizations, (Ref: Al_Quraan_004:058, 004:135, 005:008). The ruler and the government have no right to interfere in the system of justice.

6. Equality before Law:

The Islamic political system ensures equality for all citizens before the law without any discrimination of religion, race, sects, color, gender, rich, poor, executives, non-executives etc., including defense, public sector which includes government and semi-government organizations, (Ref: Al_Quraan_004:058, 004:135, 005:008, 049:013).

7. Zakaat/Tax System:

It is Government's duty to organize, and get from the Rich and feed the Needy in a balance way, in addition to fixing all related issues which are disturbing Stability and also it is individuals duty to pay the charity to the poor (Ref: Al_Quraan_009:058-060). Remember! World has enough to feed but not greed, but few of major issues which had disturbed the Stability are interest based system, alcohol, gambling, supply and demand system and raise

in salary by small percentage, on which special deep study is needed (Ref: Al_Quraan_002.278-279, 002.219).

8. Freedom of Speech:

All citizens of the Islaamic state shall enjoy freedom of belief, thought, conscience and speech in a balanced way. Every citizen shall be free to develop his potential, improve his capacity, earn and possess.

9. Duties of People:

It is not only duties of the leader, but also the duty of each and every person on appointing right ruler by election/selection/shura etc., otherwise as you see mischiefs in the land are rising, (Ref: Al_Quraan_004.059). You must practically support those who remember Allah and desiring His goodwill, (Ref: Al_Quraan_018.028)

Allah Never Changes the Conditions of a Nation till their People (NOT their Leader) Changes themselves, (Ref: Al_Quraan_008.052-053)

10. Every Nation has Certain Period to Live:

If you or your relatives or your friends or your wealth is more important than doing justice in the cause of Allah, then wait for Allah's punishment, (Ref: Al_Quraan_009.024).

For every nation there is an appointed time and many have been destroyed by Allah due to their crime against humanity, e.g. Qaroon, Hamaan and Firon etc., (Ref: Al_Quraan_010.049, 028.058, 015.005, 023.042-043, 030.009, 040.082-085)

Remember: Allah Never Destroys the Good Nations, (Ref: Al_Quraan_011.116-117).

Allah Never Changes the Conditions of a Nation till their People (NOT their Leader) Changes themselves, (Ref: Al_Quraan_008.052-053). Non-Practicing Muslims are like ASS / Donkey carrying books, (Ref: Al_Quraan_062.005).

Suicide Never Allowed in Islaam (Life is A Lot More Important than Land), (Ref: Al_Quraan_004.029)

Killing of Innocents Never Allowed in Islaam, (Ref: Al_Quraan_017.033), (Ref: Al_Quraan_060.008)

Unjust never allowed in Islaam, (Ref: Al_Quraan_005.044-047)

NO CLOSED Door Meetings and **NO** HIDDEN Secret Agendas. Medias must have full access to all Meetings and Agendas.

Islaam is based on Truth and nothing BUT the Truth and those who indulge in falsehood are not Muslims.

Those Muslim Countries which don't practice true justice with their own citizens including minorities, they don't deserve to be called as a Muslim country or an Islaamic Republic of Muslim-Country, (Ref: Al_Quraan_005.044-047).

Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation. Do not even think to re-appoint those who were failed to protect corruptions in the land.

Global Population Rising (Skyrocketing) Solution

As per UN report, World Population expected to hit **11.2B** by end of century. The international community tries to figure out how to slow the danger of global warming, while pursuing the ambitious goals of eliminating both poverty and hunger, since they are not taking the Guidance from the Quraan, true book of Guidance for Humanity.

Allah never puts more burden on anyone which he/she cannot afford and in this case humanity, regardless of taking Guidance from the Quraan or NOT, He provides sustain to all without any discrimination and even if Global Population Rises (Skyrockets) over 1000 time compared to today's World Population, He will sure provide sustain to them too, (Ref. Al_Quraan_002.286, 011.006, 015:019-021, 016:078, 020:132, 052:058, 041:010). We don't have any single incidence of a single woman giving birth to over hundred (100) children in modern time.

Allah Never Destroys any Good Nation, (Ref: Al_Quraan_011.116-117).

Allah Never Changes the Conditions of a Nation till their People (NOT their Leader) Changes themselves, (Ref: Al_Quraan_008.052-053).

And if the people of the towns had believed and guarded (against evil), we would certainly have opened up for them blessings from the heaven and the earth, but they rejected, so we overtook them for what they had earned, (Ref: Al_Quraan_007.096).

But why were there not among the generations before you those possessing understanding, who should have forbidden the making of mischief in the earth, except a few of those whom (ONLY) We saved (from harm)? And those who were unjust went after what they are made to enjoy of plenty, and they were guilty, (Ref: Al_Quraan_011:116).

Saving a Life is like Saving the Whole World, (Ref. Al_Quraan_005.032).

Guideline to save Humanity is in one my articles related to Globalization:

http://www.global-right-path.com/Globalization/G_Global_Downsizing_Shutdown_Lockdown.htm

Global Poverty

Global Poverty is increasing around the Globe. One of reason of Global Poverty is due to the differences between rich and poor are increasing enormously because of Great instability in our global system. People are suffering badly all around the world including Thailand, Greece, many of African and South Asian countries and even in the United States of America, with no exception to Muslim Countries. Perhaps till now it could be like tip of an iceberg what we have seen yet and rest could be about to come sooner if not later, since the world didn't took the true guidance from the Quraan to stabilize the Global World to save the humanity.

Although **world has enough to feed but not greed**, but few of major issues which had increased the Global Poverty are interest based system, alcohol, gambling, supply and demand system and raise in salary by small percentage, on which special deep study is needed (Ref: Al_Quraan_002.278-279, 002.219).

It is not the Wealth (Gold or Silver) or Power which could save the people from Global Poverty. Allah seized Qaroon, Pharaoh, and Hamaan and many others, for their crime against humanity and nothing could save them including their wealth, power or people etc. (Ref: Al_Quraan_029:039). However world didn't end there, but even without their wealth and power, it had re-developed. Those who never faced real poverty for years may never understand its solution, unless they have really took the Guidance from the Quraan. **It is 100% guaranteed to save the world globally, if we truly apply the guidance from the Quraan.**

Global System must be balanced to overcome the Global Poverty in the light of the Quraan. It must follow the basic rule to TAX the GREEDY not the NEEDY and TAX on SAVING NOT SPENDING without wasting or over spending. It must ensure that people are not thrown out from their home. Education must be provided to all with internationally recognized high standards on reduced rate if not for free, which must have good parent-teacher relation. Burdon of debt should not be put on students for their studies including professional studies, so that they can concentrate more on study to acquire more knowledge to help the society than worrying on how to pay debt. Earnings must be balanced for each skillsets people may have, so that they don't rush to only few skillsets. Special encouragements must be given to those who sincerely and devotedly work hard to help the system in a balanced way. Many times top management neglect those who are the foundations of their team and who are working at lower ranks and due to ignorance their morals are down, which might affect productivity.

If one region is rich in minerals, then other could be rich in oil or gas or foods or even manpower etc. Global System must be balanced by sharing all the resources in a balanced way, otherwise more and more disasters may come in the shape of poverty, and innocent people may not have any choice than come to street violently, since they cannot see their infants crying for milk, food and other basic needs.

Think of old time ten organizations in which one thousands of employees working in each organization. Then came industrialization and heavy machinery and robots took places of human. Initially these Businesses thought that they will save lots of money by Laying off those workers, but did not realize that those were also customers of other industries as well. BUT due to Layoff, they don't have enough money now to buy, so in reality those businesses lost their customers as well by Laying off their employees. This is just a simple example to start understanding the consequences which could be much better if we think about saving the humanity. Yes, industrialization and robotics are very good but we need to start thinking **DIFFERENTLY** to save the humanity to build Whole New World. There could be many projects we can collectively initiate at Global Level to provide those laid off workers. **Remember: Layoff means more Poverty and more Crime, unless Employer must have been provided to lay off people guaranteed alternate options for their survivals. Global Recession

Global World is going through a Great Turbulence of Global Recession and perhaps till now it could be like tip of iceberg what we have seen yet and rest could be about to come sooner if not later, since the world didn't took the true guidance from the Quraan to save the humanity.

You cannot buy the Whole World from Gold, since Gold is a little tiny part of the Whole World. In reality it is a reference point to balance the price to serve the humanity. UN must balance the production cost globally.

Also it is not the Wealth (Gold or Silver) or Power which could save the Global World from Global Recession. Allah seized Qaroon, Pharaoh, and Hamaan and many more, for their crime against humanity and nothing could save them including their wealth, power or people etc. (Ref: Al_Quraan_029:039). World didn't end there, but even without their wealth and power, it had re-developed.

Do not turn out people from their homes (Ref: Al_Quraan_002:084).
Saving a Life is like Saving the Whole World. (Ref: Al_Quraan_005.032)
There is NO Compulsion in Religion. (Ref: Al_Quraan_002:256)

We need to note down all issues big or small and need to analyze it in detail on case by case method and first start with all those issues which triggered the Great Turbulence of Global Recession.

Few of major issues which has caused the Global Recession are interest based system, alcohol, gambling and supply and demand system, on which special deep study is needed (Ref: Al_Quraan_002.278-279, 002.219).

Avoid loans and avoid waste as much as possible keeping in mind how much is too much to help develop the Global World (Ref: Al_Quraan_009.060, 025.063-067).

We all need help as much as we can to build the Global World for the better future for our kids, only then we can hope that our kids will have the fruits of it and will pray for us. Global Governments (United Nations) Duties:

Government must be ready to abandon any laws which might hurt economy of general public, in such a way which helps to move forward by forgiving and forgetting the past BUT taking lessons from the past. They must help their citizens to have up to date education with internationally recognized good high standards on reduced rate if not for free, which must have good parent-teacher relation through homework along with regular meetings after each

semesters to discuss the progress. It must follow the basic rule to TAX the GREEDY not the NEEDY.

Remember:

World has enough to feed but not greed. United Nations must balance the production cost globally.

You cannot buy the Whole World from Gold, since Gold is a little tiny part of the Whole World.

Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation. Do not think to try to re-appoint those who were failed to protect the corruptions in the land.

Global Recovery

The Global World is going through a Great Turbulence of Global Recession, and Global Poverty is on the rise. Rich are becoming EXTREMELY rich and poor are becoming severely poor and are about to die. Perhaps what we have seen so far could be like the tip of an iceberg and the rest would come later, since the world didn't take true guidance from the Quraan to balance Global System to save humanity (to build **Whole New World**).

There are over **85,000** registered charity Organizations in Canada alone as of today (**01-JUN-2012**), which is alarmingly extremely high, therefore we need a new **Multitier System** to **Change Our World with LOVE** like a severely ill cancer patient may have to go through Surgery, Radiation, Chemotherapy as well as Stem Cells for his/her survival. It is an emergency to join together as **Global Family** where we are all **Global Brothers** and **Global Sisters** to fix our Global World.

What will happen to the citizens of US and China, if US, the World Greatest Super Power stops buying from China, since it has already in great deficit or China stops selling to US? **A Great Man made Disaster for the citizens of China as well as US.**

War is not an option in which economy dies again and again, BUT Love is, which starts from forgiveness as mentioned in the Quraan. (Ref: Al_Quraan_041:035)

If two countries are in conflict/war, it might last a few years/decades including preparation time but other supporting countries economy might boost, since these two might be buying tools etc. from them and later all collapses, **while LOVE last much longer as long as they keep loving each other**. E.g. if in India alone out of **1.5 billion** people if **1** (one) billion people need cell phones right now, at present time all cell phone industries together might not be able to produce it right away. Another example is if situation in the middle-east gets stable, perhaps **1%** of **1.8 billion** Muslims may be interested every year to visit Baitul-Maqdis (Al-Aqsa) Masjid in Jerusalem. Think of how much never ending businesses will grow there and how much benefits their local people will get.

The road to recovery of the world may not be a simple step to take. Multi-Faith Forums/Dialogues are the key things to understand each other and bring brilliant ideas to save our world. On case by case method, we need to re-analyze each and every verse for the Holy Books to find which thing/idea will help us save our world, along with many other ideas from non-religious groups as well as from modern science and technology etc., which will help us discover New Global Economics.

We Muslims believe that we must take guidance from the Quraan (true book of guidance for the mankind) to save the Global World. We need to keep Key points in our mind to build a Global Model for Global Recovery and it must be based on true humanitarian ground without any extra luxury as a **Global Charity**. In the beginning we might need help from those who can afford it on volunteer bases or perhaps get old technologies to train people etc., but our direction must be not to be burden on anyone.

Key points to remember from the Quraan before making a base Model:

1> Saving a Life is like Saving the Whole World. (Ref. Al_Quraan_005.032)

2> Forgiveness is the key to come closer to help each other. (Ref: Al_Quraan_041.035)

3> We are children of Adam and Eve and we are **Global Brothers** and **Global Sisters** of a **Global Family**. (Ref: Al_Quraan_002.030-039, 007.011-025, 015.26-44, 017.61-65, 018.050-051, 020.115-124, 038.071-085)

4> **Come to the Common Points** is the key to start building Global World for our Global Family. (Ref: Al_Quraan_003.064)

5> There is **NO Compulsion in Religion**. (Ref: Al_Quraan_002.256)

6> Religion is a personal thing (to a person, family or community etc.) and no one is allowed to force anyone including to wife, since a Muslim man could have wife from people of the book (Ref: Al_Quraan_005.005)

7> There is **NO Discrimination** of Religion, Race, Color, Gender, Language or Nationality etc. (Ref: Al_Quraan_002.286, 005.035, 006.132, 013.011, 017.019, 018.029, 020.015, 028.084, 030.022, 042.030, 046.019, 049.013, 053.031, 053.039, 076.003, 091.007-010)

8> **Diversity/Interfaith Dialogues/Forums** must be going on regularly, to find the true solution to build the Global World.

9> Avoid **Loans**, avoid **Wastes** and stop **Greediness** as much as possible keeping in mind “**HOW MUCH IS TOO MUCH**”, to help stabilized the Global World (Ref: Al_Quraan_009.060, 025.063-067).

Initial Base Model for the development of Whole New World in the Light of the Quraanic:

Think of what prayer, a Graveyard Person will pray to boost his business other than “May all people will die”. This is an extremely dangerous situation for the mankind and similar thoughts could be in many areas to play with the people. Global System must be change in a revolutionized way to build **Whole New World** with true love with the humanity. Whatever people have achieved till now is a big asset to the world and we need to take the world from here to a **Whole New World**, which will move extremely fast to explore the universe and for which we will surely need to train people. Allah has already promised his blessings as mentioned below.

And if the people of the towns had believed and guarded (against evil) We would certainly have opened up for them **BLESSINGS** from the heaven and the earth, but they rejected, so We overtook them for what they had earned. (Ref: Al_Quraan_007.096)

Money is not a concern for the Global Recovery, but it is the Global System and will be in Phases.

It is not the Wealth (Gold or Silver) or Power which could save the Global World from Global Recession. Allah seized Qaroon, Pharaoh, and Hamaan and many more, for their crime against humanity and nothing could save them including their wealth, power or people etc. (Ref: Al_Quraan_029:039). World didn't end there, but even without their wealth and power, it had re-developed.

Phase – 1: Divide current system into multitier system (tier-1, tier-2 and tier-3) and work on **Tier-1**.

Tier-1: We will deal with all those people who are in severe poverty without burdening on anyone.

1> Feed them so that no one is dying of hunger.

2> Taking care of their health.

3> Educate them as per need in the open market (tier-2) to find jobs.

- 4> Education will be totally free and boarding and lodging allowance will be available for the needy, so that students will be able to fully concentrate on their study to build Whole New World.
If the debtor is in a difficulty, grant him time till it is easy for him to repay; but if you waive the sum by way of CHARITY it will be BETTER for you, if you understand it. (Al_Quraan_002.280)
- 5> Put them all who have completed required education into Research and Development team till they find jobs in the open market.
- 6> New projects will be initiated to help the humanity.
- 7> Any person or organization working for the humanity without any extra luxury will get full support which includes those working for open source system (e.g. Wikipedia etc.) or healthcare to serve the humanity for free.
- 8> Any person in this Tier-1, studying or working in research lab or running this Tier-1 will not have big salary, instead it will be balance salary on true humanitarian bases.
- 9> Will request People and Organizations from Tier-2 or Tier-3 to volunteer their expertise to build Whole New World.
- 10> No one will be allowed to involve in anything which may spoil Global Stability.

Tier-2: This tier is for all those organizations and countries which need help to get stabilize. We will do all the researches in our research lab, which will be built in Tier-1.

Tier-3: This tier is for all those who are stable and don't need any help at this time which includes people, organizations as well as countries. But eventually at the last step we will study about them in our research labs and if found we will provide suggestions to improve for free.

Phase – 2: In this phase we will need to work on Tier-2 after stabilizing Tier-1 in Phase-1.

Tier-2: We will deal with all those troubled organizations and countries to stabilize them.
We need to re-analyze their needs and find the way to fix their problems in our research lab for free and will be open to all like an open source system.

Phase – 3: In this phase we will need to work on Tier-3.

Tier-3: Although this tier is for all those who are stable and don't need any help at this time but still there might be some severe issues which they might have neglected due to which world is facing severe Global Economic Crisis. Suggestions will be provided to improve for free. Also those who cannot afford to implement on suggestion, help will be provided for free.

Phase – 4: In this phase we will work on Future Development of Global World.

Currency: We will use new Global Virtual Gold (virtual money) as our currency, which will be UNLIMITED per DAY, so that money will not be a problem at all and we will fully focus on fixing Global System.

1 Global Virtual Gold = 1 gram of real gold will always be used as a reference point.

You cannot buy the Whole World from Real Gold, since Real Gold is a little tiny part of the Whole World. In reality it is a reference point to balance the price to serve the humanity.

Global Identity Card:

We will need to issue new chip enabled all-in-one Global ID Card/Cell Phone which will replace all Passports, National ID Cards, Bank Cards, Health Cards, Telephone Numbers etc. so that remembering their numbers will not be difficult for individuals, since there will be only one number they need to remember for life. It must contain information of their DNA, finger print, photo, bar code, etc., if possible.

Acknowledgment:

World has enough to feed but not greed. Everybody has right to live happily. Yes, there are people as well as organizations who really deserved to be acknowledge in a balanced way. If you have seen a dolphin show, perhaps you might have noticed that she always gets a special treat of fish on every action performed. Human nature is also like that, and those who really deserve, need special encouragements in a balanced way. Even in the Heaven there are grades and deserving people will be encouraged enough to make them happy. BUT we have to keep in mind HOW MUCH IS TOO MUCH.

Duties of Media:

Media must play an active role on promoting the Truth, to save the humanity for FREE.

Duties of People:

And withhold yourself with those who call on their Lord morning and evening desiring His goodwill, and let not your eyes pass from them (always yes sir, till they follow the Quraan and Really Authentic Sunnah), desiring the beauties of this world's life; and do not follow him whose heart We have made unmindful to Our remembrance, and he follows his low desires and his case is one in which due bounds are exceeded. (Al_Quraan_018.028)

Allah Never Changes the Conditions of a Nation until their People (NOT their Leader) Changes themselves, (FIRST, People need to change themselves and No Changes without Actions). (Ref: Al_Quraan_008.052-053)

Global Recovery Model:

Global Refugees Crisis Solution

Global Refugees Crisis is rising around the Globe. People are suffering badly all around the world due to Natural Disasters as well as Man Mad Disasters (Dirty Global Politics). One of main reasons for **man made** Global Refugees Crisis is due to Total Failure of Global System. Perhaps till now it could be like **TIP OF AN ICEBERG** what we have seen yet and rest could be about to come sooner if not later, since the world didn't took true guidance from the Quraan to stabilize the Global World to save humanity, (Ref. Al_Quraan_005.032). There are two types of Refugees, one due to Extreme Global Poverty and due to unjust killing of Humanity.

Refugees due to Unjust Killing of Humanity:

War is not an option, while Love is. But when powerful nations wage **unjust WARS** against weak nations Refugees Crisis rises enormously. When world is already facing Extreme Poverty and is up to the neck, then Refugees Crisis on top of it becomes **UP TO THE NOSE**, and humanity is hardly breathing and is about to die, if not taking immediate actions to save them. They might not be able to save unless taking guidance from the Quraan, since all other systems are totally failed to save humanity except the Quraanic Way. **Let us try Quranic Way to Save Humanity with 100% Guaranteed.** Allah has given organs to all human without any discrimination. Remember: Refugees who are able to reach neighboring countries, could be less than **1%**, while more than **99%** might have lost all hopes and are dead or are about to die. Humanity dies because of Terrorism, and Humanity also dies because of **Total Failure of Global System**, which is much worse than Terrorism and is Greater Crime against Humanity. **Global Human Right Activist** must stand up and join together before it gets too late, to save humanity without any discrimination of religion, race, color, gender, language or nationality etc. **NO CHANGES WITHOUT ACTIONS.**

Refugees due to Extreme Global Poverty:

Refugees are also on the rise due to Extremes Global Poverty around the Globe. One of reason of Extreme Global Poverty is due to the differences between rich and poor are increasing enormously because of Great instability in our global system. People are suffering badly all around the world including Thailand, Greece, many of African and South Asian countries and even in the United States of America, with no exception to Muslim Countries. Perhaps till now it could be like **TIP OF AN ICEBERG** what we have seen yet and rest could be about to come sooner if not later, since the world didn't took true guidance from the Quraan to stabilize the Global World to save humanity.

Although **world has enough to feed but not greed**, but few of major issues which had increased the Global Poverty are Unbalanced Global System, Interest Based System, Alcohol, Gambling, Supply and Demand System and Raise in Salary by small percentage, on which special deep study is needed, (Ref: Al_Quraan_002.278-279, 002.219).

It is not the Wealth (Gold or Silver) or Power which could save the people from Global Poverty. Allah seized Qaroon, Pharaoh, and Hamaan and many others, for their crime against humanity and nothing could save them including their wealth, power or people etc., (Ref: Al_Quraan_029:039). However world didn't end there, but even without their wealth and power, it had re-developed. Perhaps those who never faced real poverty for years may never understand its solution, unless they have really took the Guidance from the Quraan. **It is**

100% guaranteed to save the world globally, if we truly apply the guidance from the Quraan.

Global System must be balanced to overcome the Global Poverty in the light of the Quraan. It must follow the basic rule to TAX the GREEDY not the NEEDY and TAX on SAVING NOT SPENDING without wasting or over spending. It must ensure that people are not thrown out from their homes. Education must be provided to all with internationally recognized high standards on reduced rate if not for free, which must have good parent-teacher relation. **Burden of debt should not be put on students for their studies including professional studies, so that they can concentrate more on their studies to acquire more knowledge to help the society than worrying on how to pay their debt.** Earnings must be balanced for each skill sets people may have, so that they don't rush to only few skill sets. Special encouragements must be given to those who sincerely and devotedly work hard to help the system in a balanced way. Many times top management neglects those who are the foundations of their team and who are working at lower ranks and due to ignorance their morals are down, which might affect productivity. If take care of your employees, they will sure take care of the clients.

If one region is rich in minerals, then other could be rich in oil or gas or foods or even manpower etc. Global System must be balanced by sharing all the resources in a balanced way, otherwise more and more disasters may come in the shape of poverty, and innocent people may not have any choice than come to street violently, since they cannot see their infants crying for milk, food and other basic needs.

Avoid loans, avoid waste and stop greediness as much as possible keeping in mind how much is too much to help stabilized the Global World, (Ref: Al_Quraan_009.060, 025.063-067).

It is time now to open our eyes and correct ourselves to serve humanity in the light of Quraan, since the Quraan gives the true guidance to fix the system to save Humanity in a balanced way, (Al_Quraan_002:002).

Allah Never Destroys any Good Nation, (Ref: Al_Quraan_011.116-117). **Do not turn out people from their homes**, (Ref: Al_Quraan_002:084). **Saving a Life is like Saving the Whole World**, (Ref: Al_Quraan_005.032). **There is NO Compulsion in Religion**, (Ref: Al_Quraan_002:256).

Global Religion

Islaam is not a new religion but it is fulfillment of the religion of Prophet Ibrahim (Peace-Be-Upon-Him), the same basic truth that Allah (God) revealed through angel Gibraeel (Peace-Be-Upon-Him) on all the Prophets and Messengers including Abraham, Moses, and Jesus (Peace-Be-Upon-Them) etc., and we are from Millat of Prophet Ibraheem (Peace-Be-Upon-Him) i.e. One Nation (Millat) following One Religion (Islaam), (Ref: Al_Quraan_002:120, 002:135, 003:067, 003:095, 004:125, 005:003, 006:161, 012:037-038, 016:089, 016:123, 022:052, 042:013).

The only religion approved by Allah is Islaam (Submission to Allah alone), (Ref: Al_Quraan_003:019, 003:067, 006:079, 010:105, 098:005).

Prophet Ibrahim (Peace-Be-Upon-Him) was neither a Jew, nor a Christian, rather a Muslim, (Ref: Al_Quraan_003:067).

Who would forsake the religion of Prophet Ibrahim (Peace-Be-Upon-Him), except one who fools his own soul? We have chosen him in the world, and in the Hereafter he will be with the righteous. When his Lord said to him, "Submit," he said, "I submit to the Lord of the universe." Moreover, Ibrahim exhorted his children to do the same, and so did Jacob: "O my children, Allah has pointed out the religion (Islaam) for you; do not die except as submitter (Muslims)." Had you witnessed Jacob on his death bed; he said to his children, "What will you worship after I die?" They said, "We will worship your god; the god of your fathers Ibrahim, Ismail, and Isaac; the one God. To Him we are submitter". (Al_Quraan_002:130-133)

Where ever it is mentioned that Prophets/Messengers (Peace-Be-Upon-Them) declared that he is the first Muslim, does not mean first ever Muslim, rather it is relative to the time and place, since all Prophets/Messengers followed one religion/deen and all are of one Millet-e-Ibrahim, (Ref: Al_Quraan_002:135, 002:120, 003:095, 004:125, 005:003, 005:048, 006:161-163, 012:037-038, 016:089, 016:123, 021:073, 022:052, 026:051).

Basic concept of the Quraan is to invite people towards **One God, One Religion, One Sect, One Holy Book (the Quraan) and One Worshipping Method** BUT with wisdom, and without any force. Only allowed is to do positive dialogue with wisdom.

Invite (all) to the Way of your Lord with wisdom and beautiful preaching; and argue with them in ways that are best and most gracious: for your Lord knows best, who have strayed from His Path, and who receive guidance, (Al_Quraan_016:125).

Quraan as well as Worshipping Methods and Kabah are Protected:

Allah has protected the Quraan as well as all worshipping methods and Kabah, which Allah has asked us to follow, (Ref: Al_Quraan_015:009).

Keep the Kabah (First Worshipping Place) Clean by all means (Secure, Spiritually & Hygienically etc.):

Keep the Kabah (First Worshipping Place / Kibla Awaal) clean (Secure, Spiritually & Hygienically etc.) for Hajj, Umrah and Salaat (for all worshipping), (Ref: Al_Quraan_002: 125,

003:096-097). Anyone who does not follow the Quraanic Message will be questioned on the Day of Judgment and that will be too late.

Salaat:

Take the Salaah/Prayers from the standing-place of Ibrahim. **The standing-place of Ibrahim (Peace-Be-Upon-Him) is that where Imaam Kabah leads the prayers and that is since the time of Prophet Ibrahim (Peace-Be-Upon-Him) till the Day of Judgment and you will not find any change in the Prayers Method in any of the Imaam Kabah since the time of Prophet Ibrahim (Peace-Be-Upon-Him) till the Day of Judgment,** (Ref: Al_Quraan_002:125). **Allah's Sunnah never changes**, (Ref: Al_Quraan_033:063, 035:043).

Wudu & Tayammum, Azan, FIVE times of Salaat, Juma, Janazah, Tahajjud and Qasar (Shortening of Prayers) Salaat are in the Quraan, (Ref: Al_Quraan_002:039, 002:043, 002:177, 002:238, 003:039, 004:043, 004:101-102, 004:142-143, 004:145, 005:006, 007:031, 009:018, 009:084, 015:087, 017:078-079, 017:110, 020:130, 022:077, 023:001-002, 025:064, 030:017-018, 050:039-040, 051:056, 062:009, 062:009-010, 074:043, 107:004-107).

Fasting:

O you who believe! Fasting is prescribed to you (exactly) same as it was prescribed to those before you, that you may (learn) self-restraint, (Al_Quraan_002:183).

Hajj:

In Hajj we need to follow one method, not invented/deviated (Ref: Al_Quraan_002:199), otherwise Hajj may not be accepted. There are many verses in the Quraan in addition to Surah Hajj. For detail, please read my booklet HAJJ_Organizing_Hajj_and_Umrah.pdf

Which Islaam we should follow, Allah's Islaam or Misguided Mullahs Islaam?

NO Place of Sects in Islaam:

As for those who Divide their Religion and break up into Sects, you have NO part in them in the least: their affair is with Allah. He will in the end tell them the truth of all that they did", (Al_Quraan_006:159).

And obey Allah and His Messenger and do not dispute among yourselves, for then you will be weak in hearts and your power will depart, and be patient; surely Allah is with the patient, (Al_Quraan_008:046).

Allah Never Destroys any Good Nation, (Ref: Al_Quraan_011:116-117). Do not turn out people from their homes, (Ref: Al_Quraan_002:084). Saving a Life is like Saving the Whole

World, (Ref. Al_Quraan_005.032). There is NO Compulsion in Religion, (Ref: Al_Quraan_002:256).

Non-Practicing Muslims are like ASS / Donkey carrying books, (Ref: Al_Quraan_062.005). Those who don't offer regular five times Prayers (Salaat) are worse than Shaitaan (Iblees), since Iblees never denied to bow down Allah. His only denial was to bow down Prophet Adam (Peace-Be-Upon-Him), so denied only one commandments of Allah.

Those who do not judge from the Quraan are Disbelievers, Unjust/Wrong-Doers and Transgressors / Rebels, (Ref: Al_Quraan_005.044-047).

Change Yourself NOW Before It Gets Too LATE:

Look how Shaitaan is attacking on innocents in the whole world, it is only because of many sects among us.

Verily Allah will never change the condition of a people until they (first) change it themselves, (Al_Quraan_013.011).

And if you turn away, Allah will exchange you for some another people, and they will not be like you, (Al_Quraan_047.038).

None argue concerning the revelations (Ayaat) of Allah but those who disbelieve ..., (Al_Quraan_040.004).

One Allah, One Religion (Islaam), One Sect, One Holy Book (the Quraan) & One Worshiping Method, without any compulsion in Religion, rather invite people with wisdom to go to heaven together.

Islaam is a complete way of Life/Deen, (Ref: Al_Quraan_005:003).

Follow/Practice the Quraan true Directives/Guidance of Allah on all matters of life, (Ref: Al_Quraan_003:007).

Global Reset Button an Urgent Need of Time

Humanity is facing Global Disasters due to Allah's Anger. Reasons could be many for Global Disasters including Global Pandemic Diseases or other Global Disasters or Artificial as well as Natural Global Poverty and Famine.

Global People from all around the world MUST join together to save humanity from Global Pandemic Disaster. You will be LUCKY if your neighbor is TRUE Buddhists, Christians, Hindus, Jewish, Muslims etc., since they love to save humanity.

Saving a Life without any discrimination is like save whole world, (Ref: Al_Quraan_005:032). No one has right to force including their spouses. Although Muslim men are allowed to marry women of the people of the book who believe on One God, BUT they are not allowed to force their wives to change their religion. No Muslim is a Muslim if he/she does not help his/her neighbors.

All the religion/faith/believes teaches to save humanity, which cannot be without joining together for Global Solidarity for Humanity and stand firm together otherwise they might be wiped out one after another. Below are few verses from the Quraan & the Bible etc.

Give to the near of kin his due, and also to the needy and the wayfarers/immigrants. Do not squander your wealth wastefully; for those who squander wastefully are Satan's brothers, and Satan is ever ungrateful to his Lord, (Al_Quraan_017:026-027).

For there will never cease to be poor in the land. Therefore I command you, 'You shall open wide your hand to your brother, to the needy and to the poor, in your land', (Deuteronomy 15:11 ESV).

Whoever is generous to the poor lends to the Lord, and he will repay him for his deed, (Proverbs 19:17 ESV).

For the commandments, "You shall not commit adultery, You shall not murder, You shall not steal, You shall not covet," and any other commandment, are summed up in this word: "You shall love your neighbor as yourself", (Romans 13:9 ESV).

We invite you all to join together for Global Solidarity for Humanity without any discrimination. Road Blockers are Those Who don't Support/Promote. Media Must Play an Active Role Regularly on Bringing Good Guys in their Programs for Free. Let us join together to build Heavenly Earth without any discrimination, which cannot be without joining together for Global Solidarity for Humanity. http://www.global-right-path.com/Globalization/G_Heavenly_Earth.htm

It is time now to press the Global Reset Button to Save Humanity and follow the direction as mentioned in "Global Anthem - Change Our World". Please visit Global Anthem - Change Our World on YouTube, make it homepage and share with others for Public Awareness.

Global Revolution

What will happen to the citizens of US and China, if US, the World Greatest Super Power stops buying from China, since it has already in great deficit or China stops selling to US? **Great Man made Disaster for the citizens of China as well as US.**

Revolution is happening continuously all the time, round the clock and around the world. Whenever people deviated from the right path, Allah sent Prophets and Messengers to warn them, till Prophet Muhammad (Peace-Be-Upon-Him) in the past. Prophet Muhammad (Peace-Be-Upon-Him) was Global Prophet for Global Revolution, while rest were local Prophets for Local Revolution. (Ref: Al_Quraan_021.107, 034.028)

When people didn't listen to their Prophets and Messengers (Peace-Be-Upon-Him), they got severe punishment and many examples are there in the Quraan, e.g. story of Prophet Nuh (Peace-Be-Upon-Him) and disbelievers including his son not survived, story of Prophet Mosa (Peace-Be-Upon-Him) and Pharoah. Those punishments were on top of what they will get on the Day of Judgment.

When people followed their Prophets and Messengers (Peace-Be-Upon-Him), peace developed in the region and example is Prophet Muhammad (Peace-Be-Upon-Him) and his millions of followers (sahabas) who were always ready on his call regardless of day or night (always Labbaik).

In the past Prophets and Messengers (Peace-Be-Upon-Him), were always there to serve the humanity, regardless of people believing on them or not. Same is true for Visible and Invisible Auliyaas and Global Auliyaas in all time in the past, present and in the future Inshaa Allah. **They had true love with the humanity.**

Also it was with the people to listen and follow Prophets and Messengers and now, same is true for people to listen and follow the Visible and Invisible Auliyaas and **Global Auliyaas of present time**, till they follow Quraan and really Authentic Hadeeth.

Allah gives you a chance to change yourself first and Allah will never change your conditions unless you first act accordingly to change yourself (Ref: Al_Quraan_013.011). In simple terms **NO CHANGES WITHOUT RIGHT ACTION.**

If you do not revolutionize yourself then Allah will change you with other people. Those people will be more God Fearing and more Truth Lover than you (Ref: Al_Quraan_047.038).

Presently in the beginning of twenty-first century, Global World is facing Great instability causing many countries and regions going through a Great Turbulence of Global Uncertainty. People are suffering badly all around the world including Thailand, Greece, many of the African countries and even in the United States of America, with no exception to Muslim Countries. Many countries are moving from one system to another and blaming each other. Dictatorships of Kings/Queens or Presidents/Prime Ministers, who are ruling for several decades are throwing back, since they were not be able to fulfill the duties to serve the humanity, instead they became like Qaroon, Hamaan and Pharaoh etc. and started doing crime against humanity, since they didn't took the Guidance from the Quraan and did not implemented the Quraanic System in their region.

Perhaps till now it could be like tip of an iceberg what we have seen yet and rest could be about to come sooner if not later, since the world didn't took the true guidance from the Quraan to stabilize the Global World to save the humanity. Unfortunately those who are taking over or will take over kingdom from those Dictators might not have learned the lessons from the Quraan and may damage the Global Stability as well.

Quraan commands us to establish true balanced system around the Globe, which needs Global Revolution. If one region is rich in minerals, then other could be rich in oil or gas or foods or even manpower etc. Global Government must come forward in a revolutionized way to balance the Global World by sharing all the resources to build our Global World, otherwise more and more disasters may come in the shape of poverty, and innocent people may not have any choice than come to street violently, since they cannot see their infants crying for milks, foods and other basic needs.

It is not the Wealth (Gold or Silver) or Power which could save the Global World. Allah seized Qaroon, Pharaoh, and Hamaan and many more, for their crime against humanity and nothing could save them including their wealth, power or people etc. (Ref: Al_Quraan_029:039). World didn't end there, but it had re-developed after great revolution, even without their wealth and power. Those who never faced real poverty for years may never understand its solution, unless they have really took the Guidance from the Quraan. **It is 100% guaranteed to save the world globally to build our Global World, if we truly apply the guidance from the Quraan, which need Great Global Revolution.**

It is time now to open our eyes and correct ourselves to serve the humanity in a revolutionized way in the light of Quraan, since the Quraan gives the true revolutionized guidance to fix the system to save the Humanity in a balanced way (Al_Quraan_002:002).

Allah Never Destroys any Good Nation (Ref: Al_Quraan_011.116-117). **Do not turn out people from their homes** (Ref: Al_Quraan_002:084). **Saving a Life is like Saving the Whole World.** (Ref: Al_Quraan_005.032). **There is NO Compulsion in Religion.** (Ref: Al_Quraan_002:256).

Global Revolution is urgently needed to fix the Global Economy to save the humanity from man made disasters. Global Government also needs to **note down all issues big or small** and needs to analyze it in detail on case by case method and first start with all those issues which had triggered the Great Turbulence of Global Instability.

Few of major issues which had caused the Global Instability are **interest** based system, **alcohol, gambling** and **supply** and **demand** system, on which special deep study is needed in a revolutionized way (Ref: Al_Quraan_002.278-279, 002.219).

Avoid loans, avoid waste and stop greediness as much as possible keeping in mind how much is too much to help stabilized the our Global World in a revolutionized way (Ref: Al_Quraan_009.060, 025.063-067).

We all need to help as much as we can to build our Global World for the better future for our kids, only then we can hope that our kids will have the fruits of it and will pray for us. **Educate yourself including your kids and keep your knowledge up to date according to time, as much as possible without wasting a minute**, which may not be without proper Organizing Skills. If you have good knowledge then teach others or share with others for free if possible (Ref: Al_Quraan_096.001-005).

Global Government must be ready to abandon any laws which might hurt economy of general public, in such a way which helps to move forward by forgiving and forgetting the past BUT taking lessons from the past. It must follow the basic rule to TAX the GREEDY not the NEEDY. **Education must be provided to all with internationally recognized good high standards for free, which must have good parent-teacher relation.** No high professional students should be leftover at age **25** without any job, other low tech students should be able to enter the workforce at much earlier age. It must establish a system where seniors must be able to train new students. It also needs to take lessons from the Quraan, the Book of Guidance to take out burden from the shoulder of students so that they can concentrate more on education. Only waiving off tuition fee may not help completely but living expenses must be available to the needy as well. **Sweden** still in **2010** had totally **FREE Educations** for their citizens and also has scholarships for those students who are regularly passing their exams on time to cover their living expenses.

To take our Global World in a right direction to help the humanity, we need to be well organized, dedicated and must have clear direction in a **Balanced Way** and **Debt FREE** (Ref: Al_Quraan_009.060, 025.063-067), which may not be achieved without taking guidance from the Quraan (the Book of Guidance for the mankind).

Differences in **Income** of **Lawyers, Doctors, Other Professionals** and **Labors (Other Workers)** must be **balanced**, so that student can choose any discipline of their own choice if available. **Deep study is needed** for the Global Government to have clear direction to let the students know where there are more requirements. All professional disciplines must have modern Hands-on-Training in addition to regular courses, to train all students to enter the workforce on time.

WORLD HAS ENOUGH TO FEED BUT NOT GREED.

Global Government must balance the production cost globally in relation to Gold (currency). You cannot buy the Whole World from Gold, since Gold is a little tiny part of the Whole World.

Thinking locally while living in Global World will not save our Global World.

Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation.

Do not even think to re-appoint those who were failed to protect the corruptions in the land.

Global Road Blockers to Humanity

Whenever and where ever People had deviated from the path of Allah in the past, He sent down there Prophets and Messengers all over the world at different time till the Last and Final Prophet & Messenger Muhammad (Peace-Be-Upon-Him), (Ref: Al_Quraan_010:047, 016:036, 033:021, 040:078, 068:004).

After Prophet Muhammad (Peace-Be-Upon-Him), Allah gave this responsibility on all those True Muslims who are sincerely want to do this Great Noble work to save humanity, (Ref. Al_Quraan_054:017, 022, 032, 040).

We must have a group of people to learn and teach Wisdom of the Quraan sincerely, (Ref_Al_Quraan_003.110, 011:116, 016.125, 066.006). **Education MUST be FREE for all in all categories (Quraan, Science etc.).**

We must follow those who are sincerely teaching Wisdom of the Quraan for free, since they are true friends of Allah and are True Auliyaas, (Ref_Al_Quraan_005:055-056, 010:062-063, 018.028, 036:021).

Road Blockers to Humanity:

1. **Road Blockers to Humanity** are also those who don't ponder on the Quraan (Book of Guidance).
2. **Road Blockers to Humanity** are also those who are deviating from the Quraan (Book of Guidance).
3. **Road Blockers to Humanity** are also those who don't take guidance from the Quraan.
4. **Road Blockers to Humanity** are also those who argue negatively on the verses of the Quraan.
5. **Road Blockers to Humanity** are also those who are doing nothing to save the Humanity.
6. **Road Blockers to Humanity** are those who are waiting for someone else to come and save humanity.
7. **Road Blockers to Humanity** are also those who do not join this Great Noble Mission as well as those who do nothing to save humanity.

None argue concerning the revelations (Ayaat) of Allah BUT those who Disbelieve ... (Al_Quraan_040.004).

And we have indeed made the Quraan easy to understand and remember, then is there any that will remember (or receive admonition), (Ref: Al_Quraan_054.017, 022, 032, 040)?

If Quraan cannot convince you nothing will, open your heart towards Allah, because to him will you return and if you haven't gone through the manual (the Quraan) he has sent you and understood it properly, for sure Allah will not like it.

Dividing into Sects:

As for those who Divide their Religion and break up into Sects, they have **NO** part in them in the least (**They are Not Muslims**): their affair is with Allah. He will in the end tell them the

truth of all that they did, (Ref: Al_Quraan_006:159). **Intersect Marriages (b/w people of the book) are the key to UNITE all Muslims.**

Come to Common Point is the Only Way to Move Forward:

First thing to teach people that we are all children of Adam and Eve and we are all cousin brothers and sisters, and let us work together and start from common points. (Ref: Al_Quraan_004:001, 003:064)

Issues:

We need to note down all issues big or small and analyze it in detail on case by case method, and first start with all those issues which are creating great turbulence in Global Economy, keeping in mind how much is too much.

Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation.

Do not think to try to re-appoint those who were failed to protect the corruptions in the land.

Global Salvation

Human have tried all Methods of Civilization and even then have failed to save Human Globally. The World is still facing Great instability causing many countries and regions going through a Great Turbulence of Global Uncertainty. People are suffering badly all around the world, including Thailand, Greece, and Many African countries and even in the United States of America; Muslim Countries are no exception.

Perhaps, till now it is like the tip of an iceberg. We have only seen the surface; the rest may emerge sooner or later, since the world didn't take true guidance from the Quraan to stabilize the Global World to save humanity.

Generally people learn from their parents, society, and sect and believe that what he/she is doing is right. Because of these problems, he/she is so rigid and never thinks to change himself/herself although his/her thoughts could be partially or completely wrong and others may be right.

Human thinking is limited and they are so rigid that they never think to change themselves although their thoughts could be partially or completely wrong and others may be right. **Only God alone can save the Global World.** God truly loves human beings and because of that, time to time he sent Prophets and Messengers, whether people accepted them or not. If we truly find his way and follow his commandments **100%**, we can save the Global World. Since God is waiting for us to fix it and if we don't he will replace us with another race of human beings who will not be like us. Now it is our duty to research and find the right way to change our world immediately, before more and more people go into poverty, including children, women, sick and the elderly etc. Each and every Holy book needs to be re-analyzed to create a New World Law, in which no one will be exempted from the law, and everyone, including the ruler/authority figure(s) may be questioned in court (justice system) and will be prosecuted if found guilty.

Let us analyze the Bible, the Vedas and the Quraan etc. to find True Humanity to save the world from another Massacre or Holocaust or Genocide etc. Otherwise, some Wicked (EVIL) people may fool others by any means, including fiction, falsified evidence, etc., and sell their arms or capture their treasures, wealth, etc.

Each Holy Book needs to fulfill following:

There **MUST NOT EXIST** any commandment to do Massacre, Holocaust, Genocide, etc. of people, including infants, children, women, sick and elderly, in the name of Peace.

Unfortunately the **Bible** does not fulfill this (Ref: Numbers 31:16-18, II Samuel 12:31, I Samuel 15:2-3, Isaiah 13:15-16, Deuteronomy 2:34, Ezekiel 9:5-6, Revelation 7:3-4, Joshua 6:21, Deuteronomy 12:2-3).

Unfortunately the **Vedas** does not fulfill this (Ref: Atharva Veda I.16.4, RgVeda VII.56.17, RgVeda X.10.87.16, YajurVeda XXX.18, Rigveda 10:48:6-7, Rigveda 8:53:1-2, Rigveda 1:176:4, Rigveda 8:2:18, 8:45:23, 8:51:12, 8:53:1,2).

The **Quraan** clearly fulfills this and pointed on those EVIL people doing this (Ref: Al_Quraan_002.011-012, 002:190-193)

It **MAY Contain** commandments to fight **ONLY** those who fight against you, but do not transgress limits. So, if not a single one wants to fight then **100%** people could be safe.

Unfortunately could not find similar verses in the **Bible** (Ref: Not Yet Found).
Unfortunately could not find similar verses in the **Vedas** (Ref: Not Yet Found).
The **Quraan** clearly fulfills this (Ref: AI_Quraan_002:190-193)

There **MUST NOT EXIST** any commandment to abuse (Bullying; Physical, Mental or Verbal) etc.

Unfortunately could not find similar verses in the **Bible** (Ref: Not Yet Found).
Unfortunately could not find similar verses in the **Vedas** (Ref: Not Yet Found).
The **Quraan** clearly fulfills this (Ref: AI_Quraan_049.011)

It **MUST Contain** commandments like “**there is NO compulsion in Religion (Believe)**”.
Unfortunately could not find similar verses in the **Bible** (Ref: Not Yet Found).
Unfortunately could not find similar verses in the **Vedas** (Ref: Not Yet Found).
The **Quraan** clearly fulfills this (Ref: AI_Quraan_002:256, 109:006)

It **MUST Contain** commandments like “**Saving a Life is like Saving the Whole World**”.
Unfortunately could not find similar verses in the **Bible** (Ref: Not Yet Found).
Unfortunately could not find similar verses in the **Vedas** (Ref: Not Yet Found).
The **Quraan** fulfills this and pointed on those EVIL people (Ref: AI_Quraan_005.032)

Remember:

Those who are suffering the most may be innocents, as well as fools, and have no power to defend themselves.

Quraan permits Muslims men to marry other women from the people of the books. **Wife has much more respected relationship than just a friend**, since she can be respected mother of his child. (Ref: AI_Quraan_005.005)

It is not the Wealth (Gold or Silver) or Power which could save the Global World. Allah seized Qaroon, Pharaoh, and Hamaan and many more, for their crime against humanity and nothing could save them including their wealth, power or people etc. (Ref: AI_Quraan_029:039). World didn't end there, but even without their wealth and power, it re-developed. Those who have never faced real poverty for years may never understand its solution, unless they have really taken Guidance from the Quraan. **It is 100% guaranteed to save the world globally, if we truly apply guidance from the Quraan.**

It is time now to open our eyes and correct ourselves to serve the humanity in the light of Quraan, since the Quraan gives the true guidance to fix the system to save the Humanity in a balanced way (AI_Quraan_002:002).

Allah Never Destroys any Good Nation (Ref: AI_Quraan_011.116-117). **Do not turn out people from their homes** (Ref: AI_Quraan_002:084). **Saving a Life is like Saving the Whole World.** (Ref: AI_Quraan_005.032). **There is NO Compulsion in Religion.** (Ref: AI_Quraan_002:256)

The UN needs to note down all issues, big or small, and needs to analyze it in detail on a case by case basis, first starting with all those issues which has triggered the Great Turbulence of Global Instability.

Few of the major issues which have caused Global Instability are the interest based system, alcohol, gambling and the supply and demand system, on which special deep studies are needed (Ref: AI_Quraan_002.278-279, 002.219).

Avoid loans, avoid waste and stop greediness as much as possible keeping in mind how much is too much to help stabilize the Global World (Ref: Al_Quraan_009.060, 025.063-067).

We all need to help as much as we can to build a Global World for a better future for our kids. Only then can we hope that our kids will have the fruits of it and will pray for us. Educate yourself including your kids and keep your knowledge up to date according to the times, as much as possible, without wasting a minute. If you have good knowledge, teach others or share with others for free if possible (Ref: Al_Quraan_096.001-005).

The UN must be ready to abandon any laws which might hurt the economy of the general public, in such a way which helps to move forward by forgiving and forgetting the past BUT also taking lessons from the past. It must follow the basic rule to TAX the GREEDY not the NEEDY. Free Education must be provided to all with internationally recognized good/high standards, which must encourage good parent-teacher relations.

World has enough to feed but not for greed. The **United Nations** must balance the production costs globally in relation to Gold (currency). You cannot buy the Whole World with Gold, since Gold is a little tiny part of the Whole World.

These above verses clearly prove that the **Quraan is the only claimed Holy Book that can save the Global World**, which teaches True Love with Humanity and through the teaching of the concept of a Global Family, Forgiveness, and NO Compulsion in Religion or Faith. **The Quraanic Directives MUST be re-analyzed and applied to all disciplines to save the Global World with 100% guarantee.**

Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation.

Do not even think to re-appoint those who failed to protect against the corruptions in the land.

Analyze all Holy Books NOT People to Find the True Religion of God

Global Solidarity for Humanity

Humanity have been trapped by Criminal Master Minds which is causing Artificial Global Poverty and Artificial Global Famine as well as igniting Terrorism and then followed by Ruthless Genocide-Holocaust. Instead of fixing Global Poverty and Global Famine first, world has moved towards Ruthless Genocide and Holocaust of minorities or those who don't have any power to defend themselves.

Global People from all around the world MUST join together to save humanity from Ruthless Genocide-Holocaust. Before it was with Jewish community who had gone through Ruthless Genocide-Holocaust and perhaps now it is with Muslims all around the world. Look at the history of aboriginal, who are almost wiped out and is history now. **Who knows they are next in line. Terrorists have NO Religion** and they are trying their best to wipe out one group at a time. **You will be LUCKY if your neighbor is TRUE** Buddhists, Christians, Hindus, Jewish, Muslims etc., since they love humanity and do not drive anyone out of their homes.

Saving a Life is without any discrimination like save whole world, (Ref: Al_Quraan_005:032). No one has right to force including their spouses. Although Muslim men are allowed to marry women of the people of the book who believe on One God, BUT they are not allowed to force their wives to change their religion. **No Muslim is a Muslim if he/she does not help his/her neighbors.**

All the religion/faith/believes teaches to save humanity, which cannot be without joining together for Global Solidarity for Humanity and stand firm together otherwise they might be wiped out one after another. **Below are few verses from the Quraan & the Bible.**

Give to the near of kin his due, and also to the needy and the **wayfarers/immigrants**. Do not squander your wealth wastefully; for those who squander wastefully are Satan's brothers, and Satan is ever ungrateful to his Lord, (Al_Quraan_017:026-027).

For there will never cease to be poor in the land. Therefore I command you, '**You shall open wide your hand to your brother, to the needy and to the poor, in your land**', (Deuteronomy 15:11 ESV).

Whoever is generous to the poor lends to the Lord, and he will repay him for his deed, (Proverbs 19:17 ESV).

For the commandments, "You shall not commit adultery, You shall not murder, You shall not steal, You shall not covet," and any other commandment, are summed up in this word: "**You shall love your neighbor as yourself**", (Romans 13:9 ESV).

We invite you all to join together for **Global Solidarity for Humanity without any discrimination. Road Blockers are Those Who don't Support/Promote. Media Must Play an Active Role Regularly on Bringing Good Guys in their Programs for Free.** Let us join together to build Heavenly Earth without any discrimination, which cannot be without joining together for Global Solidarity for Humanity. http://www.global-right-path.com/Globalization/G_Heavenly_Earth.htm

Global Solution to Bankruptcy of Countries

Cities, Provinces/States and Countries are being bankrupt, and people are losing patience. **One of the Greatest Inventions of all times is Wheel**. With more and more inventions & more and more Super Sonic Fast Robotic Machines, Humans are becoming worthless and are being laid off. Many Towns, Cities, States, Provinces, Countries are becoming Ghost Towns including Super Rich and Super Power Countries. The **Union of Soviet Socialist Republics** broke down into many countries in **1991**. The **United States of America** has multi trillion deficits. **Chinese** Economy has slow down as well.

Example of Cities, Provinces/States and Countries are being bankrupt and are becoming Ghost Towns: Take an example of past time, when **1000** people were working in a farm land. Later they started using tractors and other machines, because of which layoff started happening and when comes superfast technology, more and more people were being off the jobs, perhaps they only need **10** people, then what those leftover **990** people will do and what education they need to get jobs. These **990** people were good customers to many businesses while on the job, and now they are not. Same way other businesses started using superfast technology and had laid off many employees, who were customers to many businesses as well, but not anymore. Although you are seeing other new technologies are coming into market, but later slowing down, since they calculated for total population and thinking that everyone has money tree in their backyards, but in reality they don't have, since they have lost their job. **Later industries started shutting down followed by banks and Governments as well.**

Superfast Technology is exceptionally good for humanity **IF** those left over (laid off) employees are put onto new projects to support themselves and their families, which is only possible if we work Globally. Students must have debt free education. **Extreme Poverty is breeding ground for Terrorist and Criminal Master Minds can use them. Globally we can fix many things.**

I have **NOT** seen a single business person doing very good business without any single customer (customers are human).

A single machine may replace thousands of humans BUT not a single human can ever replace a single machine.

Unlimited Virtual Global Gold as a New Currency is the only solution to save humanity:

Even using any limited currency like **Bitcoin** may fail, since it is like temporary limited stimulus package, like Greece had it few times and again on the line of failure. People need food three times a day and every day, not just once or twice in life time.

At City level budget is fixed, also at Province/State and Country level budget is fixed. We must have to go for Unlimited Virtual Global Gold as new Global Currency is the only solution to save humanity. Those who know programming can understand how we can create a constant Global Account of up to **38** digits and fixed which will never decrease.

We don't know exact date when Cities, Provinces, States and Countries are being bankrupt, either hundred years, or five hundred years or thousand years, but for sure we have the solutions in the Quraan, which teaches us to **come to the common point** without any discrimination of Religion, Race, Sect, Gender, Color, Nationality, Rich, Poor, Young or Old, etc., with **100%** Guaranteed and without any compulsion in religion (Ref: Al_Quraan_002.256, 002.286, 003.064, 005.005, 005.035, 006.132, 013.011, 017.019, 018.029, 020.015, 028.084, 030.022, 042.030, 046.019, 049.013, 053.031, 053.039, 076.003, 091.007-010). **Before total collapse of present system and we lose all advanced technologies and start from stone ages again, we must need to join together immediately and start working on new Global System to build Heavenly Earth for true love with humanity.**

If all countries do not join together then perhaps people will be getting Wages in Chicken Salary, Rice Salary and Noddle Salary etc., if available otherwise they might have to work on volunteer bases NO Salary/Wages.

Avoid loans, avoid waste and stop greediness as much as possible keeping in mind how much is too much to help stabilized the our Heavenly Earth (Ref: Al_Quraan_009.060, 025.063-067).

Only True Love with Humanity in the light of the Quraan can save Global World with **100%** Guaranteed. We must join together to fight against **Global Poverty** and **Global Famine. Plant Fruits and Vegetables etc. in your backyards, on the side of the streets, and parks etc. where ever it is possible and permissible by your governments.** If you get more fruits and vegetables etc. than what you need, then share it with your neighbors, Friends and relatives and support following programs from the depth of your heart to fix

Global system which is hurting all. **Below is a Summary of a Great Unique Breakthrough Plan for Global Poverty and Global Famine:**

Global World has to be fixed in phases since there is no magic wand as well as we don't have overnight solutions.

Phase 1> In this phase we together need to save all those people who are badly suffering from Global Poverty and Global Famine. We will Feed them, Shelter them, Educate them and put all of them on Research & Development and make them free from burden on rest of the world as much as possible. For this we must have to use **Unlimited Virtual Gold** as currency, only for basic survivals **NOT** for luxury, where a sip of wine or a single smoke will be treated as luxury but not the computer for educations/studies. **All Global Students will get totally free educations along with stipends/allowances for their survivals, so that they can fully concentrate on their studies which will help to build Whole New World (Heavenly Earth). Detail Project Guide Lines (Global Agendas) needs to be developed with full cooperation with all the People and all the government around the world.**

Phase 2> Together we need to work on to build Whole New World and find solution to present Global System, so that people from **Phase 1** can be re-employed/re-deployed. We will only give suggestions and recommendations from **Phase 1**, and pray for them, without any force. We will wait forever to fix Global World, even if takes hundreds of years or millions of years, **as long as all the People around the world and all the Government around the World allow us to run Phase 1** Globally using **Unlimited Virtual Gold** as a new **currency** only for basic survivals including their studies and research and developments around the globe. **All prototypes, solutions and suggestions etc. will be totally FREEWARE (no license needed) and will be fully allowed for everyone.**

Phase 3> Once **Phase 2** is fixed, we can move on for Cosmetics/Luxury etc. to build Heavenly Earth and Sky is the limit. **We must make sure that pollutions etc. are totally under control.**

If you have better plan please share with people around the Globe, otherwise please join together and invite others to join this Great Noble Mission before it gets too late and who knows you could be next in line suffering badly from Global Terrorisms. I don't ask any single penny for this in Donations (ZERO Donations) and it is a Unique Global Charity, without asking any donation rather FULL permission from all people and all governments around the globe. If Allah asks on the Day of Judgment, I and those who support this can clearly say we have done our best to invite people to support it, but it is on rest of the people and rest of the governments.

I invite you all to join this Unique Great Noble Mission and invite others to join it, to save Humanity from Global Poverty and Global Famine, which will sure gradually reduce Global Crime as well, without any discrimination of religion, race, color, gender, language or nationality etc. No Changes without Right Actions.

Road Blockers to Humanity are those who do not join it as well as those who do nothing to save Humanity.

Thinking locally while living in Global World will not save our Global World.

Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation or Global World.

Do not even think to try to re-appoint those who were failed to protect the corruptions in the land.

Media Must Play an Active Role.

Global Solution to Homelessness

Every child is born with true love in his/her heart. Later it is society now Global Society (home, neighbors, institutions etc.), which makes him/her a Hero or Criminal. Now we live in a Global Village and it is a Global issue. Think of we all are living in a Global Boat/Ship which has a hole in it and day by day it is sinking and it is up to nose of Humanity which may collapse very soon. Even world's only super power the United States of America is facing gigantic Homelessness and what about rest of the world especially in the third world is record breaking inhuman catastrophic epidemic disaster.

Global housing bubble is the economy's biggest Global Risk and its biggest driver for killing many other Industries. All the savings of people are stuck into housing because of which many people are not able to pay their bills or cannot go for home renovation. Many people because of rising values of their homes are now owners of million dollar homes BUT cannot afford to pay their bills or cannot educate their children, etc. Also gradually many people are becoming homeless as well. If one has his/her own home and have enough money, time to time they go for repair/maintenance or renovations, which boosts economy and many industries run because of that but if someone is on rent, he/she requests the landlord who then decides to go for change or wait further, while waiting in turn slows down economy and because of which many industries are dying as well. **Global Housing Bubble is a Curse on Humanity.** Global System must be fixed to save humanity and no one should have without their own home & **NO one should be homeless.**

Below are just few links about Homelessness around the Globe.

Above are just few glimpse of Homelessness around the Globe and is like tips of iceberg.

The best guide of children are non but Mothers who need especial training to help raise their children to become Hero and present a great example for the rest of the world and build Whole New World with true love for all humanity. **Remember:** We are children of Adam and Eve and we are Global Brothers and Global Sisters of a Global Family, (Ref: Al_Quraan_002.030-039, 007.011-025, 015.26-44, 017.61-65, 018.050-051, 020.115-124, 038.071-085).

Humanity could have been trapped by Criminal Master Minds which is causing Global Homelessness, Global Poverty and Artificial Global Famine. In the past these criminals could have been created some scenario like Dracula to prevent from general public and do their hidden secret agendas in their special reserved places. In modern ages they might be using modern advanced tools/technologies etc. like science fictions to fool people and fulfil their hidden secret agendas. Whole Christianity might have been dosed to sleep no matter what is happening to humanity by twisting their faith that Jesus (Peace-Be-Upon-Him) will come again and fixed the world so till then keep sleeping no matter what is happening to rest of the world. Similarly whole Muslim World might have been put on sleeping dose, that when Imaam Mahdi will come and he along with Jesus (Peace-Be-Upon-Him) fight with Dajjal and only then it will be peace in the World and Imaam Mahdi will not be visible till Dajjal attacks on Syria, which could be another trap. Perhaps Dajjal will not attack Syria (population around **23** million as of **2018**) directly, till he finishes/wiped out completely all **1.8** billions of Muslims, will then turn towards rest of the world after capturing Muslims wealth. Keep in mind aboriginals had already been wiped out and who knows you could be next after wiping out Muslims. **It could be a Great Gigantic Trap to put humanity in sleep. Now it is time for Global World to wake/rise up and be careful from Master Mind Criminals/Terrorists and prevent humanity by joining Global Unity without any discrimination of Religion, Race, Sect, Gender, Color, Nationality, Rich, Poor, Young or Old, etc. otherwise they could be next in line.**

To Protect World from Criminals/Terrorists which is causing Global Homelessness, Poverty and Famine, we must understand Criminal Master Minds, and we must need to find the roots of all Crimes, starting from Mother Womb till the Grave. Keep in mind what a **NON patience Mother** might do, if her child is crying for milk and she don't have enough money to buy milk for her. **Remember:** When there was a Women Driver with one year child in the back seat killed after car chase from White House to Capitol on **04-OCT-2013 at 2:15 PM:**

http://www.washingtonpost.com/politics/police-lock-down-capitol-after-shots-fired/2013/10/03/48459e0e-2c5a-11e3-8ade-a1f23cda135e_story.html

One of the possible reasons could be **United States federal government shutdown of 2013 ran from October 1 to October 16, 2013** which had surely affected low income families and small businesses:

Breeding grounds for all kinds of terrorisms and crimes are Global Homelessness, Poverty and Famine, where people are widely available to do anything for little money for their survivals. Master minds can easily find them, twist them including their beliefs/faiths and forcefully use them according to their own desire. Master minds may also create some scenarios by all means including science fictions to fool people to rob the wealth of the world. Master minds may plan for hundreds of years if not thousands of years to rob the wealth of the whole world in stages. Master minds may also fool their citizens, and create scenarios to prove that war is inevitable and must have to go for war, but in reality to run their war related businesses and become richer than ever before and again and again, or rob the wealth of others. Many wars in the past were based on lies and fooled their own citizens, e.g. Vietnam War, Gulf War on the issue of Weapons of Mass Destruction in Iraq etc. EBOLA, SARS, AIDS & Chicken Pox etc. could be Biological weapons to wipeout people in other parts of the world as well as creating artificial famine. **War is not an option in which economy dies again and again, BUT Love is, which starts from forgiveness as mentioned in the Quraan**, (Ref: Al_Quraan_041:035).

If two countries are in conflict/war, it might last a few years/decades including preparation time but other supporting countries economy might boost, since these two might be buying tools etc. from them and later all collapses, **while LOVE last much longer as long as they keep loving each other**. e.g. if in India alone out of 1.4 billion people if 1 (one) billion people need cell phones right now, at present time all cell phone industries together might not be able to produce it right away. Another example is if situation in the middle-east gets stable, perhaps 1% of 1.8 billion Muslims may be interested every year to visit Baitul-Maqdis (Al-Aqsa) Masjid in Jerusalem. Think of how much never ending businesses will grow there and how much benefits their local people will get.

The Truth about Truth has three bitters/sours and painful stages:

- 1> Ignorant people make fun of it.
- 2> Ignorant people try to kill the truth. Truth dies when people wage war against each other.
- 3> People eventually accept the truth as being self-evident.

In reality the Truth stands out clear from error and makes you FREE according to the **Quraan** (Ref: Al_Quraan_002:256) and the **Bible** (Ref: Bible_John 8:32).

Global World is facing a Global Economic Disaster and needs a Global Revolution:

It is not Wealth (Gold or Silver etc.) or Power which can save the Global World. Allah seized Qaroon, Pharaoh, and Hamaan and many more in the past, for their crimes against humanity and nothing saved them, not even their wealth, power, or people, etc., (Ref: Al_Quraan_029:039). The World didn't end there, but it re-developed after a Great Revolution. Those who have never faced poverty may never understand its solution, unless they have really taken Guidance from the Quraan or have gone for intensive training. **It is 100% guaranteed to save the world and to help build our Heavenly Earth, if we truly apply the guidance given by the Quraan and we can re-develop the world through our own Great Global Revolution without any discrimination**. In simple terms **"NO CHANGES WITHOUT ACTIONS"**! It is time now to open our eyes and correct ourselves to serve the humanity in a revolutionized way in the light of Quraan, in which all including Rich & Poor can

live safe and sound, since the Quraan gives the true revolutionized guidance to fix the Global System to save Humanity in a balanced way, (Ref: Al_Quraan_002:002).

Below are just few things to keep in mind:

No Customer	-	No Businesses
More Customers	-	More Businesses
Good Customers	-	Good Businesses
Healthy Customers	-	Healthy Businesses

Customers are people and by saving the people we save the businesses, (Ref. Al_Quraan_005.032).

For better services to customers we need better/healthy employee, which means better benefits for employees not benefits cuts. By Laying Off employees means increase in poverty and also increase in crime.

We don't know exact date when Global Poverty and Global Famine started, either hundred years, or five hundred years or thousand years, but for sure we have the solutions in the Quraan, which teaches us to **come to the common point without any discrimination** of Religion, Race, Sect, Gender, Color, Nationality, Rich, Poor, Young or Old, etc., with **100% Guaranteed** and without any compulsion in religion (Ref: Al_Quraan_002.256, 002.286, 003.064, 005.005, 005.035, 006.132, 013.011, 017.019, 018.029, 020.015, 028.084, 030.022, 042.030, 046.019, 049.013, 053.031, 053.039, 076.003, 091.007-010).

Avoid loans, avoid waste and stop greediness as much as possible keeping in mind how much is too much to help stabilized the our Heavenly Earth (Ref: Al_Quraan_009.060, 025.063-067).

Master minds may also fool their citizens, and create scenario to prove that war is inevitable and must have to go for war, but in reality to run their war related businesses and become richer than ever before and again and again, or rob the wealth of others. Many wars in the past were based on lies and fooled their own citizens, e.g. Vietnam War, Gulf War on the issue of Weapons of Mass Destruction in Iraq etc. EBOLA, SARS, AIDS & Chicken Pox etc. could be Biological weapons to wipe out people in other parts of the world as well as creating artificial famine. **War is not an option in which economy dies again and again, BUT Love is, which starts from forgiveness as mentioned in the Quraan,** (Ref: Al_Quraan_041:035).

If two countries are in conflict/war, it might last a few years/decades including preparation time but other supporting countries economy might boost, since these two might be buying tools etc. from them and later all collapses, **while LOVE last much longer as long as they keep loving each other**. e.g. if in India alone out of 1.3 billion people if 1 (one) billion people need cell phones right now, at present time all cell phone industries together might not be able to produce it right away. Another example is if situation in the middle-east gets stable, perhaps 1% of 1.5 billion Muslims may be interested every year to visit Baitul-Maqdis (Al-Aqsa) Masjid in Jerusalem. Think of how much never ending businesses will grow there and how much benefits their local people will get.

The Truth about Truth has three bitters/sours and painful stages:

- .Ignorant people make fun of it.
- .Ignorant people try to kill the truth. Truth dies when people wage war against each other.
- .People eventually accept the truth as being self-evident.

In reality the Truth stands out clear from error and makes you FREE according to the Quraan (Ref: Al_Quraan_002:256) and the Bible (Ref: Bible_John 8:32).

Global World is facing a Global Economic Disaster and needs a Global Revolution:

It is not Wealth (Gold or Silver etc.) or Power which can save the Global World. Allah seized Qaroon, Pharaoh, and Hamaan and many more, for their crimes against humanity and nothing could save them, not even their wealth, power, or people, etc., (Ref: Al_Quraan_029:039). The World didn't end there, but it re-developed after a Great Revolution. Those who have never faced poverty may never understand its solution, unless they have really taken Guidance from the Quraan or have gone for intensive training. **It is 100% guaranteed to save the world and to help build our Heavenly Earth. If we truly apply the guidance given by the Quraan, we can re-develop the world through our own Great Global Revolution.** In simple terms **"NO CHANGES WITHOUT ACTIONS"**! It is time now to open our eyes and correct ourselves to serve the humanity in a revolutionized way in the light of Quraan, in which all including Rich & Poor can live safe and sound, since the Quraan gives the true revolutionized guidance to fix the Global System to save Humanity in a balanced way (Ref: Al_Quraan_002:002).

Below are just few things to keep in mind:

No Customer	-	No Businesses
More Customers	-	More Businesses
Good Customers	-	Good Businesses
Healthy Customers	-	Healthy Businesses

Customers are people and by saving the people we save the businesses, (Ref. Al_Quraan_005.032).

For better services to customers we need better/healthy employee, which means better benefits for employees not benefits cuts. By Laying Off employees means increase in poverty and also increase in crime.

We don't know exact date when Global Poverty and Global Famine started, either hundred years, or five hundred years or thousand years, but for sure we have the solutions in the Quraan, which teaches us to **come to the common point** without any discrimination of Religion, Race, Sect, Gender, Color, Nationality, Rich, Poor, Young or Old, etc., with **100% Guaranteed** and without any compulsion in religion (Ref: Al_Quraan_002.256, 002.286, 003.064, 005.005, 005.035, 006.132, 013.011, 017.019, 018.029, 020.015, 028.084, 030.022, 042.030, 046.019, 049.013, 053.031, 053.039, 076.003, 091.007-010).

Avoid loans, avoid waste and stop greediness as much as possible keeping in mind how much is too much to help stabilized the our Heavenly Earth (Ref: Al_Quraan_009.060, 025.063-067).

Only True Love with Humanity in the light of the Quraan can save Global World with **100% Guaranteed**. We must join together to fight against **Global Poverty** and **Global Famine**. **Plant Fruits and Vegetables etc. in your backyards, on the side of the streets, and parks etc. where ever it is possible and permissible by your governments**. If you get more fruits and vegetables etc. than what you need, then share it with your neighbors, Friends and relatives and support following programs from the depth of your heart to fix Global system which is hurting all.

Global World has to be fixed in phases since there is no magic wand as well as we don't have overnight solutions.

Phase 1> In this phase we together need to save all those people who are badly suffering from Global Poverty and Global Famine. We will Feed them, Shelter them, Educate them and put all of them on Research & Development and make them free from burden on rest of the world as much as possible. For this we must have to use **Unlimited Virtual Gold** as currency, only for basic survivals **NOT** for luxury, where a sip of wine or a single smoke will be treated as luxury but not the computer for educations/studies. **All Global Students will get totally free educations along with stipends/allowances for their survivals, so that they can fully concentrate on their studies which will help to build Whole New World (Heavenly Earth).** **Detail Project Guide Lines (Global Agendas) needs to be developed with full cooperation with all the People and all the government around the world.**

Phase 2> Together we need to work on to build Whole New World and find solution to present Global System, so that people from **Phase 1** can be re-employed/re-deployed. We will only give suggestions and recommendations from **Phase 1**, and pray for them, without any force. We will wait forever to fix Global World, even if takes hundreds of years or millions of years, **as long as all the People around the world and all the Government around the World allow us to run Phase 1** Globally using **Unlimited Virtual Gold** as a new **currency** only for basic survivals including their studies and research and developments around

the globe. **All prototypes, solutions and suggestions etc. will be totally FREEWARE (no license needed) and will be fully allowed for everyone.**

Phase 3> Once **Phase 2** is fixed, we can move on for Cosmetics/Luxury to build Heavenly Earth. Sky is the limit. **We must make sure that pollutions etc. are totally under control.**

I invite you all to join this Great Noble Mission to save Humanity from Global Poverty and Global Famine and invite others to joint it, without any discrimination of religion, race, color, gender, language or nationality etc.

Thinking locally while living in Global World will not save our Global World. Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation or Global World. Do not even think to try to re-appoint those who were failed to protect the corruptions in the land.

Global Solution to Privatization

Global World is facing a Global Economic Disaster, because of which they are doing **Privatizations** one after another, all around the world and so **it needs Global Revolution in an emergency**. After inventing Supersonic Fast Machines and Robots, day by day many people started losing jobs. Before, these people were good customers, but now they don't have enough money and their pockets are torn off, which means many businesses started losing Good Customers. **Privatization without Global Savior System is Crime against Humanity**, and later it falls on Businesses as well and they start downsizing as well as shutting down. Neither can you save it by giving stimulus packages to businesses nor can you save it by giving donations or loans to the businesses. **A single machine may replace thousands of humans BUT not a single human can ever replace a single machine.**

We don't know exact date when Global Poverty and Global Famine started, either hundred years, or five hundred years or thousand years, but for sure we have the solutions in the Quraan, which teaches us to **come to the common point** without any discrimination of Religion, Race, Sect, Gender, Color, Nationality, Rich, Poor, Young or Old, etc., (Ref: Al_Quraan_002.256, 002.286, 003.064, 005.005, 005.035, 006.132, 013.011, 017.019, 018.029, 020.015, 028.084, 030.022, 042.030, 046.019, 049.013, 053.031, 053.039, 076.003, 091.007-010). **It is 100% guaranteed to save the world and to help build our Heavenly Earth. If we truly apply the guidance given by the Quraan, we can re-develop the world through our own Great Global Revolution.** In simple terms **"NO CHANGES WITHOUT RIGHT ACTIONS"**! It is time now to open our eyes and correct ourselves to serve the humanity in a revolutionized way in the light of Quraan, in which all including Rich & Poor can live safe and sound, since the Quraan gives the true revolutionized guidance to fix the Global System to save Humanity in a balanced way (Ref: Al_Quraan_002:002).

If you get more fruits and vegetables etc. than what you need, then share it with your neighbors, Friends and relatives and support following programs from the depth of your heart to fix Global system which is hurting all.

We invite you all to start a New Global System to save humanity, which needs full approval from all around the world, without any donation.

Global Solution to Ruthless Genocide-Holocaust

Before it was with Jewish community who had gone through Ruthless Genocide-Holocaust and perhaps now it is with Muslims all around the world which includes people of Palestine facing live Genocide and Holocaust since **1948** and it is become more and more Genocidal as of **2024**. Look at the history of aboriginal, who are almost wiped out and is history now.

If Ruthless Genocide-Holocaust of Muslims does not stop then they will not have any options other than to incline towards China / Russia etc. and will be sitting in their laps if they could not find any solutions on their own. It is human nature, where ever they find love they go there and sometimes even they leave their parents in search of love if they feel that their parents are not loving or don't know how to love their children or don't have enough resources to prove their love towards their own children and they get confusion.

Humanity could have been trapped by Criminal Master Minds which is causing Global Poverty and Artificial Global Famine as well as igniting Terrorism and then followed by Ruthless Genocide-Holocaust. Instead of fixing Global Poverty and Global Famine first, world has moved towards Ruthless Genocide and Holocaust of minorities or those who don't have any power to defend themselves.

In the past these criminals could have been created some scenario like Dracula to prevent from general public and do their hidden secret agendas in their special reserved places. In modern ages they might be using modern advanced tools/technologies etc. like science fictions to fool people and fulfill their hidden secret agendas. Whole Christianity might have been dosed to sleep no matter what is happening to humanity by twisting their faith that Jesus (Peace-Be-Upon-Him) will come again and fixed the world so till then keep sleeping no matter what is happening to rest of the world. Similarly whole Muslim World might have been put on sleeping dose, that when Imaam Mahdi will come and he along with Jesus (Peace-Be-Upon-Him) will fight with Dajjal and only then it will be peace in the World and Imaam Mahdi will not be visible till Dajjal attacks on Syria, which could be another trap. Perhaps Dajjal will not attack Syria (population around **23** million as of **2014**), till he finishes/wipes out completely all **1.6** billion of Muslims. **It could be a Great Gigantic Trap to put humanity on sleep. Now it is time for Global World to wake/rise up and be careful from Master Mind Criminals/Terrorists and prevent humanity from those by joining Global Unity without any discrimination of Religion, Race, Sect, Gender, Color, Nationality, Rich, Poor, Young or Old, etc. otherwise they could be next in line.**

Every child is born with true love in his/her heart. Later it is society (home, neighbors, institutions etc.), which makes him/her a Hero or Criminal. Mothers need special trainings to help raise their children to become Hero and present a great example for Global World with true love. **Remember:** We are children of Adam and Eve and we are Global Brothers and Global Sisters of a Global Family, (Ref: Al_Quraan_002.030-039, 007.011-025, 015.26-44, 017.61-65, 018.050-051, 020.115-124, 038.071-085).

To Protect World from Criminals/Terrorists which is causing Global Poverty and Artificial Global Famine as well, which is igniting Terrorism, in addition to Ruthless Genocide-Holocaust, we must understand Criminal Master Minds, and we must need to find the roots of all Crimes, starting from Mother Womb till the Grave. Keep in mind what a **NON** patience Mother might do, if her child is crying for milk and she don't have enough money to

buy milk for her. **Remember:** When there was a Women Driver with one year child in the back seat killed after car chase from White House to Capitol on 04-OCT-2013 at 2:15 PM:
http://www.washingtonpost.com/politics/police-lock-down-capitol-after-shots-fired/2013/10/03/48459e0e-2c5a-11e3-8ade-a1f23cda135e_story.html

One of the possible reasons could be **United States federal government shutdown of 2013 ran from October 1 to October 16, 2013 which had surely affected low income families and small businesses:**

http://en.wikipedia.org/wiki/Government_shutdown_in_the_United_States

Breeding grounds for all kids of Global Terrorisms and Global Crimes are **Global Poverty** and **Global Famine**, where people are widely available to do anything for little money for their survivals. Master minds can easily find them, twist them including their beliefs/faiths and forcefully use them according to their own desire. Master minds may also create some scenarios by all means including science fictions to fool people to rob the wealth of the world. Master minds may plan for hundreds of years if not thousands of years to rob the wealth of the whole world in stages. Master minds may also fool their citizens, and create scenario to prove that war is inevitable and must have to go for war, but in reality to run their war related businesses and become richer than ever before and again and again, or rob the wealth of others. Many wars in the past were based on lies and fooled their own citizens, e.g. Vietnam War, Gulf War on the issue of Weapons of Mass Destruction in Iraq etc. EBOLA, SARS, AIDS & Chicken Pox etc. could be Biological weapons to wipeout people in other parts of the world as well as creating artificial famine. **War is not an option in which economy dies again and again, BUT Love is, which starts from forgiveness as mentioned in the Quraan,** (Ref: Al_Quraan_041:035).

If you get more fruits and vegetables etc. than what you need, then share it with your neighbors, Friends and relatives and support following programs from the depth of your heart to fix Global system which is hurting all. **Below is a Summary of a Great Unique Breakthrough Plan for Global Poverty and Global Famine:**

Global World has to be fixed in phases since there is no magic wand as well as we don't have overnight solutions.

Phase 1> In this phase we together need to save all those people who are badly suffering from Global Poverty and Global Famine. We will Feed them, Shelter them, Educate them and put all of them on Research & Development and make them

free from burden on rest of the world as much as possible. We will only give suggestions and recommendations from **Phase 1**, and pray for them, without any force. We will wait forever to fix Global World, even if takes hundreds of years or millions of years, **as long as all the People around the world and all the Government around the World allow us to run Phase 1** Globally using **Unlimited Virtual Gold** as a new **currency** only for basic survivals including their studies and research and developments around the globe. **All prototypes, solutions and suggestions etc. will be totally FREEWARE (no license needed) and will be fully allowed for everyone.**

Phase 3> Once **Phase 2** is fixed, we can move on for Cosmetics/Luxury etc. to build Heavenly Earth and Sky is the limit. **We must make sure that pollutions etc. are totally under control.**

If you have better plan please share with people around the Globe, otherwise please join together and invite others to join this **Great Noble Mission** before it gets too late and who knows you could be next in line suffering badly from Global Terrorisms. **I don't ask any single penny for this in Donations (ZERO Donations)** and it is a **Unique Global Charity**, without asking any donation rather **FULL** permission from all people and all governments. **If Allah asks on the Day of Judgment, I and those who support this can clearly say we have done our best to invite people to support it, but it is on rest of the people and all governments.**

Global Solution to Security Breach

Global Security will be in Jeopardy since it is not taking in depth analysis to protect Global Citizens in spirit. Global Terrorism is on the rise we need to do in depth detail analysis for the Global Solution to Security Breach. Our emails, phone calls, communication on social media are at risk in addition to our banking information as well as Global Citizens Personal Information. These are due to world going on wrong direction, not taking notice of many key things including insiders and is like in **Urdu** it is said about insiders as **GHAR KAA BHEDI LANKA DHAYE** {**Beware of the insiders, for they can bring down the biggest setup (because of their insider knowledge)**}. BUT many Governments don't realize it yet. If you call help desk for any technical issue regarding your internet or phone etc. you might be talking to the person sitting other side of the Globe, BUT when you are talking regarding your **credit cards, bank cards, national Identity Card, Passport or your tax related issues etc.** and you get reply from other part of the globe **it is Serious issues of Global Security Breach and Global Security is really in Jeopardy** and many top level managements and Government Officials just ignoring it which is serious Global Crime and crime against humanity as well. The person on the phone from other part of the world may sell your security information to others for big money and that guy further sell to more others to earn more big money on Global Security Breach which will be hard to catch at later stage.

Global Stability:

One of the biggest issues with Global Security Breach is Global instability causing Global Terrorism, and because of which Global Security is in Jeopardy. Global World is facing Great instability causing many countries and regions going through a Great Turbulence of Global Uncertainty. People are suffering badly all around the world including Thailand, Greece and many African countries and even in the United States of America, with no exception to Muslim Countries and **it looks like there is Great Hidden Secret Agenda to wipeout Muslims is still going on before wiping out others.** Perhaps till now it could be like tip of an iceberg what we have seen yet and rest could be about to come sooner if not later, since the world didn't took the true guidance from the Quraan to stabilize the Global World to save the humanity.

Please read Georgia Guidestones: https://en.wikipedia.org/wiki/Georgia_Guidestones

If one region is rich in minerals, then other could be rich in oil or gas or foods or even manpower etc. UN must come forward to balance the Global World by sharing all the resources in a balanced way, otherwise more and more disasters may come in the shape of poverty, and innocent people may not have any choice than come to street violently, since they cannot see their infants crying for milk, food and other basic needs.

It is not the Wealth (Gold or Silver) or Power which could save the Global World. Allah seized Qaroon, Pharaoh, and Hamaan and many more, for their crime against humanity and nothing could save them including their wealth, power or people etc. (Ref: Al_Quraan_029:039). World didn't end there, but even without their wealth and power, it had re-developed. Those who never faced real poverty for years may never understand its solution, unless they have really took the Guidance from the Quraan. It is **100%** guaranteed to save the world globally, if we truly apply the guidance from the Quraan.

It is time now to open our eyes and correct ourselves to serve the humanity in the light of Quraan, since the Quraan gives the true guidance to fix the system to save the Humanity in a balanced way (Al_Quraan_002:002).

Allah Never Destroys any Good Nation (Ref: Al_Quraan_011.116-117). Do not turn out people from their homes (Ref: Al_Quraan_002:084). Saving a Life is like Saving the Whole World. (Ref: Al_Quraan_005.032). There is NO Compulsion in Religion. (Ref: Al_Quraan_002:256)

UN needs to note down all issues big or small and needs to analyze it in great detail on case by case method and first start with all those issues which had triggered the Great Turbulence of Global Instability causing Global Terrorism.

Few of major issues which had caused the Global Instability are interest based system, alcohol, gambling and supply and demand system, on which special deep study is needed (Ref: Al_Quraan_002.278-279, 002.219). **If one consumes Alcohol or Intoxicate Drugs etc. it is like he/she has issued Blank Cheques to those who are really fooling them.**

Avoid loans, avoid waste and stop greediness as much as possible keeping in mind how much is too much to help stabilized the Global World (Ref: Al_Quraan_009.060, 025.063-067).

We all need to help as much as we can to build the Global World for the better future for our kids, only then we can hope that our kids will have the fruits of it and will pray for us. Educate yourself including your kids and keep your knowledge up to date according to time, as much as possible without wasting a minute. If you have better knowledge then teach others or share with others for free if possible (Ref: Al_Quraan_096.001-005).

United Nations must be ready to abandon any laws which might hurt economy of general public, in such a way which helps to move forward by forgiving and forgetting the past BUT taking lessons from the past. It must follow the basic rule to TAX the GREEDY not the NEEDY. **Education must be provided to all with internationally recognized good high standards for FREE, which must have good parent-teacher relation.**

World has enough to feed but not greed. United Nations must balance the production cost globally in relation to Gold (currency). You cannot buy the Whole World from Gold, since Gold is a little tiny part of the Whole World.

Global Terrorism:

Humanity is already **FED-UP** from all kinds of Global Terrorisms and Global Security Breaches is on top of it BUT Governments are not doing enough rather they are allowing openly this to happen to put you in Jeopardy and they don't care at all. The Roots of all kind of terrorism starts from **UNJUST** at Homes, City, Country, Global Neighborhoods and Global Institutions, due to not taking guidance from the Quraan True Book of Guidance in spirit. **No one is better guide for a child than a Mother.** BUT when prices are sky rocketing for everything including milk, and survival on one income is not enough for one small family then mothers had to leave their little cute children on the hands of others in the daycare, so they don't have time to guide their own children to put them on right direction. It is UNJUST with the children, who are future of our Global World, which

together can turn into Heavenly Earth, BUT not alone. **Terrorists have NO Religion and are NOT Human. It is crime against Humanity to ignite wars to sell their arms.**

Every child is born with true love in his/her heart. Later it is society (home, neighbors, institutions etc.), which makes him/her a Hero or Criminal. Mothers need special training to help raise their children to become Hero and present a great example for Global World with true love. **Remember:** We are children of Adam and Eve and we are Global Brothers and Global Sisters of a Global Family, (Ref: Al_Quraan_002.030-039, 007.011-025, 015.26-44, 017.61-65, 018.050-051, 020.115-124, 038.071-085).

Humanity could have been trapped by Criminal Master Minds which is causing Artificial Global Poverty and Artificial Global Famine. In the past these criminals could have been created some scenario like Dracula to prevent from general public and do their hidden secret agendas in their special reserved places which includes drugs to earn big money. **In modern ages they might be using modern advanced tools/technologies etc. like science fictions to fool people and fulfil their hidden secret agendas which includes igniting wars between two countries / nations / continents so that they can sell their arms etc. to earn big huge money and boost their economy.** Whole Christianity might have been dosed to sleep no matter what is happening to humanity by twisting their faith that Jesus (Peace-Be-Upon-Him) will come again and fixed the world so till then keep sleeping no matter what is happening to rest of the world for thousands of years if not millions of years. Similarly whole Muslim World might have been put on sleeping dose, that when Imaam Mahdi will come and he along with Jesus (Peace-Be-Upon-Him) will fight with Dajjal and only then it will be peace in the World and Imaam Mahdi will not be visible till Dajjal attacks on Syria, which could be another trap. Perhaps Dajjal will not attack Syria (population around **25** million as of **2017**), till he finishes/wiped out completely all **1.8** billion of Muslims around the world. **It could be a Great Gigantic Trap to put humanity in Jeopardy and it is a crime against humanity.** **Now it is time for Global World to wake/rise up and be careful from Master Mind Criminals/Terrorists and prevent humanity from those by joining Global Unity without any discrimination of Religion, Race, Sect, Gender, Color, Nationality, Rich, Poor, Young or Old, etc. otherwise they could be next in line.**

To Protect World from Criminals/Terrorists which is causing Artificial Global Poverty and Artificial Global Famine as well, we must understand Criminal Master Minds, and we must need to find the roots of all Crimes starting from Mother Womb till the Grave. Keep in mind what a **NON** patience Mother might do, if her child is crying for milk and she don't have enough money to buy milk for her and what if same situation gets repeat for the same mother tenth times. **Remember:** When there was a Women Driver with one year child in the back seat killed after car chase from White House to Capitol on **04-OCT-2013** at **2:15 PM**:

http://www.washingtonpost.com/politics/police-lock-down-capitol-after-shots-fired/2013/10/03/48459e0e-2c5a-11e3-8ade-a1f23cda135e_story.html

One of the possible reasons could be **United States federal government shutdown of 2013** ran from **October 1 to October 16, 2013** which had surely affected low income families and small businesses:

http://en.wikipedia.org/wiki/Government_shutdown_in_the_United_States

Breeding grounds for all kids of Global Terrorisms and Global Crimes are Global Poverty and Global Famine, where people are widely available to do anything for little

money for their survivals. Master minds can easily find them, twist them including their beliefs/faiths and forcefully use them according to their own desire. Master minds may also create some scenarios by all means including science fictions to fool people to rob the wealth of the world. Master minds may plan for hundreds of years if not thousands of years to rob the wealth of the whole world in stages. Master minds may also fool their citizens, and create scenario to prove that war is inevitable and must have to go for war, but in reality to run their war related businesses and become richer than ever before and again and again, or rob the wealth of others. Many wars in the past were based on lies and fooled their own citizens, e.g. Vietnam War, Gulf War on the issue of Weapons of Mass Destruction in Iraq etc. EBOLA, SARS, AIDS & Chicken Pox etc. could be Biological weapons to wipeout people in other parts of the world as well as creating artificial famine. **War is not an option in which economy dies again and again, BUT Love is, which starts from forgiveness as mentioned in the Quraan,** (Ref: Al_Quraan_041:035).

Comparing Collapses to Controlled Demolitions

<https://www.youtube.com/watch?v=5ag4T6hTG34>

If two countries are in conflict/war, it might last a few years/decades including preparation time but other supporting countries economy might boost, since these two might be buying tools etc. from them and later all collapses, **while LOVE last much longer as long as they keep loving each other**. e.g. if in India alone out of **1.5** billion people, **1** (one) billion people need cell phones right now, at present time all cell phone industries together might not be able to produce it right away. Another example is if situation in the middle-east gets stable, perhaps **1%** of **1.8** billion Muslims may be interested every year to visit Baitul-Maqdis (Al-Aqsa) Masjid in Jerusalem, Israel. Think of how much never ending businesses will grow there and how much benefits their local people will get.

The Truth about Truth has three bitters/sours and painful stages:

- .Ignorant people make fun of it.
- .Ignorant people try to kill the truth. Truth dies when people wage war against each other.
- .People eventually accept the truth as being self-evident.

In reality the Truth stands out clear from error and makes you FREE according to the Quraan, (Ref: Al_Quraan_002:256) **and the Bible,** (Ref: Bible_John 8:32).

Global World is facing a Global Economic Disaster and needs a Global Revolution:

It is not Wealth (Gold or Silver etc.) or Power which can save the Global World. Allah seized Qaroon, Pharaoh, and Hamaan and many more, for their crimes against humanity and nothing could save them, not even their wealth, power, or people, etc., (Ref: Al_Quraan_029:039). The World didn't end there, but it re-developed after a Great Revolution. Those who have never faced poverty may never understand its solution, unless they have really taken Guidance from the Quraan or have gone for intensive training. **It is 100% guaranteed to save the world and to help build our Heavenly Earth. If we truly apply the guidance given by the Quraan, we can re-develop the world through our own Great Global Revolution.** In simple terms **"NO CHANGES WITHOUT ACTIONS"**! It is time now to open our eyes and correct ourselves to serve the humanity in a revolutionized way in the light of Quraan, in which all including Rich & Poor can live safe and sound, since the Quraan gives the true revolutionized guidance to fix the Global System to save Humanity in a balanced way (Ref: Al_Quraan_002:002).

Below are just few things to keep in mind:

No Customer	-	No Businesses
More Customers	-	More Businesses
Good Customers	-	Good Businesses
Healthy Customers	-	Healthy Businesses

Customers are people and by saving the people we save the businesses, (Ref. Al_Quraan_005.032).

For better services to customers we need better/healthy employee, which means better benefits for employees not benefits cuts. By Laying Off employees means increase in poverty and also increase in crime.

We don't know exact date when Global Poverty and Global Famine started due to Global Terrorism, either hundred years, or five hundred years or thousand years, but for sure we have the solutions in the Quraan, which teaches us to **come to the common point** without any discrimination of Religion, Race, Sect, Gender, Color, Nationality, Rich, Poor, Young or Old, etc., with **100%** Guaranteed and without any compulsion in religion (Ref: Al_Quraan_002.256, 002.286, 003.064, 005.005, 005.035, 006.132, 013.011, 017.019, 018.029, 020.015, 028.084, 030.022, 042.030, 046.019, 049.013, 053.031, 053.039, 076.003, 091.007-010).

Avoid loans, avoid waste and stop greediness as much as possible keeping in mind how much is too much to help stabilized the our Heavenly Earth (Ref: Al_Quraan_009.060, 025.063-067).

Only True Love with Humanity in the light of the Quraan can save Global World with **100%** Guaranteed. We must join together to fight against **Global Poverty** and **Global Famine**. **Plant Fruits and Vegetables etc. in your backyards, on the side of the streets, and parks etc. where ever it is possible and permissible by your governments**. If you get more fruits and vegetables etc. than what you need, then share it with your neighbors, Friends and relatives and support following programs from the depth of your heart to fix Global system which is hurting all. **Below is a Summary of a Great Unique Breakthrough Plan for Global Poverty and Global Famine:**

Hiring Robots and Firing People is going on. BUT Robots and Machines don't eat apple and oranges, so Apple and Orange Farms and their Businesses will be Bankrupt.

A Single Machine may replace Thousands Human BUT NOT a Single Human can ever replace a Single Machine.

Global World has to be fixed in phases since there is no magic wand as well as we don't have overnight solutions.

Phase 1> In this phase we together need to save all those people who are badly suffering from Global Poverty and Global Famine. We will Feed them, Shelter them, Educate them and put all of them on Research & Development and make them free from burden on rest of the world as much as possible. For this we must have to use **Unlimited Virtual Gold** as currency, only for basic survivals **NOT** for luxury, where a sip of wine or a single smoke will be treated as luxury but not the computer for educations/studies. **All Global Students will get totally**

free educations along with stipends/allowances for their survivals, so that they can fully concentrate on their studies which will help to build Whole New World (Heavenly Earth). **Detail Project Guide Lines (Global Agendas) needs to be developed with full cooperation with all the People and all the government around the world.**

Phase 2> Together we need to work on to build Whole New World and find solution to present Global System, so that people from **Phase 1** can be re-employed/re-deployed. We will only give suggestions and recommendations from **Phase 1**, and pray for them, without any force. We will wait forever to fix Global World, even if takes hundreds of years or millions of years, **as long as all the People around the world and all the Government around the World allow us to run Phase 1 Globally using Unlimited Virtual Gold as a new currency** only for basic survivals including their studies and research and developments around the globe. **All prototypes, solutions and suggestions etc. will be totally FREEWARE (no license needed) and will be fully allowed for everyone.**

Phase 3> Once **Phase 2** is fixed, we can move on for Cosmetics/Luxury etc. to build Heavenly Earth and Sky is the limit. **We must make sure that pollutions etc. are totally under control.**

War is not an option BUT Love is for sure, so Love Humanity to save the world. If you have better plan please share with people around the Globe, **otherwise** please join together and invite others to join this **Great Noble Mission** before it gets too late and who knows you could be next in line suffering badly from Global Terrorisms. **I don't ask any single penny for this in Donations (ZERO Donations) and it is a Unique Global Charity,** without asking any donation rather **FULL** permission from all people and all governments. **If Allah asks on the Day of Judgment, I and those who support this can clearly say we have done our best to invite people to support it, but it is on rest of the people and all governments.**

I invite you all to join this Unique Great Noble Mission and invite others to joint it, to save Humanity from Global Poverty and Global Famine, which will sure gradually reduce Global Crime as well, without any discrimination of religion, race, color, gender, language or nationality etc.

Road Blockers to Humanity are those who do not join it as well as those who do nothing to save Humanity.

Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation or Global World.

Do not even think to try to re-appoint those who were failed to protect the corruptions in the land. Media Must Play an Active Role.

Global Solution to Terrorism

Humanity is FED-UP from all kinds of Global Terrorism. The Roots of all kind of terrorism starts from **UNJUST** at Homes, City, Country, Global Neighborhoods and Global Institutions, due to not taking guidance from the Quraan True Book of Guidance in spirit. **No one is better guide for a child than a Mother.** BUT when prices are sky rocketing for everything including milk, and survival on one income is not enough for one small family then mothers had to leave their little cute children on the hands of others in the daycare, so they don't have time to guide their own children to put them on right direction. It is UNJUST with the children, who are future of our Global World, which together can turn into Heavenly Earth, BUT not alone. **Terrorists have NO Religion and are NOT Human.**

Every child is born with true love in his/her heart. Later it is society (home, neighbors, institutions etc.), which makes him/her a Hero or Criminal. Mothers need special training to help raise their children to become Hero and present a great example for Global World with true love. **Remember:** We are children of Adam and Eve and we are Global Brothers and Global Sisters of a Global Family, (Ref: Al_Quraan_002.030-039, 007.011-025, 015.26-44, 017.61-65, 018.050-051, 020.115-124, 038.071-085).

Humanity could have been trapped by Criminal Master Minds which is causing Global Poverty and Artificial Global Famine. In the past these criminals could have been created some scenario like Dracula to prevent from general public and do their hidden secret agendas in their special reserved places. In modern ages they might be using modern advanced tools/technologies etc. like science fictions to fool people and fulfil their hidden secret agendas. Whole Christianity might have been dosed to sleep no matter what is happening to humanity by twisting their faith that Jesus (Peace-Be-Upon-Him) will come again and fixed the world so till then keep sleeping no matter what is happening to rest of the world. Similarly whole Muslim World might have been put on sleeping dose, that when Imaam Mahdi will come and he along with Jesus (Peace-Be-Upon-Him) will fight with Dajjal and only then it will be peace in the World and Imaam Mahdi will not be visible till Dajjal attacks on Syria, which could be another trap. Perhaps Dajjal will not attack Syria (population around **23** million as of **2014**), till he finishes/wiped out completely all **1.6** billion of Muslims. **It could be a Great Gigantic Trap to put humanity in sleep.** **Now it is time for Global World to wake/rise up and be careful from Master Mind Criminals/Terrorists and prevent humanity from those by joining Global Unity without any discrimination of Religion, Race, Sect, Gender, Color, Nationality, Rich, Poor, Young or Old, etc. otherwise they could be next in line.**

Global Solution to Collapse of Micro Unions

Allah has created this world for our test and sent us clear commandments (the Quraan) to serve and protect humanity without any discrimination.

Saving a Life is without any discrimination like save whole world, (Ref: Al_Quraan_005:032).

The Quraan is the book for the Guidance for mankind, BUT only those who follow it in spirit can get the Guidance, (Ref: Al_Quraan_002:001-005, 039:041).

We have sent you (O Prophet) only as a mercy for the whole world, (Ref: Al_Quraan_021:107).

Micro Unions whose mission is to serve and protect only few groups will fail. When Muslims were taking the Guidance from the Quraan they lead the world. BUT when they started deviating from the Quraan and started thinking for Muslims, they started collapsing. NAFTA came into force on January 1, 1994 for the union of USA, Canada and Mexico, BUT now collapsing in 2017. **European Union** was established in 1999 but now collapsing in 2017. **Brexit** was the withdrawal of the United Kingdom from the European Union at 23:00 GMT on 31 January 2020. United Nations was established on 24 October 1945 after **World War II**, BUT never ever be able to serve and protect its union and is a total failure due to highly influence and directed by USA (the King) only.

Many world leaders are trying their best to save only Business BUT still Extreme Poverty and Famine is on the rise. **A single machine may replace thousands of humans BUT not a single human can ever replace a single machine.** It is the root causes of many failures since not taking the Guidance from the Quraan to serve and protect humanity.

We have the solutions in the Quraan, which teaches us to **come to the common point** without any discrimination of Religion, Race, Sect, Gender, Color, Nationality, Rich, Poor, Young or Old, etc., (Ref: Al_Quraan_002:256, 002:286, 003:064, 005:005, 005:035, 006:132, 013:011, 017:019, 018:029, 020:015, 028:084, 030:022, 042:030, 046:019, 049:013, 053:031, 053:039, 076:003, 091:007-010). **It is 100% guaranteed to save the world and to help build our Heavenly Earth. If you get more fruits and vegetables etc. than what you need, then share it with your neighbors, Friends and relatives and support following programs from the depth of your heart to fix Global system which is hurting all.

We invite you all to start a New Global System to save humanity, which needs full approval from all around the world, without any donation.

Global Spider Webs - Global Traps

There are many kinds of Global Spider Webs & Global Traps around the world along with confused Taxation Rules which are hurting general public, who are in need to be aware of all kinds of Global Scams, Traps etc.

E-Mail Be Aware:

Be Aware of Fake Delivery Notifications, targeted messages and attachments. Do not click on embedded links & attachments from unknown sources that you are not expecting.

Buyer Be Aware:

Be Aware of Misleading Ads, since online ads may have hidden costs even if it sounds too good to be true, it probably is a trap. Be careful when clicking ads. Do not make spur of the moment purchases.

Mobile Apps Be Aware:

Be Aware of Mobile Apps, SMS texts, add-ons and sharing your information. Install apps from google play and the apple store - these organizations do their best to ensure apps are legitimate. Before installing any app take the time to review the information that you are required to share.

Digital E-Greeting Cards and E-Vouchers Be Aware:

Be Aware of Digital E-Greeting Cards and E-Vouchers. Validate an e-mail address prior to opening an e-greeting card. You only place your mouse over embedded link(s) without clicking, and check the URL in the status bar, to ensure that the URL displayed is the same source as the sender or you are expecting it.

Vacation/Travel Be Aware:

Be Aware of Vacation, Travel bargains and Budget vacations. Make sure that you pay attention to all of the "small print" to protect yourself from scammers. Do your research carefully and check with online rating sites to get feedback from others who have visited the location you want to vacation to.

Fraud Calls from Banks Be Aware:

Be Aware of Fraud Calls from Banks and protect your CVV number. Don't get tricked by fraudulent calls. Never give out your 3-digit CVV on the back of your card to anyone unless you initiated the call as part of a purchase.

ATM Machine Skimming Be Aware:

Be Aware of ATM Skimming, Fake Overlay and Cameras. Always look closely at the ATM to see if something is out of place. Always cover your hand when keying in your pin so that it is not visible. Instead of using the standard 4-digit pin, most banks will allow up to 8 or even 12 digits... using a longer pin makes it more difficult for criminals to manufacture a replacement card. Always check your bank balance to reconcile the transactions. If something is wrong, immediately contact your bank!

Year in Review Be Aware:

Be Aware of Year in Review and be careful when internet browsing, Emails with links to malicious software. Ensure site is legitimate before clicking on links. Don't click on attachments or links prior to validating sender.

Travel with Mobile Devices Be Aware:

Be Aware of Travel with Mobile Devices. Be aware of free wireless connections. Beware of international laws and policies. Protect your mobile devices with a strong pin or password. Backup your data, emails, contacts and pictures when possible.

USB Flash Drives Be Aware:

Be Aware of USB Flash Drives. Be aware of USB exploits such as "BADUSB". Be aware of USB drive scams

Prevent connecting untrustworthy USB drives to your computers. Determine USB drive reliability and integrity before purchasing.

Charities Be Aware:

Be Aware of Bogus Charities, when receiving a donation request and not sure that the charity is legitimate. Check to ensure the charity is legitimate, which is very hard for general public. Don't rush to make a donation online or over the phone. Don't click on links that you are not sure about.

Taxation Be Aware:

Every country has their own taxation rules for running their Governments. We must remember these rules are made by human and there could be a few errors and confusions which the general public doesn't understand clearly. There might be a few issues which even qualified accountants are unclear about possibly due to lack of experience. If hundreds of thousands of civilians are trapped into any taxation rule, then it is the Taxation Department's mistake and they need to FIX THEIR RULES FOR FUTURE, by taking lessons from the past. If they start going against the interest and wellbeing of the general public, then there is a chance that the public will get tensions/anxieties which may trigger medical conditions such as, High Blood Pressure, Cholesterol, Diabetic problems, Thyroid issues, etc. and in some extreme cases even deaths as well. It will surely increase medical costs on general public as well as governments. In regards to charitable donation, keep in mind if someone gets a **\$10,000** refund, he/she might have to donate around **\$5,000** to get that, so his/her take-home refund is only **\$5,000** not **\$10,000**. They fall into this trap due to the Taxation Department's wrong and confusing rules, since they haven't mentioned anywhere in that specific rule that the department will start investigating these types of charitable donations. One of the main reasons why Government don't fix it for future, could be lawmakers which includes top level political parties/leaders might also getting benefits from its loopholes and are unjustly protected, while others fall into this trap and might get heart attack even in extreme cases death etc., and it needs full investigations.

There might be many countries that have taxation issues which are not clear. Below are just few examples:

Please share it with others for general public awareness to protect you, your loved ones and your communities from this hidden trap. It is like spider web and anyone may be trapped very easily and become bankrupt. If you have any knowledge about any other issues please share with others as well, before it is too late and they become bankrupt.

Taxation Departments must **FIX THEIR RULES FOR FUTURE**, by taking lessons from past and working for the betterment of the general public.

Global Stability

Global World is facing Great instability causing many countries and regions going through a Great Turbulence of Global Uncertainty. People are suffering badly all around the world including Thailand, Greece, many African countries and even in the United States of America, with no exception to Muslim Countries. Perhaps till now it could be like tip of an iceberg what we have seen yet and rest could be about to come sooner if not later, since the world didn't took the true guidance from the Quraan to stabilize the Global World to save the humanity.

If one region is rich in minerals, then other could be rich in oil or gas or foods or even manpower etc. UN must come forward to balance the Global World by sharing all the resources in a balanced way, otherwise more and more disasters may come in the shape of poverty, and innocent people may not have any choice than come to street violently, since they cannot see their infants crying for milk, food and other basic needs.

It is not the Wealth (Gold or Silver) or Power which could save the Global World. Allah seized Qaroon, Pharaoh, and Hamaan and many more, for their crime against humanity and nothing could save them including their wealth, power or people etc. (Ref: Al_Quraan_029:039). World didn't end there, but even without their wealth and power, it had re-developed. Those who never faced real poverty for years may never understand its solution, unless they have really took the Guidance from the Quraan. **It is 100% guaranteed to save the world globally, if we truly apply the guidance from the Quraan.**

It is time now to open our eyes and correct ourselves to serve the humanity in the light of Quraan, since the Quraan gives the true guidance to fix the system to save the Humanity in a balanced way (Al_Quraan_002:002).

Allah Never Destroys any Good Nation (Ref: Al_Quraan_011.116-117). **Do not turn out people from their homes** (Ref: Al_Quraan_002:084). **Saving a Life is like Saving the Whole World.** (Ref: Al_Quraan_005.032). **There is NO Compulsion in Religion.** (Ref: Al_Quraan_002:256)

UN needs to note down all issues big or small and needs to analyze it in detail on case by case method and first start with all those issues which had triggered the Great Turbulence of Global Instability.

Few of major issues which had caused the Global Instability are interest based system, alcohol, gambling and supply and demand system, on which special deep study is needed (Ref: Al_Quraan_002.278-279, 002.219).

Avoid loans, avoid waste and stop greediness as much as possible keeping in mind how much is too much to help stabilized the Global World (Ref: Al_Quraan_009.060, 025.063-067).

We all need to help as much as we can to build the Global World for the better future for our kids, only then we can hope that our kids will have the fruits of it and will pray for us. Educate yourself including your kids and keep your knowledge up to date according to time, as much as possible without wasting a minute. If you have good knowledge teach others or share with others for free if possible (Ref: Al_Quraan_096.001-005).

UN must be ready to abandon any laws which might hurt economy of general public, in such a way which helps to move forward by forgiving and forgetting the past BUT taking lessons from the past. It must follow the basic rule to TAX the GREEDY not the NEEDY. Education must be provided to all with internationally recognized good high standards on reduced rate if not for free, which must have good parent-teacher relation.

World has enough to feed but not greed. **United Nations** must balance the production cost globally in relation to Gold (currency). You cannot buy the Whole World from Gold, since Gold is a little tiny part of the Whole World.

Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation.

Do not even think to re-appoint those who were failed to protect the corruptions in the land.

Global States of Peace Steps to Build

Global World is fed up with all kinds of Global Corruptions, Global Terrorism and Global Kiosk etc. There must be No More Global Holocausts/Genocide/Massacre around the Globe, Nether in Slow Motion & Nor in Fast Motion & Not with Cold War as well and **No More Closed Door Meetings & No More Hidden Secret Agenda. Why Waiting for Saviors for Thousands of Years When Humanity is Dying Now, so don't wait for Jesus (Peace-Be-Upon-Him) or Imaam Mahdi or others to come, Join Us to Save Humanity Without any Discrimination Now Before it Gets Too Late.**

Major Roots of Global Corruptions:

Major Roots of Global Corruptions, Terrorism, Kiosk etc. are Global Poverty and Global Famine. Hiring Robots and Firing People will not resolve Global Issues, since a single machine may replace thousands of human but not a single human can ever replace a single machine. We must have a Global Savior System to save humanity without any discrimination, not for luxury rather for basic needs according to the time. When a country is born it also has a unique currency, for Global States of Peace we will have Unlimited Virtual Gold, where one gram of real gold is equal to one Virtual Gold. You cannot buy whole world with Gold, since it is little tiny part of whole world, since it is a reference point. Then money will not be the road blocker for serving Global Humanity, rather availability of sustains, and if possible to grow or build more we can do more. Below is an example of Global Downsizing-Shutdown-Lockdown.

Take an example of past time, when **1000** people were working in a farm land. Later they started using tractors and other machines, because of which layoff started happening and when comes superfast technology, more and more people were being off the jobs, perhaps they only need **10** people, then what those leftover **990** people will do and what education they need to get jobs. These **990** people were good customers to many businesses while on the job, and now they are not. Same way other businesses started using superfast technology and had laid off many employees, who were customers to many businesses as well, but not anymore. Although you are seeing other new technologies are coming into market, but later slowing down, since they calculated for total population and thinking that everyone has money tree in their backyards, but in reality they don't have, since they have lost their job. Later industries started shutting down followed by banks and Governments as well.

Breeding grounds for all kids of Global Terrorisms and Global Crimes are Global Poverty and Global Famine, where people are widely available to do anything for little money for their survivals. Master minds can easily find them, twist them including their beliefs/faiths and forcefully use them according to their own desire. Master minds may also create some scenarios by all means including science fictions to fool people to rob the wealth of the world. Master minds may plan for hundreds of years if not thousands of years to rob the wealth of the whole world in stages. Master minds may also fool their citizens, and create scenario to prove that war is inevitable and must have to go for war, but in reality to run their war related businesses and become richer than ever before and again and again, or rob the wealth of others. Many wars in the past were based on lies and fooled their own citizens, e.g. Vietnam War, Gulf War on the issue of Weapons of Mass Destruction in Iraq etc. EBOLA, SARS, AIDS & Chicken Pox etc. could be Biological weapons to wipeout people in other parts of the world as well as creating artificial famine. War is not an option in which economy

dies again and again, BUT Love is, which starts from forgiveness as mentioned in the Quraan, (Ref: Al_Quraan_041:035).

We don't know exact date when Global Poverty and Global Famine started due to Global Terrorism, either hundred years, or five hundred years or thousand years, but for sure we have the solutions in the Quraan, which teaches us to **come to the common point** without any discrimination of Religion, Race, Sect, Gender, Color, Nationality, Rich, Poor, Young or Old, etc., with **100%** Guaranteed and without any compulsion in religion (Ref: Al_Quraan_002.256, 002.286, 003.064, 005.005, 005.035, 006.132, 013.011, 017.019, 018.029, 020.015, 028.084, 030.022, 042.030, 046.019, 049.013, 053.031, 053.039, 076.003, 091.007-010).

Where We Stand, with Allah/God/Bhagwan/Ishvar to Save Humanity or with Shaitan to wipe out Humanity, check Your Action?

If you really love Allah/God/Bhagwan/Ishvar you must help him by establishing Global States of Peace without any discrimination.

Either You are with Allah/God/Bhagwan/Ishvar - or - with Shaitaan/Devils.

Either You are with Allah/God/Bhagwan/Ishvar's Party to save humanity without any discrimination - or - with Devil/Shaitaan's Party to destroy humanity.

We are One Human Race <---> One United Global Voice without any discrimination to build Heavenly Earth

Global World on the Edge of Total Collapse:

Today Global World is on the edge of total collapse and west started accepting that. In the news they started saying **1%** are rich and **99%** are poor, what about in the third world, perhaps it could be 1 in million rich and rest are poor.

If **99%** are rich and **1%** are poor, then rich can give charity of **1%** which total from all rich will **99%** then everyone will be balance, but if **98%** are rich and **2%** are poor and rich, then rich will have to contribute more. BUT what if **1%** are rich and **99%** are poor and no one has any hope to fix the Global System. What about the rest of the poor countries.

Although the **BEST** and **EASIEST** solutions are through Global, without any discrimination of religion, race, gender, colour, language etc. **BUT** even if Global World doesn't understand, True Human Loving People around the Globe doesn't need to sit and wait for Allah/God/Bhagwan/Ishvar to come down and fix it. They must present an example to the rest of the world without any discrimination and not for big salary, benefits etc., rather to serve humanity. No matter from where ideas come, do research on all those ideas with positive attitudes. We need to take example from People like Abdul Sattar Edhi founded of the Edhi Foundation or others around the Globe. We have many Holy Books including the Bible, the Quraan, the Vedas etc. with us and we collectively need to do all necessary actions under our limited resources to fix all kinds of major and minor issues. First step on all these is to Educate our Citizens including Media and our Law and Order Enforcement Agencies (Police, Army, Judicial Systems etc.). **Remember: No changes without right actions.** Act now before it gets too late, keeping in mind tomorrow never comes.

Help Allah/God/Bhagwan/Ishvar, in order to get help from Allah/God/Bhagwan/Ishvar:

O you who believe! If you help Allah, He will help you and will make your foothold firm, (Ref: Al_Quraan_047.007).

We will, without doubt, Help our messengers and those who Believe, (both) in this world's life and on the Day when the Witnesses will stand forth, (Al_Quraan_040.051).

(To help Allah/God/Bhagwan/Ishvar you need to take oath from Allah/God/Bhagwan/Ishvar that you will help him to establish his Global States of Peace, a Heavenly Earth without any discrimination)

Take Oath from Allah/God/Bhagwan/Ishvar to help him:

Surely those who swear allegiance to you do but swear allegiance to Allah; the hand of Allah is above their hands. Therefore whoever breaks (his faith), he breaks it only to the injury of his own soul, and whoever fulfills what he has covenanted with Allah, He will grant him a mighty reward, (Al_Quraan_048.010).

Reason for being Best Ummat-e-Ibrahim:

You are the best of peoples, evolved for mankind, enjoining (order) what is right, forbidding what is wrong, and believing in Allah. If only the People of the Book had faith, it was best for them: among them are some who have faith, but most of them are perverted transgressors, (Al_Quraan_003.110).

(To order, you need to be in Global Ministries, Global Parliaments, Global Courts, Global Police, Global Defense Systems and other Global Law and Global Order Enforcement Agencies etc. If you don't fulfill your duties, then misleading people will destroy Global States of Peace, so don't sit at home and come forward to help Allah/God/Bhagwan/Ishvar by establishing his Global States of Peace without any discrimination)

Allah Granted Inheritance (of power) in the Land to the Believers:

Allah has Promised, to those among you who believe and work righteous deeds, that He will, of a Surety, Grant them in the land, inheritance (of power), as He granted it to those before them; that He will establish in authority their religion - the one which He has chosen for them; and that He will change (their state), after the fear in which they (lived), to one of **security** and **peace**: 'They will worship Me (alone) and not associate aught with Me. 'If any do reject Faith after this, they are rebellious and wicked, (Al_Quraan_024.055).

(You will never be in power unless you help Allah/God/Bhagwan/Ishvar to establish his Global States of Peace and help to those who are sincerely and peacefully working to establish his Global States of Peace without any discrimination. So don't wait for Jesus (Peace-Be-Upon-Him) or Imaam Mahdi or others and do your duty to help Allah/God/Bhagwan/Ishvar by establishing his Global States of Peace without any discrimination. Allah/God/Bhagwan/Ishvar will ask you according to your ability and not Jesus (Peace-Be-Upon-Him) or Imaam Mahdi for not performing your duty. Every soul is responsible for his own deeds)

Emergency has been Imposed on Ummat-e-Ibrahim from Allah to build Global States of Peace Immediately:

At the time of Prophets and Messengers Allah/God/Bhagwan/Ishvar used to inform people through them, but since no more Prophets or Messengers after Prophet Muhammad (Peace-Be-Upon-Him) to come, so it is current condition on which if we try to think on, then it may help us to understand that we have fallen into same condition like before to come to Global Unity immediately, (Ref: Al_Quraan_002.063). You can see for centuries till now Tuesday **11-NOV-2016** that Ummat-e-Ibrahim conditions are worsening day and night. Verily Allah will never change the condition of a people until they (first) change it themselves, (Ref: Al_Quraan_013.011).

Perhaps we don't have any choices other than come under one Global Flag to establish Global States of Peace, since all other choice may not work, due to lack of right technology and it is only the last hope for Global People without any discrimination.

Always Remember:

No More Violence and Not a Single Violence, since Violence is hurting Global Peace very badly.

No More Mistakes and Not a Single Mistake.

Education is the Key to the success of a Nation and is necessary for both Men and Women, (Ref: Al_Quraan_096.001-096.005).

No More Demolishing of Institutions for Boys or Girls, Not a Single Institution. It is the lack of Education of Men and Women which brought Ummat-e-Ibrahim at this stage. First Institution for our kids is their Mother (a Woman) and she needs to be well educated.

Allah does not measure the length of Beard of a Man to check his emaan, but checks his heart for his/her deeds (right actions).

No more burning of Barber shops, No more Demolition of any building.

Muslim Women must wear Scarf/Hijaab an additional cloth over their head and chest on top of loose fitting cloths which does not show off their shape of the body, similar to what they are supposed to wear at Hajj. You can teach your women with true love without force and those who sincerely love Allah will sure wear it, (Ref: Al_Quraan_033.059, 024.030, 024.031).

Government Buildings are Public Properties are paid by Public Tax Money etc.

No more destruction of Government Building, if you demolish today and later you come into power, you may have to re-build it again, which might take ages not overnight.

Justice must have to be done in the light of Quraan, without any discrimination, since unjust are disbelievers.

"Remember! The command is for none but Allah", (Al_Quraan_018.026).

Inter-Sect Marriages may help unite Ummah BUT those who want to go for this, must have to be very sincere about it to build the bridges.

Do your part (right actions), forgive each other and leave the rest on Allah, by fully trusting on Him.

Following are four basic phases to Build Global States of Peace:

- Phase-1:** Perfect Global Unity of Ummat-e-Ibrahim
- Phase-2:** Professional Election
- Phase-3:** Perfect Defense and NOT Offense
- Phase-4:** Future Development

Phase-1:

The **First Phase** to Build Global States of Peace is Perfect Global Unity in each and every matter, without which we might never ever achieve our goal. If you are not coming towards Perfect Global Unity, maybe you are the problem towards Global Unity. After you join the Global Unity, You must also invite others towards Global Unity.

The provinces we now know as Ontario, Quebec, New Brunswick and Nova Scotia joined together to create the new country of Canada on **July 1, 1867**. Later on other provinces and territories joined Confederation and became part of Canada.

History of the UNITY of East and West Germany is not far behind. Also history of European Union is not so far as well. It was people who stand firmly, due to which their rulers had no choice other than get unite peacefully.

We (Global People) must stand firmly and peacefully to build Global States of Peace by uniting all Countries to join the Confederation of Global States of Peace.

We together need to save all those people who are badly suffering from Global Poverty and Global Famine. We will Feed them, Shelter them, Educate them and put all of them on Research & Development and make them free from burden on rest of the world as much as possible. For this we must have to use Unlimited Virtual Gold as currency, only for basic survivals NOT for luxury, where a sip of wine or a single smoke will be treated as luxury but not the computer for educations/studies. All Global Students will get totally free educations along with stipends/allowances for their survivals, so that they can fully concentrate on their studies which will help to build Whole New World (Heavenly Earth). Detail Project Guide Lines (Global Agendas) needs to be developed with full cooperation with all the People and all the government around the world.

Remember: “NO VIOLENCE”; otherwise it will create negative effects.

Remember while Voting: Either You are with Allah/God/Bhagwan/Ishvar’s Party or with Shaitaan’s Party

Phase-2:

The Second Phase to Build Global States of Peace is Global System, without which, we cannot survive. No one is above the law and Global Laws must be Universal for Global People. We need to work intellectually, so we need a Professional System. There will be Professional Election, and not an ordinary Election. In those regions where there is Open Democracy there is a peaceful chance to come through present elections, BUT first we need to teach the people and invite them. We need to explain in little detail the “Professional Election” to the people.

No Vote to Global Peaceful Party is also a Vote to other party. Election is a kind of Baith (Promise, Agreement, Support) what Sahabaa used to have and it is a witness as well as a Justice. So be careful. It is also a Great Peaceful Jihaad to build Global States of Peace without any discrimination.

Caution! Allah/God/Bhagwan/Ishvar may punish those who vote to Non-Peaceful Party while there exist a Global Peaceful Party which is sincerely and peacefully working to build True Global States of Peace. Allah/God/Bhagwan/Ishvar may also punish those who just sit in the home and don’t go for vote to the Global Peaceful Party and because of that Non-Peaceful Party may come in the power and destroy the Global System.

Think! There is a way to get peaceful victory, and for that we only need majority of True Global Peace Loving Voters then there is no doubt that the Global Peaceful Party will come in the power and will be able to build Global States of Peace without any discrimination. We may not get success without Perfect Global Unity.

Warning! Tell Every Peace Loving Global People that they must support the Global Peaceful Party if it exists in their region by giving their vote as well so that Global States of Peace may be established peacefully, otherwise Non-peaceful Party may destroy the Global System and Allah/God/Bhagwan/Ishvar may punish you as well. So Be Careful.

Have you not seen those who assert that they believe in what has been revealed to you and what was revealed before you? They desire to summon one another to the judgment of the Shaitaan, though they were commanded to deny him, and the Shaitaan desires to lead them astray into a remote error, (Al_Quraan_004.060).

Together we need to work on to build Whole New World and find solution to present Global System, so that people from **Phase-1** can be re-employed/re-deployed. We will only give suggestions and recommendations from **Phase-1**, and pray for them, without any force. We will wait forever to fix Global World, even if takes hundreds of years or millions of years, as long as all the People around the world and all the Government around the World allow us to run **Phase-1** Globally using Unlimited Virtual Gold as a new currency only for basic survivals including their studies and research and developments around the globe. All prototypes, solutions and suggestions etc. will be totally FREEWARE (no license needed) and will be fully allowed for everyone.

Help Allah to get Help from Allah/God/Bhagwan/Ishvar:

O you who believe! If you will Help Allah, He will Help you, and plant your feet firmly, (Al_Quraan_047.007).

Phase-3:

Once **Phase-2** is fixed, we can move on for Cosmetics/Luxury including protection of Global People and Global Land etc. to build Heavenly Earth and Sky is the limit. We must make sure that pollutions etc. are totally under control. We cannot defend ourselves without Perfect Defense and NOT Offense.

Remember: There is a Great Lesson in Surah AL-FIL (THE ELEPHANT), Chapter **105**. People of Makkah al-Mukarramah don't have enough power to defend themselves, so they rush to save their lives and left Kabaa on Allah's mercy.

Saving a Life is like Saving the Whole World, (Ref. Al_Quraan_005.032).

Only Forgiveness with True Love Can Save the Global World:

The Global World is shrinking and becoming a Global Family. I found this as a KEY point in cooling down the mind of others, so always remember and keep reminding, that we are the children of Adam and Eve and we are Cousin Brothers and Cousin Sisters and we are a Global Family.

If we don't forgive each other than Terrorism will keep growing and going on and on and will become never ending cycle.

Let there be NO compulsion in Religion (Believe): Truth stands out clear from error, (Al-Quraan_002:256).

Unto you your religion (Believe), and unto me my Religion (Believe), (Al_Quraan_109:006).

Phase-4:

The **Forth Phase** to Build Global States of Peace is **Future Development**, since we naturally need our people and land to develop according to time and place for its ongoing needs.

May Allah UNITE all Ummat-e-Ibrahim to build Global States of Peace, AMEEN.

Allah Never Destroys the Good Nations:

If there had only been a few persons with a little [sense] left to forbid corruption on earth out of those We saved among the generations before you! They followed those who did wrong in whatever they had been luxuriating in, and were criminals. Your Lord would never destroy any towns for doing wrong while their people were trying to reform, (Al_Quraan_011.116-117).

Allah Never Changes the Conditions of a Nation till their People (NOT their Leader) Changes themselves:

In the manner of the people of Pharaoh and those before them; they disbelieved in Allah's communications, therefore Allah destroyed them on account of their faults; surely Allah is strong, severe in requiting (evil). This is because Allah has never changed a favor which He has conferred upon a people until they change their own condition; and because Allah is Hearing, Knowing, (Ref: Al_Quraan_008.052-053).

Invitation to Global People:

If you have better plan please share with people around the Globe, otherwise please join together and invite others to join this Great Noble Mission before it gets too late and who knows you could be next in line suffering badly from Global Terrorisms. I don't ask any single penny for this in Donations (ZERO Donations) and it is a Unique Global Charity, without asking any donation rather FULL permission from all people and all governments. If Allah asks on the Day of Judgment, I and those who support this can clearly say we have done our best to invite people to support it, but it is on rest of the people and all governments.

I invite you all to join this Unique Great Noble Mission and invite others to join it, to save Humanity from Global Poverty and Global Famine, which will sure gradually reduce Global Crime as well, without any discrimination of religion, race, color, gender, language or nationality etc.

Road Blockers to Humanity are those who do not join it as well as those who do nothing to save Humanity.

Thinking locally while living in Global World will not save our Global World.

Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation or Global World.

Do not even think to try to re-appoint those who were failed to protect the corruptions in the land. Media Must Play an Active Role.

A single machine may replace thousands of humans BUT not a single human can ever replace a single machine.

Why Waiting for Saviors for Thousands of Years When Humanity is Dying Now, so don't wait for Jesus (Peace-Be-Upon-Him) or Imaam Mahdi or others, Join Us to Save Humanity Now Before it Gets Too Late.

Global Students Need Debt Free Education

At present time many of Global Students are on huge debts, instead of Debt Free like a new born baby, at the beginning of their practical life after completing their education. All governments need to re-analyze their system to make their student Debt Free as much as possible. All Professional Institutions (Schools, Colleges and Universities) must have one Global Standards without any discrimination so that people will be worry free about their kids from getting a low standard education and will not plan to move to new locations which will sure help save their big huge burden otherwise it will be clear discrimination against students of different regions. All Seats must be balanced (**10%** International, **10%** National, **10%** Provincial and rest **70%** for local/regional students). In case of less applications from International, National or Provincial all available seats must be assigned to Local Students.

People of the World need to contact their politicians (Member of parliaments etc.), to whom they vote for the change to reduce burden from students. Media must play an active role on projecting their concerns.

To stabilize Global World, it urgently needs right Education, which may not be without proper Organizing Skills. Presently cost of education is getting higher and higher and is going beyond the reach of students. Global Government needs to take lessons from the Quraan, the Book of Guidance to take out burden from the shoulder of students so that they can concentrate more on education. Only waiving off tuition fee may not help completely but living expenses must be available to the needy as well. **Sweden** still in **2010** has **totally FREE** Educations for their citizens and also has scholarships for those students who are regularly passing their exams on time to cover their living expenses. So Swedish are more dedicated to their children education and they have many good inventions/contributions to the Global World as well, e.g. Ericson (Mobile), Saab (Vehicle), Volvo (Vehicle), Celsius **100**-point thermometer, First Mechanical Calculator, Bicycle with brakes, Tetra Pack, Battery Powered Pace Maker, Artificial Intelligence, Robotics, Mecanum wheel capable to move in any direction and many more.

To take Global World in a right direction to help humanity, we need to be well organized, dedicated and must have clear direction in a Balanced Way and Debt FREE (Ref: AI_Quraan_009.060, 025.063-067), which may not be achieved without taking guidance from the Quraan (the Book of Guidance for the mankind).

Differences in Income of Lawyers, Doctors and Other Professionals must be balanced, so that student can choose any discipline of their own choice if available. Deep study is needed for Global Government to have clear direction to let the students know where there are more requirements. All profession disciplines must have modern Hands-on-Training in addition to regular courses, to train all students to enter the workforce on time.

Global Government must have clear direction to help students to enter the workforce. No high professional students should be leftover at age **25** without any job, other low tech students should be able to enter the workforce at much earlier age. It must establish a system where seniors must be able to train new students.

Global System must be fixed in a balanced way to overcome Global Instability in the light of the Quraan. It must follow the basic rule to TAX the GREEDY not the NEEDY and TAX on SAVING NOT SPENDING without wasting or over spending. It must ensure that people are

not thrown out from their home. Education must be provided to all with internationally recognized high standards for free, which must have good parent-teacher relation. Burden of debt should not be put on students for their studies including professional studies, so that they can concentrate more on study to acquire more knowledge to help the humanity than worrying on how to pay debt. Earnings must be balanced for each skill sets people may have, so that they don't rush to only few skill sets. Special encouragements must be given to those who sincerely and devotedly work hard to help the Global System in a balanced way. Many times top management neglect those who are the foundations of their team and who are working at lower ranks and due to ignorance their morals are down, which might affect productivity. A few from each group must learn Deen to teach others in their society. (Ref: Al_Quraan_009:122)

Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation.

Do not think to try to re-appoint those who were failed to protect the corruptions in the land.

Global Terrorism Wake-up Call

Global World is fed up with all kinds of Global Corruptions, Global Terrorism and Global Kiosk etc. 911 is a Wake-up Call to save humanity from Global Terrorism using science fictions to fool humanity and now peaceful people around the world need to join together to save humanity. There must be No More Global Holocausts/Genocide/Massacre around the Globe, Nether in Slow Motion & Nor in Fast Motion & Not with Cold War as well and **No More Closed Door Meetings & No More Hidden Secret Agenda**. Why Waiting for Saviors for Thousands of Years When Humanity is Dying Now, so don't wait for Jesus (Peace-Be-Upon-Him) or Imaam Mahdi or others to come, Join Us to Save Humanity Without any Discrimination Now Before it Gets Too Late.

There must be **ZERO Tolerance** for Extremism, Hate, Intolerance, and Terrorism. Let there be no fooling to humanity by any means. If there is No true Justice then there is No Peace, since Cause and Effects are inter-related. Who are the Real Victims and WHO are suffering the Most? Let there be NO compulsion in Religion (Believe): Truth stands out clear from error, (Al-Quraan_002:256). Unto you your religion (Believe), and unto me my Religion (Believe), (Al_Quraan_109:006).

The World became more DANGEROUS than before due to Global Terrorism. To Save the Global World from Global Terrorism, we need to find the Real Roots of Terrorism. Here I would first like to give some examples, BUT First the 9-+-11 Conspiracy.

9-+-11 Conspiracy:

Remember: The Air France Concorde crashed into a hotel building after takeoff from Charles de Gaulle airport on **25 July 2000**. Point to be noted here that building didn't collapse as in 911 in New York.

Terrorist Kids and their Parents:

Generally it is found that little tiny Kids are blamed for terrorizing the home, breaking household items even doors and windows, not listening to their parents and parent complaining about their Terrorist Kids. Little Tiny Kids don't understand and are not able to explain why they are doing this. So the Media is fully controlled by their Terrorist Parents. If you had the chance to watch the "Super Nanny" program, you could easily understand that most of the Kids are not Terrorist, it is their Parents who are the Real Terrorist for their own Kids without knowing it. In many cases Super Nanny comes and resolves the issues by Training the Parents and asking them to dedicate enough time to their Kids and Listen to them and change their own attitudes before training the Kids. Kids need thier Parents' devoted Time, along with other necessities.

Real Terrorist could be a Third Party:

In many cases it is found that the Real Terrorist are the Third Party getting benefits from these kiosks. So we need to see who are getting the Real Benefits. Here I would like to give an example of Karachi, Pakistan. Many times In the past, things happened that Army plotted the attacks on Shia's Imambargha (Masjid) as well as on Sunni's Masjid, then Shia and Sunni started fighting, and Huge Tension develops there, so that created a Valid Reason to situate the Army in the city, Karachi. Media is fully controlled by those who are in Power and innocent public pays for it.

Now the question rises for **9/11 (11-SEP-2001)** attacks, London (U.K.) Bombing on **07-JUL-2005**. Who are the Real Victims and Real Terrorist. In Practice Muslims all over the world are suffering the most and are in Great Loss. However Islaam Denounces Terrorism, for details please visit <http://www.harunyahya.com/en/Books/735/islam-denounces-terrorism>

Now the World is in Real Danger. Any group can terrorize innocent people and Muslims will be blamed.

Real Terrorist could be the Effect of some other Cause:

Causes and effects are interrelated. There might be other reasons that might be creating these issues and we need to analyze in detail and resolve these issues. It is necessary to create friendly environments where people can come and exchange views and learn from each another. Diversity is necessary to develop Peace in the Global World. In every community there must be some places available FREE of COST to the public for Diversity e.g. in every shopping mall and other public places there must be a place available for Diversity for Friendly exchange of views.

Canada has very good opportunity by having Multiculturalism. If we all sit together and analyze all the issues on a case by case method and take the best from all that is available in the society, then with the help of science and technology we could raise the best generation to lead the Global World.

Middle East Crisis, couldn't find the right word in Dictionary - 21-JUL-2006:

No one is helping. Where is Allah? When will Imaam Mahdee come to save us? Why Ummah is facing these manmade disasters? Why our prayers are not being answered? Why millions and millions WHYs??? Tears are in our eyes, especially those who have gone through this type of pain may understand a little. When not even Rest of the Ummah is helping then where to go? We are not finding any light. Where is light? Where is guidance? Why didn't Allah help us????? WHY????? Today it is Palestine, Lebanon, Afghanistan and Iraq, tomorrow could be your turn.

Only the Quraan gives answers to millions and millions of WHYs. The only reason is we left the Quraan and don't want to realize it nor we want to listen it, so one state at a time is facing the Great Crisis. If someone talks about it and try to show the Guidance and the Right Path, even then in reality we close our ears and close our eyes and we don't act accordingly. In simple words, we actually behave like a Blind so Allah is leaving us helpless. We put Five fingers on others BUT we don't even think about ourselves, what we could have done wrong for which we are getting this. Any one passes by spits on us, slaps on us even throws Big Punch on us. Let us analyze what could others do to us and then find the guidance through the Quraan.

Think of Big fish usually eats the Small fish. Think of it is a Great Secret Plan against Ummah and eating one group at a time and which is not the first time. Think of we put an earthworm through a hook which is tied to a long stick and then drop it into the water to catch a fish. So there could be many tricks to catch the Ummah, like catching a fish. 9/11 was to falsely blame on the Ummah and trick the world, and yet couldn't find WMD in Iraq, so it was to get the oil, only Allah knows what are their plans. Recent crises might not have been started recently but their plan could have been started much before. First Exploit the civilians to send the Syrian Forces out of Lebanon to reduce its power to ZERO-Resistance, then divert the worlds mind towards others by causing so many arrest in different countries like U.K, and Canada and then later on India. Also like giving an earthworm to catch a fish, give couple of soldiers to get them kidnapped easily and that will make them raise a valid reason to capture Lebanon.

CRISIS everywhere and which is not the first time, so we need to find the Guidance through the Quraan:

Kabaa in Makkah, Saudi Arabia is the most sacred place in the whole world for the Ummah. Before the birth of Rasool Allah (Peace-Be-Upon-Him), when Abrahama came to demolish Kabaa, people of the Makkah flee away to save their lives. Then Allah send little tiny Abaabeel above all possible way to stop them, holding little tiny stones perfectly targeted to the army of Abrahama. Also when lives became extremely difficult to live in Makkah, Rasool Allah (Peace-Be-Upon-Him) along with most of the companions flee away the Makkah and migrated to Madeena in such a way that they never ever think to come back again to live there. Allah's supreme help can come in any shape, from Space (Air) or land or see, in the form of Earthquake, Tsunami, Hurricane, Tornado or Little Tiny Abaabeel or something else, BUT first we must come to act according to the Quraan.

Also Muslim Countries are NOT allowed to help those who live in Non-Muslim Countries in the matter of Lands etc., other than providing religious education, charity and giving them immigration.

Lo! those who believed and left their homes and strove with their wealth and their lives for the cause of Allah, and those who took them in and helped them; these are protecting friends one of another. And those who believed BUT did NOT leave their homes, ye have NO duty to protect them TILL they leave their homes; BUT if they seek help from you in the matter of religion (NOT for Land) then it is your duty to help (them) except against a folk between whom and you there is a treaty. Allah is Seer of what ye do. And those who disbelieve are protectors one of another If ye do not so, there will be confusion in the land, and great corruption, (Al_Quraan_008.072-073).

Remember: Saving a Life is like Saving the Whole World, (Ref. Al_Quraan_005.032).

Things to Do: If you have enough power to defend yourselves from Space (Air), Land and Sea, without looking on others to help you go for it otherwise flee away (migrate) to save your lives.

Our most dangerous enemy is Shaitaan only, whose audio visual weapons including his whispers (waswaasaa) are killing us.

We must get the Guidance from the Quraan for each and every action.

We must not do the Great Mistake that I am right, since I am a human being and I may be wrong.

We must reset our Priorities according to the Quraan.

We must invite others to come to unity without any single micro or mega differences.

We must educate ourselves to defend from all types of attacks.

We must do Positive Dawah. Fulltime Dawah is compulsory on Muslim Scholars BUT Part-time Dawah is compulsory on the whole Ummah. Learn from Scholars and Start doing Dawah now.

We must come out of all of our Misconceptions.

We must find the Roots of Downfall of Ummah to stop doing any single mistake again and again.

We must convert our homes into Islaamic Homes.

We must do our duty without pointing Five fingers on others.

Global Family:

The World is shrinking and becoming a Global Family. I found this as a KEY point in cooling down the mind of others, so always remember and keep reminding, that we are the children of Adam and Eve and we are Cousin Brothers and Cousin Sisters and we are a Global Family.

(All) people are a single nation; so Allah raised prophets as bearers of good news and as warners, and He revealed with them the Book with truth, that it might judge between people in that in which they differed; and none but the people of the book who were given it differed about it after clear arguments had come to them, revolting among themselves; so Allah has guided by His will those who believe to the truth about which they differed and Allah guides whom He pleases to the right path, (Al_Quraan_002.213).

Secrets of 9/11 (11-SEP-2005), which Western Media Never Covered:

There are many questions regarding 9/11 and still are in secrets.

Q1> Why there were blackouts for several hours on the night before **9/11** on those buildings which were collapsed?

Q2> Why a group of **4000** people were absent on **9/11**?

Q3> Even before Planes "accidently" collided with the buildings but the whole building never collapsed. For example, much before **9/11**, a Concord Plane collided with a building in France BUT the whole building never collapsed. So why did those three buildings collapse on 9/11 including the one building which was never collided by any plane?

Q4> To collapse a building which has a powerful steel structure, one need to melt the steel. Steel melts at around **1800** degrees Celsius, BUT the burning fuel of those planes can raise the temperature of around **300** degrees Celsius. So how could the burning fuel melt the steel structure of those three buildings?

Q5> <https://www.youtube.com/watch?v=TY5pg2n95ko>

Suicide Never Allowed in Islaam (Life is A Lot More Important than Land):

O you who believe! Do not devour your property among yourselves falsely, except that it be trading by your mutual consent; and do not kill yourselves; surely Allah is Merciful to you, (Al_Quraan_004.029).

Killing of Innocents Never Allowed in Islaam:

And do not kill any one whom Allah has forbidden, except for a just cause, and whoever is slain unjustly, We have indeed given to his heir authority, so let him not exceed the just limits in slaying; surely he is aided, (Al_Quraan_017.033).

Allah does not forbid you respecting those who have not made war against you on account of (your) religion, and have not driven you forth from your homes, that you show them kindness and deal with them justly; surely Allah loves the doers of justice, (Al_Quraan_060.008).

Saving a Life is like Saving the Whole World, (Ref. Al_Quraan_005.032).

Every Nation has Certain Period to Live:

Say: I have no power to hurt or benefit myself, save that which Allah wills. For every nation there is an appointed time. When their time comes, then they cannot put it off an hour, nor hasten (it), (Al_Quraan_010.049).

And how many a community have We destroyed that was thankless for its means of livelihood! And yonder are their dwellings, which have not been inhabited after them save a little. And We, even We, were the inheritors, (Al_Quraan_028.058).

No nation can outstrip its term nor can they lag behind, (Al_Quraan_015.005).

Then after them We brought forth other generations. No nation can outstrip its term, nor yet postpone it, (Al_Quraan_023.042-043).

Have they not traveled in the land to see the nature of the consequence for those before them? They were more numerous than these, and mightier in power and (in the) traces (which they left behind them) in the earth. But all that they used to earn availed them not. And when their messengers brought them clear proofs (of Allah's Sovereignty) they exulted in the knowledge they (themselves) possessed. And that which they were wont to mock befell them. Then, when they saw Our doom, they said: We believe in Allah only and reject (all) that we used to associate (with Him). But their faith could not avail them when they saw Our doom. This is Allah's law, which hath ever taken course for His bondmen. And then the disbelievers will be ruined, (Al_Quraan_040.082-085).

Have they not traveled in the land and seen the nature of the consequence for those who were before them? They were stronger than these in power, and they dug the earth and built upon it more than these have built. Messengers of their own came unto them with clear proofs (of Allah's Sovereignty). Surely Allah wronged them not, but they did wrong themselves, (Al_Quraan_030.009).

Only Forgiveness with True Love Can Save Global World:

The World is shrinking and becoming a Global Family. I found this as a KEY point in cooling down the mind of others, so always remember and keep reminding, that we are the children of Adam and Eve and we are Cousin Brothers and Cousin Sisters and we are a Global Family.

If we don't forgive each other, then Terrorism will keep going on and on and will become never ending cycle.

Let there be NO compulsion in Religion (Believe): Truth stands out clear from error, (Al-Quraan_002:256).

Unto you your religion (Believe), and unto me my Religion (Believe), (Al_Quraan_109:006),

Are You Proud to be Called an American?

What type of Democracy is the U.S. trying to present to the world, is it like what they are doing in Iraq?

What type of Civilization is the U.S. trying to present to the world, is it like what they are doing in Iraq?

Or are the U.S. doing massacre in Iraq, just like before powerful nations were doing crusade by destroying many poor nations to capture their wealth?

Look, how the U.S. fooled the world to capture the Iraqi Oil by telling BIG lies and the world is still sleeping.

Remember: Once the U.S. will be able to fully capture the Iraqi Oil Field, then they will be able to ruin the whole world, including Russia, China, France, Germany, India, etc.

Are you Still Proud to be called an American?

Listen! Listen! Listen! Plan to Attack on Iraq is not New. For detail please read below.

Terrorist - Plan to Attack on Iraq is NOT New - & - World War III

To find the REAL Terrorist we need to do some research:

Question: Is or was Al-Qaida or Talebaan ever capable to build any of the spy planes, which can fly without any pilot?

Answer: No.

Question: Which main countries were capable to build spy plane, which can fly without any pilot before September 11, 2001 on their own?

Answer: U.S.A., Russia & China.

Question: Is or was Al-Qaida or Taliban ever capable to build any of the Satellite to send in the space?

Answer: No.

Question: Which of the main countries were capable to build any of the Satellite without pilot to send in the space and place PERFECTLY and PRECISELY in an orbit since World War II to September 11, 2001 on their own?

Answer: U.S.A., Russia & China.

Question: Is or was Al-Qaida or Talebaan ever capable to build any system that could control the passenger plane from Ground or Satellite by completely disconnecting its communication from Ground or Space and the power to fly?

Answer: No. For more detail please visit <http://physics911.ca>

Question: Which of the main countries were capable to build any system, which could control the passenger plane from Ground or Satellite by disconnecting completely its communication from Ground or Space and power to fly?

Answer: <http://physics911.ca>

Radar technology has been with us since World War Two, since 1940.

U.S.A., Russia & China. Since they can build pilot FREE Satellite to send PERFECTLY and PRECISELY in an orbit then why not a small system to control their passenger plane.

Question: Who can control PERFECTLY and PRECISELY the passenger planes build by U.S.A. inside U.S.A. and target buildings PERFECTLY and PRECISELY on September 11, 2001?

Answer: Just THINK about it.

Terrorists have no religion and humanity. They can kill their own parents, spouses, children, relatives, friends and even their own service men.

The Plan to Attack on Iraq is NOT New. (80 years back during 1918 to 1930):

Page 104:

Turkey, Arabia, Persia, Afghanistan, Turkestan and India are all fermenting with unrest. Great Britain, with her **60,000,000** Mohammedan subjects in India, had special reason to fear a great Mohammedan combination throughout Asia directed against Wet. Iraq, for its geographical position between Turkey, Arabia and Persia, may be regarded as a key position. The existence there of a strong Arab State, friendly to the British Government, breaking the chain of possibly hostile influences, may be of immense importance to use in the difficult that lies ahead.

Page 105 - 106:

The Iraqi oilfields had a commercial importance, to be sure. But for statesmen whose major concern was preserving the British Empire, the strategic significance of holding the oil-bearing territory was the essential issue. In time of war the control of petroleum supplies was vital for all branches of the military, but especially for the navy. The Admiralty wanted supply sources that were both secure and conveniently located, given the stationing of the British fleets, and the Iraqi petroleum reserves were a jewel of its desire. "From a naval point of view," as the first lord of the Admiralty put it to his colleagues in the Committee on Iraq.

Page 106:

The Mesopotamian Oilfield is of special importance in view of the possibility of operations in the Far East. It would not only, in conjunction with the Anglo-Persian field, provide us with a source of supply considerably nearer to the area of operations than would be possible in the case of oil from the American Continent, but a supply which would pass through waters which should be comparatively immune from attack.

I invite you all to join this Unique Great Noble Mission and invite others to join it, to save Humanity from Global Terrorism, Global Poverty and Global Famine, which will sure gradually reduce Global Crime as well, without any discrimination of religion, race, color, gender, language or nationality etc.

Road Blockers to Humanity are those who do not join it as well as those who do nothing to save Humanity.

Thinking locally while living in Global World will not save our Global World.

Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation or Global World.

Do not even think to try to re-appoint those who were failed to protect the corruptions in the land. Media Must Play an Active Role.

A single machine may replace thousands of humans BUT not a single human can ever replace a single machine.

Why Waiting for Saviors for Thousands of Years When Humanity is Dying Now, so don't wait for Jesus (Peace-Be-Upon-Him) or Imaam Mahdi or others, Join Us to Save Humanity Now Before it Gets Too Late.

After wiping out Muslims like aboriginals have been wiped out, next in line could be India, China, Russia and Europe etc.

Global Unity for Humanity

Global World has entered into an era which is extremely dangerous ever than before. Any wrong action of ignorant **master mind** person/group could lead to World War **3**, which could wipe out whole World. It is urgent need for all good people around the globe to join together to save the whole world, regardless of any discrimination of Religion, Race, Color, Gender, Language, Nationality, etc. Good people could be more than **99.99%** while key person of ignorant master mind people could be less than **0.01%**. BUT these **0.01%** ignorant master mind people might be using many techniques including science fiction to fool good people and exploiting them to use them as a tool.

We have seen Holocausts, Genocide, and massacre are happening again and again in many places either in Slow Motion & or in Fast Motion. World War **1 & 2** are not too old and still has left scars are around the globe, and Cold War is still going on, which are on top of crusades time. It looks like at present time Cold War is going on against Muslim Countries as well, which could be a Hidden Secret Agenda to Wipeout Muslims along with others around the Globe by ignorant master mind people.

Let us join together and stand firmly to beat the **Real Master Mind Devils** which could be less than **0.01%**, otherwise you could be next after Muslims, and after capturing world's wealth, they can kneel down you in steps.

No More Holocausts & No More Genocide, Nether in Fast Motion like Jews had faced during Second World War in the past & **Nor in Slow Motion** like Palestinians are facing now, regardless of any discrimination of Religion, Race, Color, Gender, Language, Nationality, etc.

Islaam NEVER permits to hurt or hate anyone regardless of any discrimination.

No Muslim is Muslim if he/she hurts Innocent Civilians, destroys Hospitals, destroys Worshiping Places and destroys Institutions etc., regardless of any discrimination. Islaam NEVER permits to capture others lands or wiping out others either in Slow Motion in steps like Palestinians are being wiped out or at once in Fast Motion like Holocaust or Genocides of Jews at one time during second world war, NO fighting for lands.

Forgiveness is the key to start with, BUT it must be true forgiveness with true love, not like forgiving now then wiping out next and then again forgiving and wiping out again. In this case it will be hidden secret agenda.

In current situation, independent & unbiased true human loving UN forces must help to ease the tensions around, otherwise there is no use of United Nations and it must be dissolved then.

We CANNOT accept any more Massacre/Genocide/Holocaust etc., of **99.99%** of Innocent Human Suffering because of **0.01%** Terrorists around the Globe. We condemn all kinds of individual & State Terrorism.

We have seen when people of Papua New Guinea raised voices, within few years UN went there and made an independent state for them from Indonesia, while there are many Muslims around the world are badly suffering for several decades, in which Palestine are the worst and no such help to bring peace in the region and still they don't have internationally

recognized independent state. It looks like at present time Cold War is going on against Muslim Countries as well, which could be a Hidden Secret Agenda to Wipe out Muslims along with others around the Globe by ignorant master mind people.

To Save Global People, we must join together to form Global Unity for Humanity, regardless of any discrimination of Religion, Race, Color, Gender, Language, Nationality, etc. It will sure help Saving Businesses with **100%** Guaranteed, since **No Customer (People) No Business**.

I invite you all for this Global Unity for Humanity to build Whole New World with True Love and Mercy for all Humanity without of any discrimination of Religion, Race, Color, Gender, Language, Nationality, etc. No Close Door Meetings and No Hidden Secret Agenda. Drop LOVE Not Bomb.

Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation.

Do not even think to re-appoint those who were failed to protect the corruptions in the land.

Guide - Which Holy Book is Guide?

Which Holy Book is Guide to Serve and Protect Humanity at Present Time?

People and their misconception can be corrected if their claimed Holy Book of God is Really True and free from any contradictions or errors. Generally people learn from their parents and society or sect and believe that what he/she is doing is right. Because of these problems, he/she is so rigid and never thinks to change himself/herself although his/her thoughts could be totally wrong and others may be right. Some Wicked (EVIL) people may fool others by all means, including science fiction, and sell their arms or capture their treasures, wealth etc. Those who are suffering the most may be innocents as well as fools and have no power to defend them.

Humanity could have been trapped by Criminal Master Minds which is causing Global Poverty and Artificial Global Famine as well as igniting Terrorism and then followed by Ruthless Genocide-Holocaust. Instead of fixing Global Poverty and Global Famine first by fixing global Economy, world has moved towards Ruthless Genocide and Holocaust of minorities or those who don't have any power to defend themselves.

In the past these criminals could have been created some scenario like Dracula to prevent from general public and do their hidden secret agendas in their special reserved places. In modern ages they might be using modern advanced tools/technologies etc. like science fictions to fool people and fulfil their hidden secret agendas. Whole Christianity might have been dosed to sleep no matter what is happening to humanity by twisting their faith that Jesus (Peace-Be-Upon-Him) will come again and fixed the world so till then keep sleeping no matter what is happening to rest of the world. Similarly whole Muslim World might have been put on sleeping dose, that when Imaam Mahdi will come and he along with Jesus (Peace-Be-Upon-Him) will fight with Dajjal and only then it will be peace in the World and Imaam Mahdi will not be visible till Dajjal attacks on Syria, which could be another trap. Perhaps Dajjal will not attack Syria (population around **23** million as of **2014**), till he finishes/wipeouts completely all **1.8** billion of Muslims. **It is a Great Gigantic Trap to put humanity on sleep. Now it is time for Global World to wake/rise up and be careful from Master Mind Criminals/Terrorists and prevent humanity from those by joining Global Unity without any discrimination of Religion, Race, Sect, Gender, Color, Nationality, Rich, Poor, Young or Old, etc. otherwise they could be next in line.** Look of "Georgia Guidestones" and "Albert Pike", you may find their hidden secret agenda to wipeout humanity.

Georgia Guidestones

https://en.wikipedia.org/wiki/Georgia_Guidestones

Albert Pike

https://en.wikipedia.org/wiki/Albert_Pike

Trees are recognized by their fruits and we all see around the world there is Great Gigantic Criminals are wiping out Humanity one after another. Let us FIRST analyze the **Quraan** before analyzing Bible and Vedas, if it can prove that it can save the Global World from another Massacre or Holocaust or Genocide etc. through True Love with Humanity and through the teaching of the concept of Global Family, Forgiveness, and NO Compulsion in Religion or Faith etc. The following verses from the Quraan are **heart touching** and are able to do so.

Each Holy Book MUST need to fulfill following:

There **MUST NOT EXIST** any commandment to do Massacre, Holocaust, Genocide, etc. of people, including infants, children, women, sick and elderly, in the name of Peace in any Holy Books.

It **MAY** contain commandments to fight **ONLY** those who fight against you, but do not transgress limits. So, if **NOT** a single one wants to fight then 100% people could be safe. To serve and protect humanity without any discrimination it is also very important.

There **MUST NOT EXIST** any commandment to abuse (Bullying; Physical, Mental or Verbal) etc., in any Holy Books.

It **MUST** contain commandments like “there is **NO** compulsion in Religion (Believe)” in any Holy Books.

It **MUST** contain commandments like “Saving a Life is like Saving the Whole World” in any Holy Books.

Analysis of the Quraan as a Guide to Serve and Protect Humanity at Present Time:

Global Family:

The World is shrinking and becoming a Global Family. I found this as a KEY point in cooling down the mind of others, so always remember and keep reminding, that we are the children of Adam and Eve and we are Cousin Brothers and Cousin Sisters and we are a Global Family.

O people! be careful of (your duty to) your Lord, Who **created you from a single being and created its mate of the same (kind) and spread from these two, many men and women;** and be careful of (your duty to) Allah, by Whom you demand one of another (your rights), and (to) the ties of relationship; surely Allah ever watches over you, ([Al_Quraan_004:001](#)).

(All) people are a **single nation**; so Allah raised prophets as bearers of good news and as a warner, and He revealed with them the Book with truth, that it might judge between people in that in which they differed; and none but the people of the book who were given it differed about it after clear arguments had come to them, revolting among themselves; so Allah has guided by His will those who believe to the truth about which they differed and Allah guides whom He pleases to the right path, ([Al_Quraan_002.213](#)).

No Force in Religion or Faith:

Let there be **NO compulsion in Religion (Believe)**; Truth stands out clear from error, ([Al_Quraan_002:256](#)).

To you is your religion (believe), and to me is my religion (believe), ([Al_Quraan_109:006](#)).

Saving a Single Life is Like Saving the Whole World:

Saving a Life is like Saving the Whole World, ([Ref. Al_Quraan_005.032](#)).

Friendship with Christian an example of Christian-Muslim-Network:

... You will certainly find the **nearest in friendship** to those who believe (to be) those who say: We are **Christians**; this is because there are Priests and Monks among them and because they do not behave proudly. And when they hear what has been revealed to the messenger you will see their eyes overflowing with tears on account of the truth that they recognize; they say: Our Lord! we believe, so write us down with the witnesses (of truth), ([Al_Quraan_005.082-083](#)).

And not alike are the good and the evil. **Repel (evil) with what is best**, when lo! he between whom and you was enmity would be as if he were a [warm friend](#), ([Al_Quraan_041.034](#)).

Marriage with the People of the Book an example of People_of_the_book-Muslim-Network:

This day are (all) good things made lawful for you. The food of those who have received the Scripture is lawful for you, and your food is lawful for them. And so are the virtuous women of the believers and the **virtuous women of those who received the Scripture before you (lawful for you)** when you give them their marriage portions and live with them in honor, not in fornication, nor taking them as secret concubines. Whoso denies the faith, his work is vain and he will be among the losers in the Hereafter, ([Al_Quraan_005.005](#)).

Forgiveness: Muslim Always asks for forgiveness from Allah:

If any of you did evil in ignorance, and thereafter repented, and amend (his conduct), lo! He is Oft-forgiving, Most Merciful, ([Al_Quraan_006.054](#)).

And return to your Lord time after time and submit to Him before there comes to you the punishment, then you shall not be helped. And follow (practically) the best that has been revealed (Quraan) to you from your Lord before there comes to you the punishment all of a sudden while you do not even perceive; Lest a soul should say: O woe to me! for what I fell short of my duty to Allah, and most surely I was of those who laughed to scorn; Or it should say: Had Allah guided me, I would certainly have been of those who guard (against evil), ([Al_Quraan_039.054-057](#)).

And you shall avoid open and secret sin; surely those who earn sin shall be recompensed with what they earned, ([Al_Quraan_006.120](#)).

If you avoid the great sins which you are forbidden, We will do away with your small sins and cause you to enter an honorable place of entering, ([Al_Quraan_004.031](#)).

Are they waiting until the Hour (Day of Judgment) comes to them suddenly? All the signs thereof have already come. Once the Hour comes to them, how will they benefit from their message, ([Al_Quraan_047.018](#))?

O you who believe! turn to Allah a sincere turning; maybe your Lord will remove from you your evil and cause you to enter gardens beneath which rivers flow, on the day on which Allah will not abase the Prophet and those who believe with him; their light shall run on before them and on their right hands; they shall say: Our Lord! make perfect for us our light, and grant us protection, surely Thou hast power over all things, ([Al_Quraan_066.008](#)).

Muhammad, Mercy to the Mankind:

And We have not sent you (O' Muhammad) but as a **mercy to the whole worlds**,
(**Al_Quraan_021.105**).

Heavenly Earth

Everybody dreams to have their Ideal Sweet Home and it is totally upon them how they want to decorate it, if one luckily has it and have enough budgets. Even people living in tents do decorate their tents under their budget. BUT we don't live in our home **24/7**, day and night. We have certain needs and for that we must have to go out on the street and travel in the land including traveling abroad for the search of better education as well as finding honorable works etc. It is also our duty to build and decorate our streets where ever we go, and educational centers and workplaces, etc., BUT these are collective efforts and we all need to work together to build and decorate our community, society, and country to fulfill our dream to build our beautiful heavenly earth.

Dream to build our beautiful heavenly earth can never become true unless we all unite together regardless of any discrimination of religion, race, caste, language, disability, gender, age, etc. It is absolutely possible to build our earth as Heavenly Earth, if we truly follow the commandments of Allah from the Quraan (True Book of Guidance), with **100%** guaranteed. **The Quraan has given many beautiful examples including of Heavens.** We need to extract and implement those laws regardless of any discrimination and leave the rest of the matters with Allah.

Presently in the beginning of twenty-first century, Global World is facing Great instability causing many countries and regions going through a Great Turbulence of Global Uncertainty. People are suffering badly all around the world including Thailand, Greece, many of the African countries and even in the United States of America, with no exception to Muslim Countries. Perhaps till now it could be like tip of an iceberg what we have seen yet and rest could be about to come sooner if not later, since the world didn't took the true guidance from the Quraan to stabilize the Global World to save the humanity and build our Heavenly Earth.

If one region is rich in minerals, then other could be rich in oil or gas or foods or even manpower etc. Global Government must come forward to balance the Global World by sharing all the resources in a balanced way to build our Heavenly Earth, otherwise more and more disasters may come in the shape of poverty, and innocent people may not have any choice than come to street violently, since they cannot see their infants crying for milk, food and other basic needs.

It is not the Wealth (Gold or Silver) or Power which could save the Global World. Allah seized Qaroon, Pharaoh, and Hamaan and many more, for their crime against humanity and nothing could save them including their wealth, power or people etc. (Ref: Al_Quraan_029:039). World didn't end there, but it had re-developed, even without their wealth and power. Those who never faced real poverty for years may never understand its solution, unless they have really took the Guidance from the Quraan. **It is 100% guaranteed to save the world globally to build our Heavenly Earth, if we truly apply the guidance from the Quraan.**

It is time now to open our eyes and correct ourselves to serve the humanity in the light of Quraan, since the Quraan gives the true guidance to fix the system to save the Humanity in a balanced way (Al_Quraan_002:002).

Allah Never Destroys any Good Nation (Ref: Al_Quraan_011.116-117). **Do not turn out people from their homes** (Ref: Al_Quraan_002:084). **Saving a Life is like Saving the**

Whole World. (Ref. Al_Quraan_005.032). **There is NO Compulsion in Religion.** (Ref: Al_Quraan_002:256)

Global Government needs to **note down all issues big or small** and needs to analyze it in detail on case by case method and first start with all those issues which had triggered the Great Turbulence of Global Instability.

Few of major issues which had caused the Global Instability are **interest** based system, **alcohol, gambling** and **supply and demand** system, on which special deep study is needed (Ref: Al_Quraan_002.278-279, 002.219).

Avoid loans, avoid waste and stop greediness as much as possible keeping in mind how much is too much to help stabilized the our Heavenly Earth (Ref: Al_Quraan_009.060, 025.063-067).

We all need to help as much as we can to build our Heavenly Earth for the better future for our kids, only then we can hope that our kids will have the fruits of it and will pray for us. **Educate yourself including your kids and keep your knowledge up to date according to time, as much as possible without wasting a minute.** If you have good knowledge then teach others or share with others for free if possible (Ref: Al_Quraan_096.001-005).

Global Government must be ready to abandon any laws which might hurt economy of general public, in such a way which helps to move forward by forgiving and forgetting the past BUT taking lessons from the past. It must follow the basic rule to TAX the GREEDY not the NEEDY. Education must be provided to all with internationally recognized good high standards for free, which must have good parent-teacher relation.

Also to stabilize our Heavenly Earth, it urgently needs right **Education**, which may not be without proper Organizing Skills. Presently cost of education is getting higher and higher and is going beyond the reach of students. Global Government needs to take lessons from the Quraan, the Book of Guidance to take out burden from the shoulder of students so that they can concentrate more on education. Only waiving off tuition fee may not help completely but living expenses must be available to the needy as well. **Sweden** still in **2010** has **totally FREE** Educations for their citizens and also has scholarships for those students who are regularly passing their exams on time to cover their living expenses. So Swedish are more dedicated to their education and they have many good inventions/contributions to our Heavenly Earth as well, e.g. Ericson (Mobile), Saab (Vehicle), Volvo (Vehicle), Celsius 100-point thermometer, First Mechanical Calculator, Bicycle with brakes, Tetra Pack, Battery Powered Pace Maker, Artificial Intelligence, Robotics, Mecanum wheel capable to move in any direction and many more.

One of the Peak of Technology can be understand from the story of Prophet Sulayman/Solomon (Peace-Be-Upon-Him) in the Quraan, where a person was capable to bring the throne before the twinkling of an eye (Ref: Al_Quraan_027.040).

To take our Heavenly Earth in a right direction to help the humanity, we need to be well organized, dedicated and must have clear direction in a **Balanced Way** and **Debt FREE** (Ref: Al_Quraan_009.060, 025.063-067), which may not be achieved without taking guidance from the Quraan (the Book of Guidance for the mankind).

Difference in **Income** of **Lawyers, Doctors, Other Professionals** and **Labors (Other Workers)** must be balanced, so that student can choose any discipline of their own choice if available. **Deep study is needed** for the Global Government to have clear direction to let the students know where there are more requirements. All profession disciplines must have modern Hands-on-Training in addition to regular courses, to train all students to enter the workforce on time.

Global Government must have clear direction to help students to enter the workforce. No high professional students should be leftover at age **25** without any job, other low tech students should be able to enter the workforce at much earlier age. It must establish a system where seniors must be able to train new students.

World has enough to feed but not greed. Global Government must balance the production cost globally in relation to Gold (currency). You cannot buy the Whole World from Gold, since Gold is a little tiny part of the Whole World.

Remember:

Thinking locally while living in Global World will not make our Earth as Heavenly Earth
Quraan has Clear Direction to build our Heavenly Earth, and **100%** Guaranteed.

WORLD HAS ENOUGH TO FEED BUT NOT GREED

Islamophobia - Root Causes & Possible Solutions

There are two main reasons for Islamophobia (Hatred against Islaam)

1> **Ignorance**

2> **Jealousy**

Good thing is that there is cure for both of them in the Quraan which prescribes as dos and don'ts for whole life.

First murdered happened in the history of mankind when Qabil (a son of Adam) killed his own brother Habil due to Ignorance and Jealousy. All kinds of Phobias are on the rise since the time of Adam. Many communities including Aborigines, Blacks, Chinese, Christians, Hindus, Jewish, Muslims, Sikhs, Whites etc. are facing EXTREME Hatred against them due to ignorance and Jealousy. We are living in a Global Village, BUT Thinking Locally while Living in a Global Village will NOT solve our problems, so we need Global Counselling for all. **First step towards solution of all kinds of Phobias is to find the root causes of it. We MUST do advanced research with X-Rays eyes on all the root causes which includes belief system including all Holy Books.**

Which Holy Book is Guide to Serve and Protect Humanity without Hatred at Present Time?

People and their misconception may be corrected if their claimed Holy Book of God is Really True and FREE from any contradictions or errors and is Protected by God.

Generally people learn from their parents and society or sect and believe that what they are doing is right. Because of this problems, they are so rigid and never thinks to change themselves although their thoughts could be totally wrong and others may be right. Some Wicked (EVIL) people may fool others by all means, including science fiction, and sell their arms or capture their wealth etc. **Those who are suffering the most may be innocents or fools or have no power to defend themselves.**

Humanity could have been trapped by Criminal Master Minds which is causing Hatred and igniting Holocaust and Genocide again and again since the time of Adam.

In the past these criminals could have been created some scenario like Dracula to prevent from general public and do their hidden secret agendas in their special reserved places. In modern ages they might be using modern advanced tools/technologies etc. like science fictions to fool people and fulfill their hidden secret agendas. Whole Christianity might have been dosed to sleep no matter what is happening to humanity by twisting their faith that Jesus (Peace-Be-Upon-Him) will come again and fixed the world so till then keep sleeping no matter what is happening to rest of the world. Similarly whole Muslim World might have been put on sleeping dose, that when Imaam Mahdi will come and he along with Jesus (Peace-Be-Upon-Him) will fight with Dajjal and only then there will be peace in the World and Imaam Mahdi will not be visible till Dajjal attacks on Syria, which could be another trap. Perhaps Dajjal will not attack Syria (population of around 18 million as of 2021), till he finishes/wipe outs completely all 1.8 billion of Muslims. **It is a Great Gigantic Trap to put humanity on sleep. Now it is time for Global World to wake/rise up and be careful from Master Mind Criminals/Terrorists and prevent humanity from those by joining Global Unity without any discrimination of Religion, Race, Sect, Gender, Color, Nationality, Rich, Poor, Young or Old, etc. who knows that they could be next in line.**

Look at “Georgia Guidestones” and “Albert Pike”, you may find their hidden secret agenda to wipe out humanity.

Georgia Guidestones

Trees are recognized by their fruits. Let us **FIRST** analyze the **Quraan** and leaving on others to analyze Bible and Vedas etc., if it can prove that it can save the Global World from another Massacre or Holocaust or Genocide etc. through True Love with Humanity and through the teaching of the concept of Global Family, Forgiveness, and NO Compulsion in Religion or Faith etc.

Analysis of the Quraan as a Guide to Serve and Protect Humanity without any Hatred at Present Time:

It must be PROTECTED by God.

The **Quraan** clearly fulfills this, (Ref: [Al_Quraan_015:009](#)).

It must be FREE from any contradictions and Error.

The **Quraan** clearly fulfills this, (Ref: [Al_Quraan_004:082](#)).

There MUST NOT EXIST any commandment to do Massacre, Holocaust, Genocide, including infants, children, women, sick and elderly, in the name of Peace in any Holy Books. Also, there MUST NOT EXIST any commandment to follow any of the books which commands to do Massacre, Holocaust, Genocide, etc., or it MUST say that although God revealed it BUT people had changed those scriptures.

The **Quraan** clearly fulfills this and pointed on those EVIL people doing this, (Ref: [Al_Quraan_002.011-012, 002.079, 002.190-193, 003.078](#)).

It MAY contain commandments to fight ONLY those who fight against you, but do not transgress limits. So, if NOT a single person wants to fight then 100% people could be safe. To serve and protect humanity without any discrimination it is also very important.

The **Quraan** clearly fulfills this, (Ref: [Al_Quraan_002:190-193](#)).

There MUST NOT EXIST any commandment to abuse (Bullying; Physical, Mental or Verbal) etc., in it.

The **Quraan** clearly fulfills this, (Ref: [Al_Quraan_049.011](#)).

It MUST contain commandments like “there is NO compulsion in Religion (Believe)” in it.

The **Quraan** clearly fulfills this, (Ref: [Al_Quraan_002.256](#), [109:006](#)).

It MUST contain commandments like “Saving a Life is like Saving the Whole World” in it.

The **Quraan** fulfills this and pointed on those EVIL people, (Ref: [Al_Quraan_005.032](#)).

The Quraan is True Book of Guidance for Mankind (Ref: [Al_Quraan_002.002](#)):

The World is shrinking and becoming a Global Family. I found this as a KEY point in cooling down the mind of others, so always remember and keep reminding, that we are children of Adam and Eve and we are Cousin Brothers and Cousin Sisters and we are one Global Family.

O people! be careful of (your duty to) your Lord, Who **created you from a single being and created its mate of the same (kind) and spread from these two, many men and women**; and be careful of (your duty to) Allah, by Whom you demand one of another (your rights), and (to) the ties of relationship; surely Allah ever watches over you, ([Al_Quraan_004:001](#)).

(All) people are a **single nation**; so Allah raised prophets as bearers of good news and as a warner, and He revealed with them the Book with truth, that it might judge between people in that in which they differed; and none but the people of the book who were given it differed about it after clear arguments had come to them, revolting among themselves; so Allah has guided by His will those who believe to the truth about which they differed and Allah guides whom He pleases to the right path, ([Al_Quraan_002.213](#)).

Let there be **NO compulsion in Religion (Believe)**; Truth stands out clear from error, ([Al_Quraan_002:256](#)).

To you is your religion (believe), and to me is my religion (believe), ([Al_Quraan_109:006](#)).

Saving a Life is like Saving the Whole World, (Ref. [Al_Quraan_005.032](#)).

... You will certainly find the **nearest in friendship** to those who believe (to be) those who say: We are **Christians**; this is because there are Priests and Monks among them and because they do not behave proudly. And when they hear what has been revealed to the messenger you will see their eyes overflowing with tears on account of the truth that they recognize; they say: Our Lord! we believe, so write us down with the witnesses (of truth), ([Al_Quraan_005.082-083](#)).

And not alike are the good and the evil. **Repel (evil) with what is best**, when lo! he between whom and you was enmity would be as if he were a **warm friend**, ([Al_Quraan_041.034](#)).

This day are (all) good things made lawful for you. The food of those who have received the Scripture is lawful for you, and your food is lawful for them. And so are the virtuous women of the believers and the **virtuous women of those who received the Scripture before you (lawful for you to marry)** when you give them their marriage portions and live with them in honor, not in fornication, nor taking them as secret concubines. Whoso denies the faith, his work is vain and he will be among the losers in the Hereafter, ([Al_Quraan_005.005](#)). **If my father had married to a Christian or Jewish lady, my mother could be a Jewish or Christian and we are family.**

If any of you did evil in ignorance, and thereafter repented, and amend (his conduct), lo! **He is Oft-forgiving, Most Merciful**, ([Al_Quraan_006.054](#)).

And you shall **avoid open and secret sin**; surely those who earn sin shall be recompensed with what they earned, ([Al_Quraan_006.120](#)).

If you avoid the great sins which you are forbidden, We will do away with your small sins and cause you to enter an honorable place of entering, ([Al_Quraan_004.031](#)).

Are they waiting until the Hour (Day of Judgment) comes to them suddenly? All the signs thereof have already come. Once the Hour comes to them, how will they benefit from their message, ([Al_Quraan_047.018](#))?

O you who believe! turn to Allah a sincere turning; maybe your Lord will remove from you your evil and cause you to enter gardens beneath which rivers flow, on the day on which Allah will not abase the Prophet and those who believe with him; their light shall run on before them and on their right hands; they shall say: Our Lord! make perfect for us our light, and grant us protection, surely Thou hast power over all things, ([Al_Quraan_066.008](#)).

And We have not sent you (O' Muhammad) but as a **mercy to the whole world**, ([Al_Quraan_021.105](#)).

Summary:

Since the **Quraan** does not contain any single violent verses, except for the battlefield during the war situation only to serve and protect humanity without any discrimination, which **excludes** women, children, old, sick and those who don't want to fight (**which could be 100%**), and there are many verses to save the Humanity including integrating societies through marital relations, so it is the only claimed Holy Book that can save the Global World through True Love with Humanity, without forcing anyone regardless of any discrimination of religion, race, color, or gender etc. and through the teaching of the concept of Global Family, Forgiveness, and NO Compulsion in Religion or Faith. **The Quraan also confirms that there are pious and peaceful priests/monks among Christians** ([Ref: Al_Quraan_005_082](#)).

Possibly hidden secret agenda to wipe out humanity is still going on due to not following right Holy Book which has clear messages to serve and protect humanity without any discrimination and people are still dialing WRONG number to connect to Allah (God) and instead connecting to Shaitaan (Iblis the Great Invisible Devil in the history of universe and GREATEST enemy of all Human).

When Final Judgment will be on Doomsday THEN why are we Fighting Today?
Why Waiting for Saviors for Thousands of Years When Humanity is Dying Now.
Hypocrites read the Quraan but practice something else.
Hate Hate NOT Human - Love all Human Unconditionally.

Jewish, Christian and Muslim Reconciliation

People raise questions like “**Can Jews or Christians can get along with Muslims?**” Due to lack of the guidance from the Quraan, and fully depending upon scholars, who are human instead of Allah, they are deviated and may ignite **Third World War**. Below is simple answer to those who raise such type of questions.

Yes, for sure Jews or Christians can get along with Muslims, if following the direction of the Quraan, and we must have to build Bridges between different Beliefs as well:

- .Create a list of common things as well as differences.
- .Come to common things first, (Ref: AI_Quraan_003:064).
- .Have FRIENDLY dialogues regularly on one issue at a time and ponder on it in detail, (AI_Quraan_016.125).

Following above guidance from the Quraan will sure lead us to build Heavenly Earth. No human are angles (free from any mistakes) and we do mistakes again and again. **Forgiveness** is the key to move forward.

You will find the **Jews** and **idolaters** most excessive in hatred of those who believe; and the **closest in love** to the faithful are the people who say: "We are the **followers of Christ**," because there are **priests** and **monks** among them, and they are **not arrogant**, (Ref: AI_Quraan_005.082). So we need to be careful and be aware of that. Also we don't know what is in their Holy Books.

References from Bible: MATTHEW 2:16, 1 Samuel 15:2-3, Ezekiel 9:5-6, 2 Chronicles 15:13, JOSHUA: 1.18.

References from Vedas: Atharva Veda I.16.4, RgVeda VII.56.17, RgVeda X.10.87.16, YajurVeda XXX.18.

Above verse is not for all Jewish people otherwise Muslim men were not allowed to marry Jewish women, rather **Muslim men are allowed to marry women from the people of the book which includes Jewish and Christians and others who believe on one God**. Sharing the food is also key thing on uniting people.

Remember: Prophet Muhammad (Peace-Be-Upon-Him) is a mercy to the mankind, (AI_Quraan_021.107).

Key to World Unity could be in Sharing Foods and Joining in Marital Relations:

This day (all) the good (Halaal) things are lawful unto you; and the (Halaal) food of the People of the Book (**Jewish, Christian** etc.) is **LAWFUL** unto you and your food is **LAWFUL** unto them; and **LAWFUL** unto you in **MARRIAGE** are the chaste women from the believers and the chaste women among the People of the Book (including True **Jewish** or True **Christens** Believer Women etc.); when you have given them their dowries (Mahr), taking (them) in marriage, not fornicating nor taking them for paramours in secret; and whoever denies faith, his work indeed is of no account, and in the hereafter he shall be one of the losers, (AI_Quraan_005.005).

Question: Why Muslim Men are allowed to marry with the women of the people of the book (e.g. Jewish or Christian women) but other men are not married to Muslim women? Also Why Muslim Women are NOT allowed to marry with the men of the people of book?

Answer: First Allah has given clear direction. One of possibility could be, **NO** True Muslims can ever abuse other's Gods or their respected persons like Moses (Peace-Be-Upon-Him) or Jesus (Peace-Be-Upon-Him) etc. since, it is forbidden to disrespect other's Gods or Moses (Peace-Be-Upon-Him) or Jesus (Peace-Be-Upon-Him) and many others are respected Prophets or Messengers in Islaam and we respect all of them. So if a Jewish or Christian woman marries to a Muslim man she is respected as well as her feeling about her beliefs is respected not only by her husband but also respected by whole Muslim community. BUT on the other hand if a Muslim women gets marry to a man from other faiths, there is no guaranty that she will be respected in their community. **No one feels biggest hurt if one verbally abuses him/her directly than if once mother is being abuses and if it is against their faith then that is the worst, and many fights have broken out before because of the faiths.** Allah knows the best.

Remember: **There is NO Compulsion in Religion**, (Ref: Al_Quraan_002:256).
IF QURAAAN CANNOT CONVINCENCE YOU NOTHING WILL

Kingdom of Fools

Today Global World is on the edge of total collapse and west started accepting that. In the news they started saying **1%** are rich and **99%** are poor, what about in the third world, perhaps it could be **1** in million rich and rest are poor.

In the **Kingdom of Fools** things are done foolishly without analyzing in detail and without using common sense, since perhaps they might not have any unless they might have their **Hidden Secret Agenda to wipe out Humanity by all means**. So they cannot build **Heavenly Earth** till they change their mindset. Let us analyze few of their gigantic mistakes.

Poverty and Famine:

Human have tried all Methods of Civilization and even then have failed to save Human Globally. Instead of having concrete steps to save humanity from extreme poverty and famine, they created more problems for humanity, since either they don't have any common sense or they have their **Hidden Secret Agenda to wipe out humanity by all means**. **Remember:** Saving a Life is like save whole World. A single machine may replace thousands of human but not a single human can ever replace a single machine. **World need a concrete steps to save humanity to build Heavenly Earth.**

Homosexuality / Same Sex:

Let us analyze on Homosexuality/Same Sex in detail. Suppose every single person in US will become Homosexuals (Same Sex), which means **NO** production of human. If no one from other countries allow their children to be adopted by local US citizens and there is no way to reproduced children, then after **100** years **NO** one will be living in US and it will be converted into desert or forest and animals will start ruling there or other country may invade it.

Legalization of Prostitution:

If any of the countries legalizes Prostitution and charges taxes on their acts that is **DEATH** of that country, since they are depending on their mothers, sisters, wives and daughters to go for Prostitution so that they can charge tax on it to boost economy of their countries. Like all other system failed to save their countries from Gigantic Economic Crisis, this will also fail later if not sooner, since not taking guidance from the Divine book of Guidance the Quraan to save humanity.

Muslim Countries First in Line in being Wiped Out after Wiping out Aboriginal/Native peoples:

Muslim Countries are First in Line in being Wiped Out on Mission to Wiping out Humanity as a Hidden Secret Agenda and Next in Line could be INDIA, CHINA and RUSSIA etc.??? **Remember:** Ethnic groups (First peoples, Aboriginal peoples, Native peoples, or Autochthonous peoples) had already been Wiped Out over Hundreds of years ago. Need full research on these if there is any Global Genocide / Holocaust / Massacre of Humanity still going on.

Education:

The Key to success of every nation is education, but if tuition fees goes skyrocketing then it will be too foolish, since they are depending on those who haven't yet started earnings and putting on them Great Huge Burden of Debt in addition to having extremely hard time on finding jobs and return loans. Keeping in mind when hiring robots and firing human is going on, but robots and machines don't eat apples or oranges, so apple farms and orange farms will be bankrupt, since people will not have enough money to buy apples or oranges etc. People Must Join Globally to Build Heavenly Earth.

Do not even think to re-appoint those who were failed to protect corruptions in the land.

Man and Machine

One of the Greatest Inventions of all times is Wheel. With more and more inventions and more and more Super Sonic Fast Robotic Machines, Humans are becoming worthless and are being laid off.

A single machine may replace thousands of humans BUT not a single human can ever replace a single machine.

Example of Global Downsizing-Shutdown-Lockdown: Take an example of past time, when **1000** people were working in a farm land. Later they started using tractors and other machines, because of which layoff started happening and when comes super fast technology, more and more people were being off the jobs, perhaps they only need **10** people, then what those leftover **990** people will do and what education they need to get jobs. These **990** people were good customers to many businesses while on the job, and now they are not. Same way other businesses started using super fast technology and had laid off many employees, who were customers to many businesses as well, but not anymore. Although you are seeing other new technologies are coming into market, but later slowing down, since they calculated for total population and thinking that everyone has money tree in their backyards, but in reality they don't have, since they have lost their job. Later industries started shutting down followed by banks and Governments as well.

Super fast Technology is exceptionally good for humanity **IF** those left over (laid off) employees are put onto new projects to support themselves and their families, which is only possible if we work Globally. Students must have debt free education. **Extreme Poverty is a breeding ground for Terrorist and Criminal Master Minds can use them.** Globally we can fix many things.

Remember: We are children of Adam and Eve and we are Global Brothers and Global Sisters of a Global Family, (Ref: Al_Quraan_002.030-039, 007.011-025, 015.26-44, 017.61-65, 018.050-051, 020.115-124, 038.071-085).

Global World is facing a Global Economic Disaster and needs a Global Revolution:

It is not Wealth (Gold or Silver etc.) or Power which can save the Global World. Allah seized Qaroon, Pharaoh, and Hamaan and many more, for their crimes against humanity and nothing could save them, not even their wealth, power, or people, etc., (Ref: Al_Quraan_029:039). The World didn't end there, but it re-developed after a Great Revolution. Those who have never faced poverty may never understand its solution, unless they have really taken Guidance from the Quraan or have gone for intensive training. **It is 100% guaranteed to save the world and to help build our Heavenly Earth. If we truly apply the guidance given by the Quraan, we can re-develop the world through our own Great Global Revolution.** In simple terms **"NO CHANGES WITHOUT RIGHT ACTIONS"**! It is time now to open our eyes and correct ourselves to serve the humanity in a revolutionized way in the light of Quraan, in which all including Rich & Poor can live safe and sound, since

the Quraan gives the true revolutionized guidance to fix the Global System to save Humanity in a balanced way (Ref: Al_Quraan_002:002).

Motivational Speeches Benefiting Few NOT Majority

We have seen many Motivational Speeches BUT it is benefiting only few NOT all. Take an example of past time, when **1000** people were working in a farm land. Later they started using tractors and other machines, because of which layoff started happening and when comes super fast technology, more and more people were being off the jobs, perhaps they only need **10** people, then what those leftover **990** people will do and what education they need to get jobs. Later industries started shutting down followed by banks and Governments as well. With more and more inventions and more and more Super Sonic Fast Robotic Machines, Humans are becoming worthless and are being laid off. No matter how good Motivational Speeches you deliver, it will always benefit few.

Super fast Technology is exceptionally good for humanity **IF** those left over (laid off) employees are put onto new projects to support themselves and their families, which is only possible if we work **Globally. No More Holocausts, No More Genocide

Nether in Slow Motion & Nor in Fast Motion

Global Agenda on No More Holocausts & No More Genocide:

Let us join together and stand firmly on **No More Holocausts & No More Genocide**, **Nether in Fast Motion** like Jews had faced during Second World War in the past & **Nor in Slow Motion** in steps like Muslims of Afghanistan, Iraq, Kashmir (India), Palestine, Rohingya (Rakhine State, Myanmar), and Syria etc. are facing now, regardless of any discrimination of Religion, Race, Color, Gender, Language, Nationality, etc.

Islaam never permits to hurt or hate anyone regardless of any discrimination.

No Muslim is a Muslim IF he/she hurts Innocent Civilians, Hospitals, Worshiping Places and Institutions etc. regardless of any discrimination. Islaam never permits to capture others land or wiping out others either in Slow Motion in steps like Muslims of Afghanistan, Iraq, Kashmir (India), Palestine, Rohingya (Rakhine State, Myanmar), and Syria etc. are being wiped out or at once in Fast Motion like Holocaust or Genocides of Jews at one time during second world war, NO fighting for land.

Forgiving is the key to start with, BUT it must be true forgiving, not like forgiving now then wiping out next and then again forgiving and wiping out again. In this case it will be hidden secret agenda.

In current situation, independent & unbiased true human loving UN forces must help to ease the tensions around, otherwise there is no use of UN and it must be dissolved then.

We cannot accept any more Massacre/Genocide/Holocaust etc., of **99%** of Innocent Human Suffering because of **1%** Terrorists around the Globe. We condemn all kinds of individual & State Terrorism.

We have seen when people of Papua New Guinea raised voices, within few years UN went there and made an independent state for them from Indonesia (Muslim Country), while there are many Muslims around the world are badly suffering for several decades, in which Muslims of Palestine, Kashmir (India) and Rohingya (Rakhine State, Myanmar) are the worst and no such help to bring peace in the region and still they don't have internationally recognized independent state. There are many other minorities around the globe who are facing humiliation which need immediate attention and all kind of help through United Nations.

Save Global People regardless of any discrimination of Religion, Race, Color, Gender, Language, Nationality, etc. It will sure help Saving Businesses with **100%** Guaranteed.

Let us join together to build Whole New World with True Love and Mercy for all Humanity without of any discrimination of Religion, Race, Color, Gender, Language, Nationality, etc. **No Close Door Meetings and No Hidden Secret Agenda.**

Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation. Do not even think to re-appoint those who were failed to protect the corruptions in the land.

Peace Global Destroyed by Violent Hypocrites

Violent Hypocrites Destroying Global Peace

Hypocrites are since beginning in every religion, culture, society destroying Peace

Hypocrites killed three of four Khalifas of Islaam at its earliest stage

Hypocrites don't know that Saving a Life is Like Saving Whole World, (Ref: Al_Quraan_005.032)

Hypocrites don't know that Muslim men are allowed to marry to women of people of the book, (Ref: Al_Quraan_060:010)

Protecting World from Criminal Master Minds

Every child is born with true love in his/her heart. Later it is society (home, neighbors, institutions etc.), which makes him/her a Hero or Criminal. The best guide of children are non but Mothers who need special training to help raise their children to become Hero and present a great example for the rest of the world and build Whole New World with true love for all humanity. **Remember:** We are children of Adam and Eve and we are Global Brothers and Global Sisters of a Global Family, (Ref: Al_Quraan_002.030-039, 007.011-025, 015.26-44, 017.61-65, 018.050-051, 020.115-124, 038.071-085).

Humanity could have been trapped by Criminal Master Minds. In the past these criminals could have been created some scenario like Dracula to prevent from general public and do their hidden secret agendas in their special reserved places. In modern ages they might be using modern advanced tools/technologies etc. like science fictions to fool people and fulfil their hidden secret agendas. Whole Christianity might have been dosed to sleep no matter what is happening to humanity by twisting their faith that Jesus (Peace-Be-Upon-Him) will come again and fixed the world so till then keep sleeping no matter what is happening to rest of the world. Similarly whole Muslim World might have been put on sleeping dose, that when Imaam Mahdi will come and he along with Jesus (Peace-Be-Upon-Him) fight with Dajjal and only then it will be peace in the World and Imaam Mahdi will not be visible till Dajjal attacks on Syria, which could be another trap. Perhaps Dajjal will not attack Syria (population around **23** million as of **2014**), till he finishes/wiped out completely all **1.8** billion of Muslims. **It could be a Great Gigantic Trap to put humanity in sleep.** **Now it is time for Global World to wake/rise up and be careful from Master Mind Criminals/Terrorists and prevent humanity from those by joining Global Unity without any discrimination of Religion, Race, Sect, Gender, Color, Nationality, Rich, Poor, Young or Old, etc. otherwise they could be next in line.**

To Protect World from Criminals/Terrorists, we must understand Criminal Master Minds, and we must need to find the roots of all Crimes, starting from Mother Womb till the Grave. Keep in mind what a **NON** patience Mother might do, if her child is crying for milk and she don't have enough money to buy milk for her. **Remember:** When there was a Women Driver with one year child in the back seat killed after car chase from White House to Capitol on **04-OCT-2013 at 2:15 PM:**

http://www.washingtonpost.com/politics/police-lock-down-capitol-after-shots-fired/2013/10/03/48459e0e-2c5a-11e3-8ade-a1f23cda135e_story.html

One of the possible reasons could be **United States federal government shutdown of 2013 ran from October 1 to October 16, 2013** which had surely affected low income families and small businesses:

http://en.wikipedia.org/wiki/Government_shutdown_in_the_United_States

Breeding grounds for all kids of terrorism and crimes are **Global Poverty** and **Global Famine**, where people are widely available to do anything for little money for their survivals. Master minds can easily find them, twist them including their beliefs/faiths and forcefully use them according to their own desire. Master minds may also create some scenarios by all means including science fictions to fool people to rob the wealth of the world. Master minds may plan for hundreds of years if not thousands of years to rob the wealth of the whole world in stages. Master minds may also fool their citizens, and create scenario to prove that war is inevitable and must have to go for war, but in reality to run their war related businesses and

become richer than ever before and again and again, or rob the wealth of others. Many wars in the past were based on lies and fooled their own citizens, e.g. Vietnam War, Gulf War on the issue of Weapons of Mass Destruction in Iraq etc. EBOLA, SARS, AIDS & Chicken Pox etc. could be Biological weapons to wipeout people in other parts of the world as well as creating artificial famine. **War is not an option in which economy dies again and again, BUT Love is, which starts from forgiveness as mentioned in the Quraan,** (Ref: Al_Quraan_041:035).

If two countries are in conflict/war, it might last a few years/decades including preparation time but other supporting countries economy might boost, since these two might be buying tools etc. from them and later all collapses, **while LOVE last much longer as long as they keep loving each other**. e.g. if in India alone out of **1.5** billion people if **1** (one) billion people need cell phones right now, at present time all cell phone industries together might not be able to produce it right away. Another example is if situation in the middle-east gets stable, perhaps **1%** of **1.8** billion Muslims may be interested every year to visit Baitul-Maqdis (Al-Aqsa) Masjid in Jerusalem. Think of how much never ending businesses will grow there and how much benefits their local people will get.

The Truth about Truth has three bitters/sours and painful stages:

- .Ignorant people make fun of it.
- .Ignorant people try to kill the truth. Truth dies when people wage war against each other.
- .People eventually accept the truth as being self-evident.

In reality the Truth stands out clear from error and makes you FREE according to the Quraan (Ref: Al_Quraan_002:256) and the Bible (Ref: Bible_John 8:32).

Global World is facing a Global Economic Disaster and needs a Global Revolution:

It is not Wealth (Gold or Silver etc.) or Power which can save the Global World. Allah seized Qaroon, Pharaoh, and Hamaan and many more, for their crimes against humanity and nothing could save them, not even their wealth, power, or people, etc., (Ref: Al_Quraan_029:039). The World didn't end there, but it re-developed after a Great Revolution. Those who have never faced poverty may never understand its solution, unless they have really taken Guidance from the Quraan or have gone for intensive training. **It is 100% guaranteed to save the world and to help build our Heavenly Earth. If we truly apply the guidance given by the Quraan, we can re-develop the world through our own Great Global Revolution.** In simple terms **"NO CHANGES WITHOUT ACTIONS"**! It is time now to open our eyes and correct ourselves to serve the humanity in a revolutionized way in the light of Quraan, in which all including Rich & Poor can live safe and sound, since the Quraan gives the true revolutionized guidance to fix the Global System to save Humanity in a balanced way (Ref: Al_Quraan_002:002).

Below are just few things to keep in mind:

- | | | |
|-------------------|---|--------------------|
| No Customer | - | No Businesses |
| More Customers | - | More Businesses |
| Good Customers | - | Good Businesses |
| Healthy Customers | - | Healthy Businesses |
- Customers are people and by saving the people we save the businesses, (Ref: Al_Quraan_005:032).

For better services to customers we need better/healthy employee, which means better benefits for employees not benefits cuts.

By Laying Off employees means increase in poverty and also increase in crime.

We don't know exact date when Global Poverty and Global Famine started, either hundred years, or five hundred years or thousand years, but for sure we have the solutions in the Quraan, which teaches us to **come to the common point** without any discrimination of Religion, Race, Sect, Gender, Color, Nationality, Rich, Poor, Young or Old, etc., with **100%** Guaranteed and without any compulsion in religion (Ref: Al_Quraan_002.256, 002.286, 003.064, 005.005, 005.035, 006.132, 013.011, 017.019, 018.029, 020.015, 028.084, 030.022, 042.030, 046.019, 049.013, 053.031, 053.039, 076.003, 091.007-010).

Avoid loans, avoid waste and stop greediness as much as possible keeping in mind how much is too much to help stabilized the our Heavenly Earth (Ref: Al_Quraan_009.060, 025.063-067).

Only True Love with Humanity in the light of the Quraan can save Global World with **100%** Guaranteed. We must join together to fight against **Global Poverty** and **Global Famine**. **Plant Fruits and Vegetables etc. in your backyards, on the side of the streets, and parks etc. where ever it is possible and permissible by your governments**. If you get more fruits and vegetables etc. than what you need, then share it with your neighbors, Friends and relatives and support following programs from the depth of your heart to fix Global system which is hurting all.

Global World has to be fixed in phases since there is no magic wand as well as we don't have overnight solutions.

Phase 1> In this phase we together need to save all those people who are badly suffering from Global Poverty and Global Famine. We will Feed them, Shelter them, Educate them and put all of them on Research & Development and make them free from burden on rest of the world as much as possible. For this we must have to use **Unlimited Virtual Gold** as currency, only for basic survivals **NOT** for luxury, where a sip of wine or a single smoke will be treated as luxury but not the computer for educations/studies. **All Global Students will get totally free educations along with stipends/allowances for their survivals, so that they can fully concentrate on their studies which will help to build Whole New World (Heavenly Earth). Detail Project Guide Lines (Global Agendas) needs to be developed with full cooperation with all the People and all the government around the world.**

Phase 2> Together we need to work on to build Whole New World and find solution to present Global System, so that people from **Phase 1** can be re-employed/re-deployed. We will only give suggestions and recommendations from **Phase 1**, and pray for them, without any force. We will wait forever to fix Global World, even if takes hundreds of years or millions of years, **as long as all the People around the world and all the Government around the World allow us to run Phase 1** Globally using **Unlimited Virtual Gold** as a new **currency** only for basic survivals including their studies and research and developments around the globe. **All prototypes, solutions and suggestions etc. will be totally FREEWARE (no license needed) and will be fully allowed for everyone.**

Phase 3> Once **Phase 2** is fixed, we can move on for Cosmetics/Luxury to build Heavenly Earth. Sky is the limit. **We must make sure that pollutions etc. are totally under control.**

I invite you all to join this Great Noble Mission to save Humanity from Criminal Master Minds and invite others to joint it, without any discrimination of religion, race, color, gender, language or nationality etc.

Thinking locally while living in Global World will not save our Global World. Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation or Global World. Do not even think to try to re-appoint those who were failed to protect the corruptions in the land.

Rise & Fall of Civilizations

Many Civilizations (e.g. Qaroon, Hamaan, Firoah etc.) have grown rapidly, appearing unstoppable for hundreds of years, but in every kingdom, empire and state that has ever existed, something has eventually changed. Once great empires are defeated by a smaller rival, and others crumble all by themselves. **Changing fortunes are one of the clearest signals in history. The Quraan has given many examples and solutions as well, below are just few of them, which can change our world by converting it into Heavenly Earth, for which people need to join together to save humanity.**

Corruption in the Land is because of Peoples Deeds, (Ref: Al_Quraan_030.041).

Disbelievers will have Miserable Life, (Ref: Al_Quraan_017.016-017, 020.124, 021.044).

Disasters get more and more Killer, after an Informer (Warner) arrives in a town (city / country), (Ref: Al_Quraan_007.094, 030:041). **Now the Quraan is the Reminder for all of us.**

Allah Never Destroys any Good Nation, (Ref: Al_Quraan_011.116-117).

Allah Never Changes the Conditions of a Nation till their People (NOT their Leader) Changes themselves, (Ref: Al_Quraan_008.052-053).

And if the people of the towns had believed and guarded (against evil), we would certainly have opened up for them blessings from the heaven and the earth, but they rejected, so we overtook them for what they had earned, (Ref: Al_Quraan_007.096).

But why were there not among the generations before you those possessing understanding, who should have forbidden the making of mischief in the earth, except a few of those whom (ONLY) We saved (from harm)? And those who were unjust went after what they are made to enjoy of plenty, and they were guilty, (Ref: Al_Quraan_011:116).

Taxation Public Awareness

By Irshad Mahmood – Director, Siraat-al-Mustaqeem Dawah Centre

Every country has their own taxation rules for running their Governments. We must remember these rules are **made by human** and there could be a few **errors** and **confusions** which the general public doesn't understand clearly. There might be a few issues which even qualified accountants are unclear about possibly due to lack of experience. **If hundreds of thousands of civilians are trapped into any taxation rule, then it is the Taxation Department's mistake** and they need to **FIX THEIR RULES FOR FUTURE**, by taking lessons from the past. If they start going against the interest and well being of the general public, then there is a chance that the public will get tensions/anxieties which may trigger medical conditions such as, High Blood Pressure, Cholesterol, Diabetic problems, Thyroid issues, etc. and in some extreme cases even deaths as well. **It will surely increase medical costs on general public as well as governments.** In regards to charitable donation, keep in mind if someone gets a **\$10,000** refund, he/she might have to donate around **\$5,000** to get that, so his/her take-home refund is only **\$5,000** not **\$10,000**. They fall into this trap due to the Taxation Department's wrong and confusing rules, since they haven't mentioned anywhere in that specific rule that the department will start investigating these types of charitable donations. One of the main reasons why Government don't fix it for future, could be lawmakers which includes top level political parties/leaders might also getting benefits from its loopholes and are unjustly protected, while others fall into this trap and might get heart attack even in extreme cases death etc., and it needs full investigations.

There might be many countries that have taxation issues which are not clear. Below are just few examples:

Pope Francis defends Muslims and blasts 'Islam is NOT terrorism

POPE Francis said it was wrong to identify Islam with terrorism and that social injustice and idolatry of money were among the prime causes of terrorism.

PUBLISHED: 03:47, Tue, Aug 2, 2016 | **UPDATED:** 07:28, Tue, Aug 2, 2016

Speaking aboard the plane taking him back to Rome after a five-day trip to Poland, he said: **"I think it is not right to identify Islam with terrorism"**.

"It is not right and it is not true."

Francis was responding to a question about the killing on July 26 of an 85-year-old Roman Catholic priest by knife-wielding attackers who burst into a church service in western France, forced the priest to his knees and slit his throat.

The attack was claimed by ISIS.

He said: "I think that in nearly all religions there is always a small fundamentalist group."

He then added: "We have them," referring to Catholicism.

The Pope continued: "I don't like to talk about Islamic violence because every day when I look at the papers I see violence here in Italy - someone **killing his girlfriend**, someone **killing his mother-in-law**. These are baptised Catholics.

"If I speak of Islamic violence, I have to speak of Catholic violence. Not all Muslims are violent."

He said there were various causes of terrorism.

The Pope said: "I know it dangerous to say this but **terrorism grows when there is no other option** and when money is made and it, instead of the person, is put at the centre of the world economy.

"That is the first form of terrorism. That is a basic terrorism against all humanity. Let's talk about that."

When he started the trip last week, **Francis said** the killing of the priest and a string of string of other attacks were proof the **"world is at war"** but that it was **not caused by religion**.

He told reporters on the plane that **lack of economic opportunities for young people in Europe was also to blame for terrorism**.

He said: "I ask myself how many young people that we Europeans have left devoid of ideals, who do not have work. Then they turn to drugs and alcohol or enlist in ISIS."

Tips to Save Global World from Worst Economic Disasters

Global World is facing a Global Economic Disaster and needs a Global Revolution. It is not Wealth (Gold or Silver) or Power which can save the Global World. Allah seized Qaroon, Pharaoh, and Hamaan and many more, for their crimes against humanity and nothing could save them, not even their wealth, power, or people, etc. (Ref: Al_Quraan_029:039). The World didn't end there, but it re-developed after a Great Revolution. Those who have never faced poverty may never understand its solution, unless they have really taken Guidance from the Quraan. **It is 100% guaranteed to save the world and to help build our Global World. If we truly apply the guidance given by the Quraan, we can re-develop the world through our own Great Revolution.** In simple terms **"NO CHANGES WITHOUT ACTIONS"**!

It is time now to open our eyes and correct ourselves to serve the humanity in a revolutionized way in the light of Quraan, in which all including Rich & Poor can live safe and sound, since the Quraan gives the true revolutionized guidance to fix the Global System to save the Humanity in a balanced way (Al_Quraan_002:002).

Tips to Save Global World to build a Whole New World in a Balanced Way:

- Tip-1:** Convert All Currencies to Gold as a Single Global Currency.
Remember: You cannot buy whole world from the Gold, since it is a little tiny part of the Global World and it is just a reference point.
- Tip-2:** FREEZE all which is unbalancing the Global World keeping in mind **How Much is Too Much:**
- .Interest Base System
 - .Supply & Demand System
 - .Alcohol Supply
 - .All kind of Drugs Intoxication
 - .Gambling
 - .Over spending
 - .Over Stocking of Wealth which includes Foods, Currency or other Sustains etc.
- Tip-3:** Re-Analyze each and every thing to bring Global Stability in a Revolutionized Way. We already have over a hundred years of data and modern tools as Great Assets to start with.
- Tip-4:** Food should be supplied in a balanced way. Make sure no one is dying of hunger.
- Tip-5:** Health Care Benefits should be available in a balanced way. Make sure no one is without required Health Care.
- Tip-6:** Percent increase in Salary must be changed with a balanced system. Since, percent increase is one of the cause to increase the gap between rich and poor.
- Tip-7:** Loans must be avoided as much as possible.

- Tip-8:** Educate all for Free, including hands on training, to build a Whole New World. Make sure all Education is of **ONE Global Standard**, regardless of any discrimination.
- Tip-9:** Finally start working on cosmetics and beauty to build our Whole New World.
- Tip-10:** Media MUST play an Active Role in promoting all of the above to Build Whole New World.

WORLD HAS ENOUGH TO FEED BUT NOT GREED.

Locally, I am Sorry. **Globally, YES** we can fix Global System with **100% Guaranteed**, Inshaa Allah.

Thinking locally while living in Global World will not save our Global World.

Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation.

Do not even think to re-appoint those who were failed to protect the corruptions in the land.

Unique Breakthrough Plan for Global Poverty & Famine

Humanity is suffering badly from Great Gigantic Global Poverty and Global Famine. Think of an old time where a big farm land where around **1000** people were working, which were later replaced by heavy duty robotic machines/trackers etc. and now they only need **10** people instead of **1000**, so where should those **990** people go and what education they need to go for to get job or start businesses. **If you have better plan please share with people around the Globe, otherwise** please join together and invite others to join this **Great Noble Mission** before it gets too late and who knows you could be next in line suffering badly from Poverty/Famine. **I don't ask any single penny for this in Donations (ZERO Donations)** and it is a **Unique Global Charity**, without asking any donation rather **FULL** permission from all people and all governments. **If Allah asks on the Day of Judgment, I and those who support this can clearly say we have done our best to invite people to support it, but it is on rest of the people and all governments.**

Every child is born with true love in his/her heart. Later it is society (home, neighbors, institutions etc.), which makes him/her a Hero or Criminal. The best guide of children are non but Mothers who need special training to help raise their children to become Hero and present a great example for the rest of the world and build Whole New World with true love for all humanity. **Remember:** We are children of Adam and Eve and we are Global Brothers and Global Sisters of a Global Family, (Ref: Al_Quraan_002.030-039, 007.011-025, 015.26-44, 017.61-65, 018.050-051, 020.115-124, 038.071-085).

Humanity could have been trapped by Criminal Master Minds which is causing Global Poverty and Artificial Global Famine. In the past these criminals could have been created some scenario like Dracula to prevent from general public and do their hidden secret agendas in their special reserved places. In modern ages they might be using modern advanced tools/technologies etc. like science fictions to fool people and fulfill their hidden secret agendas. Whole Christianity might have been dosed to sleep no matter what is happening to humanity by twisting their faith that Jesus (Peace-Be-Upon-Him) will come again and fixed the world so till then keep sleeping no matter what is happening to rest of the world. Similarly whole Muslim World might have been put on sleeping dose, that when Imaam Mahdi will come and he along with Jesus (Peace-Be-Upon-Him) fight with Dajjal and only then it will be peace in the World and Imaam Mahdi will not be visible till Dajjal attacks on Syria, which could be another trap. Perhaps Dajjal will not attack Syria (population around **23** million as of **2014**), till he finishes/wiped out completely all **1.6** billion of Muslims. **It could be a Great Gigantic Trap to put humanity in sleep. Now it is time for Global World to wake/rise up and be careful from Master Mind Criminals/Terrorists and prevent humanity from those by joining Global Unity without any discrimination of Religion, Race, Sect, Gender, Color, Nationality, Rich, Poor, Young or Old, etc. otherwise they could be next in line.**

To Protect World from Criminals/Terrorists which is causing Global Poverty and Artificial Global Famine, we must understand Criminal Master Minds, and we must need to find the roots of all Crimes, starting from Mother Womb till the Grave. Keep in mind what a **NON** patience Mother might do, if her child is crying for milk and she don't have enough money to buy milk for her. **Remember:** When there was a Women Driver with one year child in the back seat killed after car chase from White House to Capitol on 04-OCT-2013 at 2:15 PM:

http://www.washingtonpost.com/politics/police-lock-down-capitol-after-shots-fired/2013/10/03/48459e0e-2c5a-11e3-8ade-a1f23cda135e_story.html

One of the possible reasons could be **United States federal government shutdown of 2013 ran from October 1 to October 16, 2013** which had surely affected low income families and small businesses:

http://en.wikipedia.org/wiki/Government_shutdown_in_the_United_States

Breeding grounds for all kinds of terrorisms and crimes are **Global Poverty** and **Global Famine**, where people are widely available to do anything for little money for their survivals. Master minds can easily find them, twist them including their beliefs/faiths and forcefully use them according to their own desire. Master minds may also create some scenarios by all means including science fictions to fool people to rob the wealth of the world. Master minds may plan for hundreds of years if not thousands of years to rob the wealth of the whole world in stages. Master minds may also fool their citizens, and create scenario to prove that war is inevitable and must have to go for war, but in reality to run their war related businesses and become richer than ever before and again and again, or rob the wealth of others. Many wars in the past were based on lies and fooled their own citizens, e.g. Vietnam War, Gulf War on the issue of Weapons of Mass Destruction in Iraq etc. EBOLA, SARS, AIDS & Chicken Pox etc. could be Biological weapons to wipeout people in other parts of the world as well as creating artificial famine. **War is not an option in which economy dies again and again, BUT Love is, which starts from forgiveness as mentioned in the Quraan,** (Ref: Al_Quraan_041:035).

If two countries are in conflict/war, it might last a few years/decades including preparation time but other supporting countries economy might boost, since these two might be buying tools etc. from them and later all collapses, **while LOVE last much longer as long as they keep loving each other**. e.g. if in India alone out of 1.3 billion people if 1 (one) billion people need cell phones right now, at present time all cell phone industries together might not be able to produce it right away. Another example is if situation in the middle-east gets stable, perhaps 1% of 1.5 billion Muslims may be interested every year to visit Baitul-Maqdis (Al-Aqsa) Masjid in Jerusalem. Think of how much never ending businesses will grow there and how much benefits their local people will get.

The Truth about Truth has three bitters/sours and painful stages:

- .Ignorant people make fun of it.
- .Ignorant people try to kill the truth. Truth dies when people wage war against each other.
- .People eventually accept the truth as being self-evident.

In reality the Truth stands out clear from error and makes you FREE according to the Quraan (Ref: Al_Quraan_002:256) and the Bible (Ref: Bible_John 8:32).

Global World is facing a Global Economic Disaster and needs a Global Revolution:

It is not Wealth (Gold or Silver etc.) or Power which can save the Global World. Allah seized Qaroon, Pharaoh, and Hamaan and many more, for their crimes against humanity and nothing could save them, not even their wealth, power, or people, etc., (Ref: Al_Quraan_029:039). The World didn't end there, but it re-developed after a Great Revolution. Those who have never faced poverty may never understand its solution, unless they have really taken Guidance from the Quraan or have gone for intensive training. **It is**

100% guaranteed to save the world and to help build our Heavenly Earth. If we truly apply the guidance given by the Quraan, we can re-develop the world through our own **Great Global Revolution**. In simple terms “**NO CHANGES WITHOUT RIGHT ACTIONS**”! It is time now to open our eyes and correct ourselves to serve the humanity in a revolutionized way in the light of Quraan, in which all including Rich & Poor can live safe and sound, since the Quraan gives the true revolutionized guidance to fix the Global System to save Humanity in a balanced way (Ref: AI_Quraan_002:002).

Below are just few things to keep in mind:

No Customer	-	No Businesses
More Customers	-	More Businesses
Good Customers	-	Good Businesses
Healthy Customers	-	Healthy Businesses

Customers are people and by saving the people we save the businesses, (Ref. AI_Quraan_005.032).

For better services to customers we need better/healthy employee, which means better benefits for employees not benefits cuts. By Laying Off employees means increase in poverty and also increase in crime.

We don't know exact date when Global Poverty and Global Famine started, either hundred years, or five hundred years or thousand years, but for sure we have the solutions in the Quraan, which teaches us to **come to the common point** without any discrimination of Religion, Race, Sect, Gender, Color, Nationality, Rich, Poor, Young or Old, etc., with **100% Guaranteed** and without any compulsion in religion (Ref: AI_Quraan_002.256, 002.286, 003.064, 005.005, 005.035, 006.132, 013.011, 017.019, 018.029, 020.015, 028.084, 030.022, 042.030, 046.019, 049.013, 053.031, 053.039, 076.003, 091.007-010).

Avoid loans, avoid waste and stop greediness as much as possible keeping in mind how much is too much to help stabilized the our Heavenly Earth (Ref: AI_Quraan_009.060, 025.063-067).

Only True Love with Humanity in the light of the Quraan can save Global World with **100% Guaranteed**. We must join together to fight against **Global Poverty** and **Global Famine**. **Plant Fruits and Vegetables etc. in your backyards, on the side of the streets, and parks etc. where ever it is possible and permissible by your governments**. If you get more fruits and vegetables etc. than what you need, then share it with your neighbors, Friends and relatives and support following programs from the depth of your heart to fix Global system which is hurting all. **Below is a Summary of a Great Unique Breakthrough Plan for Global Poverty and Global Famine:**

Global World has to be fixed in phases since there is no magic wand as well as we don't have overnight solutions.

Phase 1> In this phase we together need to save all those people who are badly suffering from Global Poverty and Global Famine. We will Feed them, Shelter them, Educate them and put all of them on Research & Development and make them free from burden on rest of the world as much as possible. For this we must have to use **Unlimited Virtual Gold** as currency, only for basic survivals **NOT** for luxury, where a sip of wine or a single smoke will be treated as luxury but not the computer for educations/studies. **All Global Students will get totally**

free educations along with stipends/allowances for their survivals, so that they can fully concentrate on their studies which will help to build Whole New World (Heavenly Earth). **Detail Project Guide Lines (Global Agendas) needs to be developed with full cooperation with all the People and all the government around the world.**

Phase 2> Together we need to work on to build Whole New World and find solution to present Global System, so that people from **Phase 1** can be re-employed/re-deployed. We will only give suggestions and recommendations from **Phase 1**, and pray for them, without any force. We will wait forever to fix Global World, even if takes hundreds of years or millions of years, **as long as all the People around the world and all the Government around the World allow us to run Phase 1** Globally using **Unlimited Virtual Gold** as a new **currency** only for basic survivals including their studies and research and developments around the globe. **All prototypes, solutions and suggestions etc. will be totally FREEWARE (no license needed) and will be fully allowed for everyone.**

Phase 3> Once **Phase 2** is fixed, we can move on for Cosmetics/Luxury to build Heavenly Earth. Sky is the limit. **We must make sure that pollution etc. are totally under control.**

I invite you all to join this Unique Great Noble Mission and invite others to joint it, to save Humanity from Global Poverty and Global Famine, which will sure gradually reduce Global Crime as well, without any discrimination of religion, race, color, gender, language or nationality etc.

Road Blockers to Humanity are those who do not join it as well as those who do nothing to save Humanity.

Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation or Global World.

Do not even think to try to re-appoint those who were failed to protect the corruptions in the land. Media Must Play an Active Role.

Why – Whole New World

To understand **WHY** we need Whole New World is very simple. Present Global System is totally failed to protect and serve humanity, since they didn't take guidance from the Quraan. Allah sent Prophets and Messengers (Peace-Be-Upon-Them) all over the world till the time of Prophet Muhammad (Peace-Be-Upon-Him), (Ref: Al_Quraan_004:164, 016:036, 040:078). After Prophet Muhammad (Peace-Be-Upon-Him), Allah protected his book (Al_Quraan) and put responsibilities on true Muslims who take the Guidance from the Quraan and named them Aulayaas, (Ref: Al_Quraan_003:110, 009:071, 016:125, 018:028). Before communications was slow the world was moving slowly but now since 20th century world is advancing enormously very fast and looks like **24** hours in one day is not enough. No Auliyaas have knowledge of future, so people are dependent on living Auliyaas who know current situation, not past and take guidance from the Quraan.

Global World is facing a Global Economic Disaster and needs a Global Revolution. It is not Wealth (Gold or Silver) or Power which can save the Global World. Allah seized Qaroon, Pharaoh, and Hamaan and many more, for their crime against humanity and nothing could save them, not even their wealth, power, or people, etc., (Ref: Al_Quraan_029:039). Problem with Current System in the World:

Gravediggers will want more and more people to die for their business to grow. If no one dies, then their businesses will be dead.

Doctors will want more people to become sick for their business to grow. If no one gets sick, then their businesses will be dead.

Real Estates will want to wait for longer time till there is no option to fix things and hence slowing down other industries, but if people have their own homes they will sure go for immediate fix as well as beautification, which will help grow more industries. **Making people homeless will force them to go for renting home and it will slowdown other industries.**

Industrialization has made brilliant developments around the world but due to lack in planning to put rest of the people on different projects, world is slowing down. Many businesses are opening and closing. Many good quality things are disappearing, although new discoveries are coming also. Below is an example to understand issue with industrialization:

Think of ten companies in a region having one thousands of employees working in each totaling ten thousands, who were customers to each other as well. Later industrialization came and many employees got layoff, since they didn't create any new projects to put them

on. So they slowly lost all their savings and are no more good customers any longer. So gradually these industries started slowing down, since they didn't do math first, which means paying less taxes to the government and government started slowing down as well around the world.

Students must have **FREE Education** along with living allowances, since they don't have tree in their backyard which grows money (gold, silver, dollars or pounds etc.).

Remember:

No Customer	-	No Businesses
More Customers	-	More Businesses
Good Customers	-	Good Businesses
Healthy Customers	-	Healthy Businesses

Customers are people and by saving the people we save the businesses.

For better services to customers we need better/healthy employee, which means better benefits for employees not benefits cuts or job cuts.

By Laying Off employees means increase in poverty and also increase in crime.

WORLD HAS ENOUGH TO FEED BUT NOT GREED

Locally, I am Sorry. **Globally, YES** we can fix Global System with **100% Guaranteed**, Inshaa Allah.

Thinking locally while living in Global World will not save our Global World.

Repeatedly Relying on the Same Corrupted or Incompetent Person will NOT Change the Fortune of a Nation.

Do not even think to re-appoint those who were failed to protect corruptions in the land.

Why Corruptions in Muslim Lands

To understand why corruptions in Muslim lands, we need to understand, how a family can survive in **10%** of earnings of what they need e.g. they need is **\$1000/=** per month while earning is only **\$100/=** per month or less. What will you expect from a mother whose little cute infant is crying for milk, which she cannot afford to buy? Also hiring robots & machines and firing people is going on. A single machine may replace thousands of human but not a single human can ever replace a single machine. Global Systems need to be fixed in the light of the Quraan (True Book of Guidance for mankind) to serve the humanity in an Emergency.

Remember: When there was a Women Driver with one year child in the back seat killed after car chase from White House to Capitol on **04-OCT-2013** at **2:15 PM**:

http://www.washingtonpost.com/politics/police-lock-down-capitol-after-shots-fired/2013/10/03/48459e0e-2c5a-11e3-8ade-a1f23cda135e_story.html

Here I would like to give you one more example. See the dogs in the western country, how disciplined are they and not barking at one another compared to third world. Just as a test do one thing. Get **100** dogs and put them on full hunger and thrust for **48** hours and then just give one small piece of meat which is even not enough for a single dog. For sure you will see that they start barking and fighting each other. Same is true when Global people become greedy. Few people get some and rest get nothing, because of that corruption starts there. Now you have already started hearing corruption here and there all around the globe. There is only one solution to come towards Allah by fully practicing the Quraan to stabilize the Global World. Global System must needs to be changed in the light of the Quraan to serve the humanity. Now it is a real **EMERGENCY** to fix Global System.

Even Jews the World's Richest Nation has started facing financial problems e.g. in Greece as well as Tent City in Tel Aviv in **2011/2012**, and now Jews around the Globe started helping financially to the needy Jews.

Global Corruptions are increasing due to disturbance in the Global system caused by disobeying Allah (Ref: Al_Quraan_030:009-010, 007:096). References in the Quraan are a lot, but I have mentioned just few to let you know that there is real solution in the Quraan (the Book of Guidance for the humanity) with **100%** Guaranteed.

Auliyaas and **Global Auliyaas** are already calling people to come towards Allah by following the Quraan, and now it is people's duty to listen and follow them and make sure to verify them from the Quraan as well.

Before the Global System gets stabilized, everyone needs to work as a team to help each other.

If Allah has given you the ability to help, you must help the Needy from the depth of your heart by all means. (Ref: Al_Quraan_009.060, 002.273, 064.017)

Similarly, if one region is rich in minerals, then others could be rich in oil or gas or foods or even manpower etc. Global System must be balanced by sharing all these resources in a balanced way, otherwise more and more disasters may come in the shape of poverty, and innocent people may not have any choice than come to street violently, since they cannot see their infants crying for milks, foods and other basic needs.

Avoid loans, avoid wastes and stop greediness as much as possible keeping in mind “**HOW MUCH IS TOO MUCH**”, to help stabilize the Global World (Ref: Al_Quraan_009.060, 025.063-067).

Make sure to **establish a Global System Immediately**, before more people and nations are suffered badly. **Global-Right-Path is working sincerely to bring the people on one platform around the Globe.**

It is time now to open our eyes and correct ourselves to serve the humanity in the light of Quraan, since the Quraan gives the true guidance to fix the system to save the Humanity in a balanced way (Al_Quraan_002:002).

Allah Never Destroys any Good Nation (Ref: Al_Quraan_011.116-117). **Do not turn out people from their homes** (Ref: Al_Quraan_002:084). **Saving a Life is like Saving the Whole World.** (Ref: Al_Quraan_005.032). **There is NO Compulsion in Religion.** (Ref: Al_Quraan_002:256)

We all need to help as much as we can to build the Global World for the better future for our kids, only then we can hope that our kids will have good fruits of it and will pray for us. Educate yourself including your kids and keep your knowledge up to date according to time, as much as possible without wasting a minute. If you have good knowledge, you must teach others or share with others for free if possible (Ref: Al_Quraan_096.001-005).

Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation.

Do not even think to re-appoint those who were failed to protect the corruptions in the land.

Why Waiting for Saviors for Thousands of Years

Why Waiting for Saviors for Thousands of Years When Humanity is Dying Now

Tsunami of Extremely Bad Global Economy is hurting Humanity and they are FED-UP with present day Global Economy and have lost all hopes, since they are not taking lessons from the Quraan (True Book of Guidance for Whole Mankind). The Quraan has clear guidance to save all humanity (Ref: Al_Quraan, 005:032) and it is up to Human to take lessons from it. When Allah has mentioned in the Quraan about expending Universe (Ref: Al_Quraan, 051:047), you cannot have good economics with fixed budget. When Allah has mentioned in the Quraan that His Wealth is Unlimited (Ref: Al_Quraan_112:001-004), which gives us signs to build **Whole New World** in **Whole New Way** and it is absolutely **100%** possible if we take guidance from the Quraan and join together without any discrimination of Religion, Race, Sect, Gender, Color, Nationality, Rich, Poor, Young or Old, etc. (Ref: Al_Quraan_010:057, 030:022, 049:013). **Together we will Change Our World**, not alone (Ref: Al_Quraan_003:064).

Example of Global Downsizing-Shutdown-Lockdown: Take an example of past time, when **1000** people were working in a farm land. Later they started using tractors and other machines, because of which layoff started happening and when comes super fast technology, more and more people were being off the jobs, perhaps they only need **10** people, then what those leftover **990** people will do and what education they need to get jobs. These **990** people were good customers to many businesses while on the job, and now they are not. Same way other businesses started using super fast technology and had laid off many employees, who were customers to many businesses as well, but not anymore. Although you are seeing other new technologies are coming into market, but later slowing down, since they calculated for total population and thinking that everyone has money tree in their backyards, but in reality they don't have, since they have lost their job. **Later industries started shutting down followed by banks and Governments as well.**

Super fast Technology is exceptionally good for humanity **IF** those left over (laid off) employees are put onto new projects to support themselves and their families, which is only possible if we work Globally. Students must have debt free education. **Extreme Poverty is a breeding ground for Terrorist and Criminal Master Minds can use them. Globally we can fix many things.**

Remember: We are children of Adam and Eve and we are Global Brothers and Global Sisters of a Global Family, (Ref: Al_Quraan_002.030-039, 007.011-025, 015.26-44, 017.61-65, 018.050-051, 020.115-124, 038.071-085).

To Protect World from Criminals/Terrorists which is causing Global Poverty and Artificial Global Famine as well, we must understand Criminal Master Minds, and we must need to find the roots of all Crimes, starting from Mother Womb till the Grave. Keep in mind what a **NON** patience Mother might do, if her child is crying for milk and she don't have enough money to buy milk for her. **Remember:** When there was a Women Driver with one year child in the back seat killed after car chase from White House to Capitol on 04-OCT-2013 at 2:15 PM:

http://www.washingtonpost.com/politics/police-lock-down-capitol-after-shots-fired/2013/10/03/48459e0e-2c5a-11e3-8ade-a1f23cda135e_story.html

One of the possible reasons could be **United States federal government shutdown of 2013 ran from October 1 to October 16, 2013** which had surely affected low income families and small businesses:

http://en.wikipedia.org/wiki/Government_shutdown_in_the_United_States

Breeding grounds for all kinds of Global Terrorisms and Global Crimes are **Global Poverty** and **Global Famine**, where people are widely available to do anything for little money for their survivals. Master minds can easily find them, twist them including their beliefs/faiths and forcefully use them according to their own desire. Master minds may also create some scenarios by all means including science fictions to fool people to rob the wealth of the world. Master minds may plan for hundreds of years if not thousands of years to rob the wealth of the whole world in stages. Master minds may also fool their citizens, and create scenario to prove that war is inevitable and must have to go for war, but in reality to run their war related businesses and become richer than ever before and again and again, or rob the wealth of others. Many wars in the past were based on lies and fooled their own citizens, e.g. Vietnam War, Gulf War on the issue of Weapons of Mass Destruction in Iraq etc. EBOLA, SARS, AIDS & Chicken Pox etc. could be Biological weapons to wipe out people in other parts of the world as well as creating artificial famine. **War is not an option in which economy dies again and again, BUT Love is, which starts from forgiveness as mentioned in the Quraan,** (Ref: Al_Quraan_041:035).

If two countries are in conflict/war, it might last a few years/decades including preparation time but other supporting countries economy might boost, since these two might be buying tools etc. from them and later all collapses, **while LOVE last much longer as long as they keep loving each other.** e.g. if in India alone out of 1.3 billion people, 1 (one) billion people need cell phones right now, at present time all cell phone industries together might not be able to produce it right away. Another example is if situation in the middle-east gets stable, perhaps 1% of 1.5 billion Muslims may be interested every year to visit Baitul-Maqdis (Al-Aqsa) Masjid in Jerusalem, Israel. Think of how much never ending businesses will grow there and how much benefits their local people will get.

The Truth about Truth has three bitters/sours and painful stages:

.Ignorant people make fun of it.

.Ignorant people try to kill the truth. Truth dies when people wage war against each other.

.People eventually accept the truth as being self-evident.

In reality the Truth stands out clear from error and makes you FREE according to the Quraan (Ref: Al_Quraan_002:256) and the Bible (Ref: Bible_John 8:32).

Global World is facing a Global Economic Disaster and needs a Global Revolution:

It is not Wealth (Gold or Silver etc.) or Power which can save the Global World. Allah seized Qaroon, Pharaoh, and Hamaan and many more, for their crimes against humanity and nothing could save them, not even their wealth, power, or people, etc., (Ref: Al_Quraan_029:039). The World didn't end there, but it re-developed after a Great Revolution. Those who have never faced poverty may never understand its solution, unless they have really taken Guidance from the Quraan or have gone for intensive training. **It is 100% guaranteed to save the world and to help build our Heavenly Earth. If we truly apply the guidance given by the Quraan, we can re-develop the world through our own Great Global Revolution.** In simple terms **"NO CHANGES WITHOUT RIGHT ACTIONS"**! It is time now to open our eyes and correct ourselves to serve the humanity in a revolutionized way in the light of Quraan, in which all including Rich & Poor can live safe and sound, since

the Quraan gives the true revolutionized guidance to fix the Global System to save Humanity in a balanced way (Ref: Al_Quraan_002:002).

Below are just few things to keep in mind:

No Customer	-	No Businesses
More Customers	-	More Businesses
Good Customers	-	Good Businesses
Healthy Customers	-	Healthy Businesses

Customers are people and by saving the people we save the businesses, (Ref. Al_Quraan_005.032).

For better services to customers we need better/healthy employee, which means better benefits for employees not benefits cuts. By Laying Off employees means increase in poverty and also increase in crime.

We don't know exact date when Global Poverty and Global Famine started due to Global Terrorism, either hundred years, or five hundred years or thousand years, but for sure we have the solutions in the Quraan, which teaches us to **come to the common point** without any discrimination of Religion, Race, Sect, Gender, Color, Nationality, Rich, Poor, Young or Old, etc., with **100%** Guaranteed and without any compulsion in religion (Ref: Al_Quraan_002.256, 002.286, 003.064, 005.005, 005.035, 006.132, 013.011, 017.019, 018.029, 020.015, 028.084, 030.022, 042.030, 046.019, 049.013, 053.031, 053.039, 076.003, 091.007-010).

Avoid loans, avoid waste and stop greediness as much as possible keeping in mind how much is too much to help stabilized the our Heavenly Earth (Ref: Al_Quraan_009.060, 025.063-067).

Only True Love with Humanity in the light of the Quraan can save Global World with **100%** Guaranteed. We must join together to fight against **Global Poverty** and **Global Famine**. **Plant Fruits and Vegetables etc. in your backyards, on the side of the streets, and parks etc. where ever it is possible and permissible by your governments**. If you get more fruits and vegetables etc. than what you need, then share it with your neighbors, Friends and relatives and support following programs from the depth of your heart to fix Global system which is hurting all. **Below is a Summary of a Great Unique Breakthrough Plan for Global Poverty and Global Famine:**

Global World has to be fixed in phases since there is no magic wand as well as we don't have overnight solutions.

Phase 1> In this phase we together need to save all those people who are badly suffering from Global Poverty and Global Famine. We will Feed them, Shelter them, Educate them and put all of them on Research & Development and make them free from burden on rest of the world as much as possible. For this we must have to use **Unlimited Virtual Gold** as currency, only for basic survivals **NOT** for luxury, where a sip of wine or a single smoke will be treated as luxury but not the computer for educations/studies. **All Global Students will get totally free educations along with stipends/allowances for their survivals, so that they can fully concentrate on their studies which will help to build Whole New World (Heavenly Earth).** **Detail Project Guide Lines (Global Agendas) needs to be developed with full cooperation with all the People and all the government around the world.**

Phase 2> Together we need to work on to build Whole New World and find solution to present Global System, so that people from **Phase 1** can be re-employed/re-deployed. We will only give suggestions and recommendations from **Phase 1**, and pray for them, without any force. We will wait forever to fix Global World, even if takes hundreds of years or millions of years, **as long as all the People around the world and all the Government around the World allow us to run Phase 1** Globally using **Unlimited Virtual Gold** as a new **currency** only for basic survivals including their studies and research and developments around the globe. **All prototypes, solutions and suggestions etc. will be totally FREEWARE (no license needed) and will be fully allowed for everyone.**

Phase 3> Once **Phase 2** is fixed, we can move on for Cosmetics/Luxury etc. to build Heavenly Earth and Sky is the limit. **We must make sure that pollutions etc. are totally under control.**

If you have better plan please share with people around the Globe, otherwise please join together and invite others to join this **Great Noble Mission** before it gets too late and who knows you could be next in line suffering badly from Global Terrorism. **I don't ask any single penny for this in Donations (ZERO Donations)** and it is a **Unique Global Charity**, without asking any donation rather **FULL** permission from all people and all governments. **If Allah asks on the Day of Judgment, I and those who support this can clearly say we have done our best to invite people to support it, but it is on rest of the people and all governments.**

Why Waiting for Saviors for Thousands of Years When Humanity is Dying Now - Join Us to Save Humanity Now Before it Gets Too Late:

I invite you all to join this Unique Great Noble Mission and invite others to join it, to save Humanity from Global Poverty and Global Famine, which will sure gradually reduce Global Crime as well, without any discrimination of religion, race, color, gender, language or nationality etc.

Road Blockers to Humanity are those who do not join it as well as those who do nothing to save Humanity.

Thinking locally while living in Global World will not save our Global World.

Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation or Global World.

Do not even think to try to re-appoint those who were failed to protect the corruptions in the land.

Media Must Play an Active Role.

Zero Child Policy is Against Humanity

China has moved from One Child Policy to Two Child Policy after facing many consequences, but it looks like Global World is moving towards Zero Child Policy which is totally Against Humanity.

Every sincere parent wants their children to be like a super star, which needs right education. Many professional studies are extremely expensive and some are super most expensive specially for studying overseas, which many parents cannot afford even for one child. What if someone have clear hope to get approval of loan for overseas study from a bank, since they can afford tuition fee for the first year plus all other expenses, but at the last moment after one year bank refuses since they don't have their own home to show them only jobs. If they could have got clear answer earlier from the bank refusal a year ago then for sure they might not have sent their children at the first place. Don't lose hope and try different branches or banks or other financial institutions might help and reduce Blood Pressure etc.

Above is just one case but there are many students who are in extreme deep trouble even in Toronto (GTA), Canada who needs lots of help, but what about rest of the world. Many parents cannot afford even for their one child, which looks like we are living in Global World which is moving towards Zero Child Policy which is totally Against Humanity.

Global World needs an immediate Global Revolution for all Students to Get Interest Free Loan for their studies at least if they cannot provide absolutely Free Education. It is time now to open our eyes and correct Global System, in which all including Rich & Poor can live safe and sound and can educate their children.

Only True Love with Humanity can save Global World. We must join together to fight against Global Poverty and Global Famine. Plant Fruits and Vegetables etc. in your backyards, on the side of the streets, and parks etc. where ever it is possible and permissible by your governments. If you get more fruits and vegetables etc. than what you need, then share it with your neighbors, Friends and relatives and support following programs from the depth of your heart to fix Global system which is hurting all.

I have not seen a single business person doing very good business without any single customer (customers are human).

A single machine may replace thousands of humans BUT not a single human can ever replace a single machine.

We invite you all for fixing Global System to save and serve humanity.

The Truth About The College Student Debt Crisis

<https://www.youtube.com/watch?v=kFKHvwuArA>

Zero Tylenol Policies are Crime against Humanity

Zero Tylenol (Painkiller) Policies are Crime against Humanity

There are many laws which look like killing humanity, which includes Medical Benefits.

Common Painkiller/Analgesic Medicines are Acetaminophen/Paracetamol/Tylenol, Aspirin, Advil, Brufen / Bufferin / Ibuprofen, but when policies are like **Zero Tylenol (Painkiller) Policies are Crime against Humanity**, we need to re-think and reanalyze each and every law and fix it to serve and protect humanity, only then we can have Heavenly Earth.

Many Organizations as well as many Countries are cutting their Medical budgets mainly due to economic collapse, since they don't have any choices other than cutting their budgets. Prices are sky rocketing, things which were costing 1/= dollar 100 years ago might cost 100,000/= dollars now BUT income of general public has not increase that much.

Many people have to face longer than usual lineup at the hospitals even in emergency. People might be facing hardship and might need emergency surgery but since they don't have earlier signs of cancer or other emergency, Doctors and other Medical Staffs might be sending them back home or just delaying which might take their lives. Unless patients are about to die then Doctors turns towards them in super emergency and only then try to treat them.

There are shortages of Doctors, Nurses & other Medical Staffs as well as Hospitals all around the world. People might think by collecting donations they can build new Hospitals and save their countries and they are one of Heroes but that is not true. Similarly many think that by taking loan after loan can save their countries and they are one of Heroes but that is not true. **No one can save their countries with collecting donations after donation or getting loans after loans**, when 1% are rich in developed countries while other poor countries, it could be 0.001% i.e. 1 in thousands.

Now we are living in Global World and **we need to learn new techniques to work together to serve and protect humanity** only then we can save each other, otherwise we all will be dead after sometime. We need to promote more and more Multiculturalism and stop blame games and fooling people and wiping out communities one after another, since who knows they could be next in line to be wiped out in their list.

In the west especially in Canada we have seen benefits of Multiculturalism, people are working together and even Minorities are getting chances to enter into workforce at all levels and still lots to be done. But real and **the Best & Easiest Solutions are Through True Globalization with True Love with Humanity to Build Heavenly Earth**.

We can resolve many Economic Crises which is hitting hard in every sector which includes Medical and Education. We need to join together from all around the world immediately, before it gets too late and we lose all modern technologies and start over again from stone ages.

Why Do Students Have So Much Debt?

Hiring Robots is on the rise - Firing People is on the rise

A Single Machine May Replace Thousands of Humans BUT Not a Single Human Can Ever Replace a Single machine.

And withhold yourself with those who call on their Lord morning and evening desiring His goodwill, and let not your eyes pass from them (always yes sir, till they follow the Quraan), desiring the beauties of this world's life; and do not follow him whose heart We have made unmindful to Our remembrance, and he follows his low desires and his case is one in which due bounds are exceeded.
